

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

THIRTY-FIFTH DAY, MONDAY, MARCH 5, 2012

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Pastor Paul Meinsen.

O Lord, the beings in the heavens continually sing “HOLY, HOLY, HOLY is THE LORD GOD, THE ALMIGHTY, WHO WAS AND WHO IS AND WHO IS TO COME...Worthy are You, our Lord and our God, to receive glory and honor and power; for You created all things, and because of Your will they existed, and were created”.
(Revelation 4:8b, 11)

It is to You, glorious LORD, that we offer up this prayer; a prayer on behalf of these, Your servants who govern this great state.

Father, while we continue to pray for the supply of wisdom, discernment, humility and grace that each one needs today, I also lift up a special request to You.

O Lord, please guard and guide each one who is married. May each husband love and cherish the wife You have given him as Christ loves the church. And may each wife show proper respect to her husband. Allow not the pressures and busyness of this profession come between what has been put together. May not another marriage be sacrificed upon the idolatrous altar of politics. It simply is not worth it.

May each one here who has children raise them in the grace and knowledge of You.

May we all learn to fear You and You alone. Draw each one unto Yourself.

We call upon You in this prayer. Please answer and be glorified. For You are good and Your love endures forever.

To the honor of Your name, O Lord, I pray in Your Son’s name. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Pastan Gladden and Karissa Sandfort.

The Journal of the thirty-fourth day was approved as printed.

WHEREAS, today in Missouri, according to the 2007 Census of Agriculture:

- (1) 66% of Missouri's total land area is farmland;
- (2) 53% of Missouri's total agricultural receipts came from livestock;
- (3) Missouri ranks 2nd in the nation in the number of farms, with 108,000 farms. The average farm size is 269 acres, with 86% of all Missouri farms having less than 500 acres of land;
- (4) 88% of all farm operations in this state were owned by individuals, families, or sole proprietors. Only 0.3% were owned by nonfamily corporations;
- (5) Missouri has \$7.51 billion value in agricultural products sold each year, with cattle and calves, hogs, and turkeys as Missouri's top livestock crops; and
- (6) Missouri ranks 14th in the nation in total value of agricultural products sold. In 2009, 30% of Missouri's top agricultural production was in cattle and calves (16.1%), hogs (10%), and turkeys (4%); and

WHEREAS, in 2009, Missouri ranked 12th in the nation in agricultural exports, with livestock animals and meat as the 3rd highest agricultural export in the state; and

WHEREAS, with animal agriculture playing such a vital role in the lives of Missourians, it is appropriate to set aside one day to celebrate Missouri's animal agriculture industry in Missouri:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, Second Regular Session, the Senate concurring therein, hereby designate October 3, 2012, as "Missouri Animal Agriculture Day" and encourage all citizens of this state to commemorate the day by eating and enjoying the fine meat selections raised in Missouri, including beef, pork, chicken, and turkey, as well as our wild game of deer, turkey, rabbit, and elk, and the many fish from our lakes, rivers, streams, and creeks.

Mr. Speaker: Your Committee on Agri-Business, to which was referred **HCR 30**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Substitute**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.

HOUSE COMMITTEE SUBSTITUTE FOR HOUSE CONCURRENT RESOLUTION NO. 30

WHEREAS, over the course of the Spring and Summer of 2011, unprecedented releases of water upstream by the U.S. Army Corps of Engineers have caused extensive pressure on the river levees in the state of Missouri that protect many communities, businesses, and prime agricultural lands; and

WHEREAS, in the face of this tremendous pressure some of Missouri's levees have been intentionally and unintentionally breached, resulting in widespread flooding, which has proved devastating to many Missouri homes, farms, families, and livelihoods; and

WHEREAS, last summer, the U.S. Army Corps of Engineers intentionally breached the Birds Point levee in southeast Missouri which resulted in the flooding of 130,000 acres of mostly agricultural land; and

WHEREAS, Missouri families have suffered unprecedented losses as a result of this situation and many Missouri farmers have experienced a complete and total loss of agricultural production, resulting in decimated farm incomes and ravaged local economies; and

WHEREAS, according to a June 2011 report drafted by the Food and Agriculture Policy Research Institute of the University of Missouri, the breach of the levee and subsequent flooding of crop lands in Southeast Missouri has resulted in economic losses totaling \$60.6 million, a combination of forgone net returns and incurred production expenses in the affected area; and

WHEREAS, according to the University of Missouri Extension, the southeast Missouri region produced the following shares of the state's total production of specific agricultural commodities in 2010:

- 1) 100% of total cotton production in Missouri;
- 2) 99.6% of total rice production in Missouri;
- 3) 52.9% of total wheat production in Missouri;
- 4) 21.4% of total grain sorghum production in Missouri;
- 5) 18.1% of total soybean production in Missouri;
- 6) 15.4% of total corn production in Missouri; and

WHEREAS, with the agricultural production of southeast Missouri accounting for approximately one-third of the state's total economy, the catastrophic results of the flooding of agricultural land due to the intentional breach of the Birds Point levee in southeast Missouri has a significant economic impact for the entire state. This complete and total loss of agricultural production at a time when our state's economy is experiencing recession can only exacerbate the state's current economic hardships; and

WHEREAS, the flood waters have not yet receded in some parts of Missouri and continue to disrupt the lives of hard-working Missourians; and

WHEREAS, even after the flood waters recede, much work will need to be done to restore the productivity of the damaged agricultural land and repair the ruined homes and businesses; and

WHEREAS, the U.S. Army Corps of Engineers is charged with management of the nation's rivers and flood control is one of the primary purposes for which the rivers are to be managed; and

WHEREAS, the original flood plan was authorized in 1928 in response to severe flooding of the Mississippi River in 1927. The U.S. Army Corps of Engineers is obligated to re-examine the flood plan in light of the devastating losses, both short-term and long-term, suffered in this state as a result of the unprecedented releases of water upstream and the intentional breach of the Birds Point levee by the U.S. Army Corps of engineers during the Spring and Summer of 2011:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, Second Regular Session, the Senate concurring therein, hereby strongly urge the U.S. Army Corps of Engineers to:

- 1) Re-examine the flood control operations for the Missouri and Mississippi rivers; and
 - 2) Manage the rivers in such a way as to avoid the devastating flooding disasters that have occurred this year;
- and
- 3) Rebuild the damaged levees to at least their previous heights as expediently as possible; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly encourage communities, families and other stakeholders to work together to restore the prime agricultural lands that have been damaged by the recent flooding so that the productive value of these lands is not irrevocably lost; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly strongly encourage the members of the Missouri Congressional delegation to actively support policies for the management of the Missouri River that minimize devastating flood events such as those that have been experienced by so many Missourians this summer; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Secretary of the U.S. Army and the members of the Missouri Congressional delegation.
