15 (4) "Design-builder", any individual, partnership, joint venture, corporation, or other legal  
16 entity that furnishes architecture or engineering services and construction services either directly or  
17 through subcontracts;

18 (5) "Design criteria package", performance-oriented specifications for the design-build  
19 project sufficient to permit a design-builder to prepare a response to the political subdivision's  
20 request for proposals for a design-build project, which may include preliminary designs for the  
21 project or portions thereof.

22 2. (1) Notwithstanding any other provision of law to the contrary, any political subdivision is  
23 authorized to enter into design-build contracts for design-build projects that exceed an expenditure  
24 of one million dollars.

25 (2) In using a design-build contract, the political subdivision shall establish a written

4 construction services, labor, materials, or equipment.

5 3. (1) Before the prequalification process specified in this section, the political subdivision  
6 shall publicly advertise, once a week for two consecutive weeks, in a newspaper of general  
7 circulation, qualified under chapter 493, located within the political subdivision, or, if there is no  
8 such newspaper, in a qualified newspaper of general circulation in the county, or, if there is no such

26 the same as any person furnishing labor and materials; however, the performance bond for the  
27 design-builder does not need to cover the design services as long as the design-builder or its  
28 subcontractors providing design services carry professional liability insurance in an amount  
29 established by the political subdivision in the request for proposals.

30 (2) Any person or firm providing architectural, engineering, landscape architecture, or

38 political subdivision is exempt from the requirement that such person or entity hold a certificate of
