

HB 2098 -- Risk Coverage by Local Government Pools

Sponsor: Brown (30)

Currently, three or more political subdivisions of the state may form a business entity for the purpose of providing liability and other insurance. Public and quasi-public governmental bodies also may join the entity. This bill specifies that risk coverages procured by a member of the entity will not be deemed to constitute a contract, purchase, or expenditure of public funds for which competitive bids must be solicited.
