

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

THIRTY-FOURTH DAY, THURSDAY, MARCH 1, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Peace I leave with you, My peace I give unto you: not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid. (John 14:27)

Eternal God, our refuge and strength in every generation and Whose creative spirit does ever call us to new frontiers of thought and action, we bow before You this moment as we enter another day and month together. With Your wisdom we would be made wise, by Your strength we would be made strong, inspired by Your spirit we would be made ready for our responsibilities.

May no danger overwhelm us, no difficulty overcome us, no discouragement overburden us, no duty overtax us, but may we now and ever keep our faith in You and in the leading of Your wise and gracious spirit.

Bless our state and all the States of America - together may we seek peace, patiently pursue it and persevere in our pursuit until peace reigns in the hearts of all and in the heart of our world.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Matthew Breite, Leah Grace McCaherty and Jonathan Elijah McCaherty.

The Journal of the thirty-third day was approved as corrected.

COMMITTEE REPORTS

Committee on General Laws, Chairman Franz reporting:

Mr. Speaker: Your Committee on General Laws, to which was referred **HCR 37**, begs leave to report it has examined the same and recommends that it **Do Pass**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

HOUSE CONCURRENT RESOLUTION NO. 37

WHEREAS, the United States relies - and will continue to rely for many years - on gasoline, diesel, and jet fuel, as well as renewable and alternative sources of energy; and

WHEREAS, in order to fuel our economy, the United States will need more oil and natural gas while also requiring additional alternative energy sources; and

WHEREAS, the United States currently depends on foreign imports for more than half of its petroleum usage and is the largest consumer of petroleum in the world. United States dependence on overseas oil has created difficult geopolitical relationships with potentially damaging consequences for our national security; and

WHEREAS, oil deposits in the Bakken Reserves of Montana, North Dakota, and South Dakota are an increasingly important crude oil resource, with an estimated 11 billion barrels of recoverable crude oil. There is not enough pipeline capacity for crude oil supplies from Montana, North Dakota, South Dakota, Oklahoma, and Texas to American refineries; and

WHEREAS, Canadian oil reserves contain an estimated 173 billion barrels of recoverable oil. Canada is the single largest supplier of oil to the United States at 2.62 million barrels per day and has the capacity to significantly increase that rate; and

WHEREAS, the original Keystone Pipeline which spans across the northern part of Missouri supplies over 435,000 barrels of North American crude oil to American refineries in the Midwest. The Keystone XL Pipeline will,

when completed, carry 700,000 barrels of North American crude oil to American refineries in the Gulf Coast region; and

WHEREAS, construction of pipelines linking North American energy to the United States will create hundreds of thousands of jobs nationwide, including tens of thousands in construction and manufacturing, creating billions in economic growth and generating millions of dollars worth of government receipts; and

WHEREAS, a recent study by the United States Department of Energy found that increasing delivery of crude oil from Montana, North Dakota, South Dakota, and Alberta, Canada, as well as Texas and Oklahoma to American refineries has the potential to substantially reduce our country's dependency on sources outside of North America; and

WHEREAS, Canada sends more than 99% of its oil exports to the United States, the bulk of which goes to Midwestern refineries. Oil companies are investing huge sums to expand and upgrade refineries in the Midwest and elsewhere to make gasoline and other refined products from Canadian oil derived from oil sands. The expansion and upgrade projects have and will create many new construction jobs over the next five years and will add to the gross product of Missouri; and

WHEREAS, 99% of the money used to buy Canadian oil will likely later be spent directly on United States goods and services, in contrast with increasing the trade relationship with unstable regions. Supporting the continued shift towards reliable and secure sources of North American oil is of vital interest to the United States and the State of Missouri:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, Second Regular Session, the Senate concurring therein, hereby strongly:

- (1) Support continued and increased development and delivery of oil derived from North American oil reserves to American refineries;
- (2) Urge the United States Congress to support continued and increased development and delivery of oil from Canada to the United States; and
- (3) Urge the United States Congress to enact legislation deeming the Keystone XL Pipeline to be in the national interest of the United States; and
- (4) Urge the United States Secretary of State to approve the Keystone XL pipeline project to ensure America's oil independence, improve our national security, reduce the cost of gasoline, create new jobs, and strengthen ties between the United States and Canada; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the President Pro Tem of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional delegation.
