## MISSOURI HOUSE OF REPRESENTATIVES Scott Fitzpatrick State Representative

District 158

September 13, 2017

Dear House Colleagues:

As a steward of taxpayer dollars, one of my top priorities is to make publicly transparent as much budgetary data as is possible. Designed with you in mind, <code>Budget Fast Facts</code> is a comprehensive reference of the revenue and spending of Missouri's three branches of government and sixteen departments within the executive branch. This booklet is designed to give you an overview of the state budget along with figures, both past and present, to help you understand many of the budgetary and policy decisions within our charge. <code>Budget Fast Facts</code> includes relevant terms and acronyms that make it easier to absorb the information at hand, as well graphs and tables to help you compare and contrast.

The outstanding staff that serve in the House Appropriations Office developed this booklet, now in its 26<sup>th</sup> edition. Inside you will find the budget areas each analyst is assigned, as well as a list of contact numbers for each department. If you have any questions or suggestions regarding Budget Fast Facts or any aspect of the state budget, please do not hesitate to contact them at (573) 751-3972.

If there is anything I can do to help you understand the appropriation process or the state budget, I make myself available to you. I can be reached at (573) 751-1488.

Thanks for your willingness to serve our great state.

Sincerely,

Scott Fitzpatrick

House Budget Chairman

#### INTRODUCTION

Budget Fast Facts provides Missouri financial and budgetary information for FY 2018 (July 1, 2017 - June 30, 2018). It includes current year state revenues and after-veto appropriations. The 2017 Budget Fast Facts is divided into four sections:

- Financial Overview
- Department Data by House Bill
- General Information
- Appendix

Budget Fast Facts is intended to provide members of the House of Representatives and their assistants with a quick reference for basic budget information. Budget Fast Facts answers many of the most frequently asked questions about Missouri's budget including:

Q: What is the size of the General Revenue Budget?

A: See page 21

Q: How much does the state spend on the Medicaid program?

A: See page 18

Q: How many state workers are authorized in the FY 2018 budget?

A: See page 13

Q: How much does the state appropriate in Lottery and Gaming revenues for education?

A: See page 43

Q: What has been the growth in state revenues over the past decade?

A: See page 32

Budget Fast Facts is prepared annually by House Appropriations Staff. Information is compiled using a combination of resources including the Governor's Executive Budget, the Office of Administration, and various state executive agencies.

### MISSOURI'S TOBACCO SETTLEMENT

In November 1998, Missouri joined with 46 other states, the District of Columbia, and U.S. Territories in announcing a master settlement agreement (MSA) with tobacco companies. The agreement is the largest settlement ever achieved by the state of Missouri. The agreement provides for the settlement of all past, present, and future smoking-related claims for health care costs against the tobacco companies in exchange for payments to the states. The agreement also imposes specific tobacco advertising and marketing restrictions. The agreement requires annual payments in perpetuity. Missouri will receive an estimated \$2.69 billion from the settlement through FY 2018. TAFP House Bill 14, 91st General Assembly First Regular Session, authorized the initial spending plan for FY 2002.

Statute requires at least \$35M of the master settlement receipts be deposited into the Early Childhood Development, Education and Care Fund (161.215 RSMo) and that 25% of said receipts be deposited into the Life Sciences Research Trust Fund (196.1100 RSMo). Any remaining settlement proceeds are deposited into the Healthy Families Trust Fund.

The following table provides a quick summary of how the tobacco proceeds were spent

\*Approximately \$70 million was withheld from Missouri's 2014 MSA payment due to an arbitration panel's ruling against the state regarding the 2003 MSA payment. Under the MSA, states that do not fulfill their obligations (non-diligent states) may be assessed penalties based on the amount of market share that the signatory tobacco companies (PMs) lost in that state. Non-diligent states may also be assessed an additional penalty based on the amount of market share the PMs lose in diligent states. These penalties are known as the Non-Participating Manufacturer (NPM) adjustment. This NPM adjustment is designed to encourage states to meet their obligations under the MSA. Missouri appealed approximately \$50 million of the \$70 million NPM adjustment assessed by the arbitration panel to St. Louis Circuit Court. The \$50 million adjustment represented Missouri's pro rata share of the diligent states' NPM adjustment, which Missouri argued was calculated incorrectly. The case ultimately was decided in the Missouri Supreme Court, which sided with Missouri and awarded the \$50 million payment to Missouri in 2017.

