

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

FIFTY-SECOND DAY, WEDNESDAY, APRIL 15, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicky, Chaplain.

My soul waits upon God; from Him comes my salvation. (Psalm 62:1)

O God of Glory and Lord of Life, we come to You on this morning of tax day in prayer and waiting upon You. We desire to turn away from the noise and stress of the world around us.

Help us to greet this new day with the joy of gratitude, to overcome our difficulties with increased devotion, to carry our burdens with added strength, and to meet all issues and accidents with a noble and sincere happiness, giving You thanks always for all things.

Make us adequate for every adjustment we have to make, ready for every responsibility we have to carry, and equal to every emergency which comes our way. In the midst of busy days may we not forget You or be unmindful that we are here to serve our citizens and to keep Missouri strong, awake, and true.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Natalie Block.

The Journal of the fifty-first day was approved as printed.

HCS SB 104, relating to elections, was taken up by Representative Dugger.

Representative Dugger offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 104, Page 5, Section 162.491, Line 17, by inserting immediately after all of said section the following:

"178.820. 1. In the organization election, six trustees shall be elected at large throughout the entire proposed district. The two candidates receiving the greatest number of votes shall be elected for terms of six years each, the two receiving the next greatest number of votes for terms of four years each, the two receiving the next greatest number of votes for terms of two years each, and such terms shall be effective until the first Tuesday in April coinciding with or next following such period of years, or until the successors to such trustees have been duly elected and qualified. Thereafter, the trustees shall be elected for terms of six years each.

2. Following the initial election, the board of trustees may, at any duly called meeting, adopt a resolution

calling for the formation of a redistricting committee to consider the formation of subdistricts within the community college district from which trustees are thereafter to be elected. Upon adoption of any such resolution, the secretary of the board of trustees shall forward a certified copy thereof to the coordinating board for higher education with the request that a redistricting committee be appointed in order to divide the community college districts into at least two and not more than six subdistricts for the purpose of electing trustees. The redistricting committee shall consist of three residents within the affected district, appointed by the board of trustees of the affected district, plus three additional persons residents within the affected district, appointed by the coordinating board for higher education. Thereafter, the redistricting committee shall meet, organize itself with a chairman and secretary, and proceed with the adoption of a redistricting plan specifying at least two but not more than six subdistricts which are to the extent possible so apportioned on the basis of population that the population of any such subdistrict divided by the number of trustees to be selected therefrom substantially equals the population of any other subdistrict divided by the number of trustees to be selected therefrom. The redistricting plan referred to herein, in lieu of requiring all trustees to be elected from subdistricts, may provide for the election of one or more trustees at large and the remainder from subdistricts, or for the election of all the trustees at large with the requirement that each must reside in a certain subdistrict, so long as in any plan adopted, subdistricts are apportioned as provided above. Notwithstanding the above, the board of trustees of any community college district which contains more than four hundred fifty thousand residents shall, at the first duly called meeting following August 13, 1972, and thereafter within ninety days following the publication of the decennial census figures, adopt a resolution calling for the formation of a redistricting committee; and the redistricting committee shall adopt a redistricting plan specifying the establishment of not less than four nor more than six subdistricts compact and contiguous in territory and apportioned as provided above.

3. In any district which shall contain a city not within a county, if four subdistricts are established, then at least one subdistrict shall be within said city, and if five or six subdistricts are established, then at least two subdistricts shall be within said city.

4. Any person running for election as a trustee of a subdistrict shall be domiciled and a resident therein. Any plan proposed to be adopted must receive approval of a majority of the whole redistricting committee. Upon adoption the redistricting committee shall forward a copy of the plan certified by the secretary to the coordinating board for higher education for its approval or disapproval. The coordinating board for higher education shall approve any redistricting plan in which the population of any subdistrict divided by the number of trustees to be selected therefrom substantially equals the population of any other subdistrict divided by the number of trustees to be elected therefrom. Upon approval, the redistricting plan shall become effective and all trustees elected thereafter shall be required to be elected from subdistricts in which they are resident. If the plan is not approved, then it shall be returned to the redistricting committee for revision and resubmission. Until approval of a plan by the coordinating board for higher education, trustees of a district shall continue to run at large. Upon approval of any plan, the board of trustees shall determine by resolution the assignment of trustees to subdistricts. Any such assignment shall not affect the term of office of any such trustee. Once a district has been divided into subdistricts in accordance with the provisions hereof, it shall remain so divided until one year following the publication of the decennial census figures, by which date a new plan shall have been adopted or the trustees shall again be required to run in the district at large; provided, however, that if during the period between publications of decennial census figures the area of a district is increased or decreased, a new plan shall be adopted within one year thereafter or the trustees shall be required to run in the district at large. No member of the redistricting committee shall serve on the board of trustees for a period of six years following his service on the redistricting committee.

5. Candidates for the office of trustee shall be citizens of the United States, at least twenty-one years of age, who have been voters of the district for at least one whole year preceding the election, and if trustees are elected other than at large they shall be voters of the subdistricts for at least one whole year next preceding the election. All candidates for the first board of a district shall file their declaration of candidacy with the coordinating board for higher education.

6. Notwithstanding the provisions of this section or any other law to the contrary, the board of trustees of the community college district in any district that contains a city not within a county shall be composed of seven members, six of whom shall each be elected to a six-year term, and one at-large member who shall be appointed to a six-year term, beginning with the board election occurring immediately after August 28, 2015. The first appointment shall be made by the mayor of a city not within a county and the second appointment shall be made by the county executive of a county with a charter form of government and with more than nine hundred fifty thousand inhabitants. All subsequent appointments shall be made on an alternating basis between such mayor and such county executive.

