This bill changes and expands the Farm-to-School Program to the Farm-to-Table Program to include schools, correctional facilities, hospitals, nursing homes, and military bases. The bill also changes and expands the Farm-to-School Taskforce to the Farm-To-Table Taskforce to include a representative from the departments of Corrections and Health and Senior Services and a representative from one of the state's military bases. The Director of the Department of Corrections will appoint one person who is employed as a correctional facility food service director and the Director of the Department of Health and Senior Services will appoint one person who is employed as a hospital or nursing home food services director.

This bill is similar to HB 1184 (2015) and the same as HBs 2244 and 1747 (2016).