### TAX CREDITS

The Department of Economic Development administers the majority of the state's tax credit programs. While several departments shown below issue credits, only the Departments of Revenue (DOR) and Insurance, Financial Institutions and Professional Registration (DIFP) redeem credits. Total redemptions in FY 2017 increased 0.61%, or \$3.5 million, from FY 2016. In FY 2017, the four largest tax credit programs accounted for 65% of all redemptions.

HB 1 provides funding to repay debt outstanding on the state's general obligation bonds. The general obligation bonds are secured by a pledge of the full faith, credit, and resources of the state. General obligation bonds can only be issued through voter-approved amendments to the state constitution.

The principal and interest amounts are transferred one year in advance from the General Revenue Fund, and in the case of Water Pollution—the Water and Wastewater Loan Revolving Fund, to the debt service funds from which principal and interest payments are made. Three types of general obligation bonds are currently authorized and outstanding:

<u>Water Pollution Control Bonds</u> proceeds help local governments construct wastewater and stormwater control facilities and improve drinking water systems. The Constitution authorizes \$725m in bonds for this purpose, as of 1/1/17, \$595m has been issued. Debt service payments scheduled for FY 2018 for currently outstanding bond issues total \$28,070,232.

Fourth State Building Bonds proceeds provide funding to expand prison capacity, add new residential beds for youth offenders, and higher education construction and renovation. The Constitution authorizes \$250m in bonds for this purpose and the full amount has been issued. Debt service payments scheduled for FY 2018 total \$25,869,275.

Stormwater Control Bonds are issued to protect the environment through the control of stormwaters. The Constitution authorizes \$200m in bonds for this purpose, as of 1/1/17, \$45m has been issued. Debt service payments scheduled for FY 2018 total \$1,787,750.

<sup>\*</sup>amount issued includes original issues and refunding issues, refunding issues do not count against Constitutional cap

House Bill 5 provides appropriation authority to pay for debt authorized by the Board of Public Buildings. The Board's authority is established in Chapter 8, RSMo. Its governing body is made up of the Governor, the Lieutenant Governor, and the Attorney General. The Speaker of the House of Representatives and the President Pro-Tempore of the Senate serve as ex-officio members of the board but do not have the power to vote. The Commissioner of Administration provides staff support to the Board.

The Board of Public Buildings, upon the approval of the General Assembly, issues revenue bonds for building projects. Certain statutes restrict the authorization to specific purposes, such as repair, renovations, or education. The total statutorily authorized issuance amount of the Board is \$1.545 billion. Of the total authorized, \$400,000,000 can be used only for repair or renovations of existing state buildings and facilities. \$370,000,000 of the \$1.545 billion is restricted for higher education, of which \$200,000,000 can be used only for repair or renovations of existing higher education buildings and facilities.

While House Bill 1 provides funding to repay debt outstanding on the state's general obligation bonds, House Bill 5 provides authority to repay the state's revenue bonds. Revenue bonds, unlike the state's general obligation bonds, do not require voter approval.

#### Missouri State Parks

Missouri's state park system includes 91 state parks and historic sites as well as the trails at Roger Pryor Pioneer Backcountry. The state parks and historic sites cover approximately 150,000 acres and the Roger Pryor Pioneer Backcountry covers approximately 60,000 acres. The park system offers more than 2,000 structures, 3,500 campsites, 194 cabins, almost 2,000 picnic sites, and more than 1,000 miles of trail. Approximately 20 million people visit the system annually to hike, camp, fish, discover, and explore.

#### Parks Sales Tax

The people of Missouri passed in 1984, 1988, 1996, 2006 and 2016 a one tenth (1/10) of one percent sales tax to be used for parks and soil conservation. The revenue raised from this sales tax is to be divided evenly between parks and soil conservation. In FY 2017, Missouri State Parks received approximately \$46.8 million from this sales tax for Missouri state parks and historic sites.