(1) The appointed member shall be a citizen of the United States, at least twenty-one years of age,

and a registered voter of the district for at least one year preceding the appointment.

(2) No member, elected or appointed, shall be an employee or former employee of such community college district.

(3) Whenever a vacancy occurs in the appointed member's seat due to death, resignation, removal from the district, or by operation of law or otherwise, the appointing executive shall, in a like manner, appoint a competent person to fill such vacancy and shall communicate his or her action to the board secretary of the district. Such appointed member shall hold office for the remainder of the unexpired term.

(4) If a board member is found by unanimous vote of the other board members to have moved his or her residence to a district other than the district from which such board member was appointed or elected, or to have violated a duly promulgated bylaw of the district, then the office of such board member shall be vacant.

(5) The board shall have the power to make such bylaws or ordinances, rules, and regulations as they may judge most expedient for the accomplishment of the trust reposed in them, for the government of their officers and employees, to secure their accountability, and to delegate their authority as they may deem necessary to such officers and employees or to committees appointed by the board.

(6) Except as specifically provided in this section, the appointment or election and term of office for members of the board, and all other duties and responsibilities of the board, shall comply with the provisions of state law regarding trustees of community college districts." ; and

HCS SCS SB 152, relating to environmental protection, was taken up by Representative Miller.

Representative Miller offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 152, Page 21, Section 620.3150, Line 3, by inserting after all of said section and line the following:

"643.650 1. Any owner of a coal-fired electric generating source in a National Ambient Air Quality Standards nonattainment area currently designated as of April 1, 2015, shall develop an ambient air quality monitoring or modeling network to characterize the sulfur dioxide air quality surrounding the electric generating source. The network shall adequately monitor the ambient air quality for sulfur dioxide surrounding the entire electric generating source and shall operate for not less than twelve consecutive quarters. The owner of such electric generating source shall notify the department of the manner in which it intends to characterize by either modeling or monitoring the air quality around such source. The location of any monitoring network installed by the owner of such electric generating source within a one-hour sulfur dioxide National Ambient Air Quality Standards nonattainment area shall be approved by the department.

2. Affected sources located in undesignated areas that elect to use monitoring to evaluate ambient air quality shall be consulted by the department on the use of existing monitors as well as the location of any new monitors intended to comprise the sulfur dioxide monitoring network. The department shall not submit its recommendation to the Environmental Protection Agency on the manner in which data will be gathered for the designation process that is inconsistent with the elections made by affected sources under this section. Where affected sources have elected to monitor under this section, the department shall submit recommendations for the designation process by the date set by a final, effective, and applicable Environmental Protection Agency requirement relating to state attainment designations and not prior.

3. The department shall consider all ambient air quality monitoring network data collected under subsection 1 of this section and under any agreement authorized under this subsection prior to proposing to the commission any sulfur dioxide limitation, emission reduction requirement, or other requirement for purposes of the one-hour sulfur dioxide National Ambient Air Quality Standard for any electric generating source that has elected to install a monitoring network under this section, except:

(1) The department may propose to the commission any sulfur dioxide limitations or emission reduction requirements specifically agreed to in any voluntary agreement entered into between the department and any owner of an electric generating source that has elected to install a monitoring network under this section; and

(2) The department may propose to the commission any adjustments to the sulfur dioxide limitations or emission reduction requirements applicable to any electric generating source located in a sulfur dioxide nonattainment area and subject to an agreement under subdivision (1) of this subsection, as justified by an ambient air quality analysis relying on no fewer than two quarters of monitored data collected through the monitoring network allowable under subsection 1 of this section and consistent with such agreement.

4. Nothing in this section shall prohibit the department from entering into an agreement with an owner of an electric generating source to limit or reduce sulfur dioxide emissions at such affected source that is below the source's permitted sulfur dioxide emission rate."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

No additional obligation shall accrue during the repayment of any arrearage;

(2) Any maintenance obligation in effect on the effective date of this section and not in arrears may be automatically terminated six months after maintenance has been paid for ten years, or six months after the effective date of this section, whichever is later. The maintenance obligation of any obligor who is in arrears shall not be terminated until such obligor has repayed the entire arrearage in full, including the additional six months of maintenance required under this subdivision. No additional obligation shall accrue during the repayment of any arrearage;

(3) Any obligor who meets the requirements of this subsection may seek an automatic termination of his or her maintenance obligation by filing notice with the court of the obligor's intent to terminate his or her maintenance obligation in accordance with this section and submitting evidence sufficient to establish that the obligor's maintenance obligation is paid in full and not in arrears. The court shall, without a hearing, verify whether the maintenance obligation is paid in full and not in arrears. Upon such verification, the court shall automatically terminate the obligor's maintenance obligation and notify the obligee of such termination;

(4) During any six-month period of continued maintenance payments or period of repayment of arrearages by an obligor under this subsection, the court shall not modify the existing order of maintenance;

(5) Nothing in this subsection shall be construed as invalidating or otherwise nullifying a termination date of any order of maintenance in existence on the effective date of this section which terminates a maintenance obligation in less than ten years;

(6) Notwithstanding any provision of subdivision (1) to (5) to the contrary, if the spouse receiving maintenance is physically or mentally incapacitated from supporting himself or herself and is insolvent, the court may extend the maintenance obligation past the termination date."; and
