

HB 2398 -- ETHICS

SPONSOR: Mitten

This bill prohibits persons who have a candidate committee that was formed for a statewide elected official position from serving as any type of committee chair in the General Assembly or specified statutory committees and task forces until such time as they dissolve the candidate committee. If a current chairperson creates a candidate committee for statewide office, then they must resign their chairperson position within fourteen days. If a member violates the provisions of the bill, then they are barred from running for statewide elected office for two elections immediately following the violation.
