

HB 2389 -- Child Custody Exchange Fund

Sponsor: Roorda

This bill authorizes counties to assess a fee of between \$1 and \$8 on all civil case filings by the clerk of the circuit court to be deposited into the county's newly created neutral site custody exchange fund. The governing body of the county establishing the fund must make annual grant disbursements to one or more qualified nonprofit organizations for the purpose of implementing a neutral site child custody exchange program as approved by the chief judge of the county's judicial circuit. The disbursements in any year cannot exceed \$500,000. Any residual money left in the fund will be paid to the county treasurer for the administration of justice in the county.
