Section A. Chapter 304, RSMo, is amended by adding thereto one new section, to be  
2 known as section 304.231, to read as follows:

**304.231. 1. The Missouri state highway patrol has the authority to authorize,  
2 approve, and operate weigh station and inspection site commercial bypass services. The  
3 Missouri department of transportation has the authority to approve construction designs

5 shall not impose requirements for such installations that exceed what was required of any  
6 current or previous provider of weigh-in-motion bypass systems.**

**7 2. Commercial bypass service providers shall provide unrestricted real-time data  
8 access to their weigh-in-motion systems and associated equipment to the state. Such real-  
9 time data shall be considered open records under the provisions of chapter 610 and, if  
10 requested under the provisions of such chapter, shall be provided in real-time.**

**11 3. To avoid duplicative weight bypass sensors at each weigh station site, the  
12 Missouri state highway patrol shall allow only one set of sensors at each weigh station site  
13 and shall allocate reasonable cost sharing based on use among all users sharing the system,  
14 with a cost base to include costs of ongoing support and maintenance and any  
15 undepreciated capital costs.**
