

HB 2606 -- SEX OFFENDERS

SPONSOR: Anderson

This bill specifies that no school bus stop for students attending any public school, as defined in Section 160.011, RSMo, or any private school giving instruction in a grade or grades not higher than twelfth grade, can be placed within 500 feet of the residence of an individual required to register as a sexual offender.

If the public or private school is unable to find an alternative bus stop due to safety reasons, these provisions do not apply, and the public or private school must notify the parent or parents of students that use such bus stop that a sexual offender lives within 500 feet of such bus stop.