#### HB 7 - DEPARTMENT OF ECONOMIC DEVELOPMENT

#### Missouri Division of Tourism

The Division's source of funding is through a GR transfer to the Tourism Supplemental Revenue Fund. In statute, the Division is funded through the use of a formula whereby an amount equal to one half of the state sales tax generated above 3% growth in retail sales tax revenue of tourism-oriented goods and services is added to the prior year's transfer. This increase is capped by statute at \$3 million annually. Those items that fall into this category are drawn from 17 Standard Industrial Classification (SIC) codes representing restaurants, lodging, and tourist attractions and activities. According to statute, the growth in sales between the third and fourth years preceding the budget year is used in the funding formula to determine what, if any, additional transfer the fund should receive.

In Fiscal Year 2016, there were 41.7 million visitors to Missouri, 17.83 million of which were from Missouri. The remainder of the visitors to Missouri were from the rest of the United States (22.17 million) and outside the United States (1.7 million). For Fiscal Year 2016, taxable sales from the specific SIC codes were \$13 billion.

#### REAL ESTATE COSTS

General Assembly members recommended consolidating all real estate costs into one House Bill for FY 2006. Prior to FY 2006, appropriations for state owned facilities were included in the Office of Administration's operating budget. The janitorial costs and utilities for leased space were included in the operating budgets of the individual agencies. The consolidation in FY 2006 combined all costs into House Bill 13. In FY 2008, further consolidation occurred within House Bill 13 to include the maintenance costs, fuel and utilities for most institutional facilities such as prisons, hospitals and state schools. The Department of Corrections and the National Guard subsequently deconsolidated in FY 2015.

In FY 2018, the state will lease approximately 599 facilities including offices, warehouses, parking, schools, and labs totaling more than 3.25 million square feet. The state also operates buildings at 58 state-owned sites totaling more than 3.8 million square feet of office, lab and storage space, as well as over 7.3 million square feet of institutional space.

The Division of Facilities Management in the Office of Administration is the state agency responsible for centralized leasing functions. The initiative to centralize leasing functions evolved from recommendations by the General Assembly. These recommendations included centralization of the procurement, budgeting, appropriation, and payment processes of real property leases.

The State of Missouri uses a competitive public bid and negotiations process to acquire leased space.

The totals for state-wide real estate (HB 13) included in the budget for FY 2018 are as follows:

#### FY 2018 After Veto

General Revenue	\$72,094,096
Federal Funds	19,061,314
Other Funds	13,832,777
TOTAL	\$104,988,187

#### CAPITAL IMPROVEMENTS

The Missouri budget historically used a biennial appropriations process for capital improvement projects. However, beginning in FY 2016 the General Assembly opted for one-year appropriation bills rather than two-year bills. The term capital improvements (CI) is generally defined as projects that involve major maintenance and repair, renovation, or construction, that replaces, expands, adds value, or prolongs the life of property, facilities, or equipment. These projects generally fall into one of the following categories:

<u>Re-Appropriations</u> are projects that have been authorized and funded in a previous fiscal year. These projects generally take multiple fiscal years to complete and have outstanding authority at the end of a fiscal year. The general assembly authorizes the expenditure of the remaining authority for the following year.

<u>Maintenance and Repair (M&R)</u> are projects that involve work necessary to preserve or re-establish the condition of a state owned facility that are not considered Operational Maintenance and Repair (OPMR). OPMR funding will be found in the agency's operational budgets and may include routine preventative maintenance, minor alterations, painting, carpet repair, etc.

<u>Capital Improvements (CI)</u> are new projects or projects that could include new construction, land or facility acquisition, major additions, extensions, major site improvements, or energy conservation work done on an existing facility.

#### HB 19 - Capital Improvements

The House and Senate passed different versions of HB 19, but neither version was truly agreed to and finally passed.

The primary funding source of the Gaming Commission Fund is \$1 of the \$2 boarding fee each casino remits to the Commission for every patron on its premises counted every two hours. The other \$1 of the boarding fee is distributed to the casino's home dock community. Revenues generated from licensing fees, administrative fees, penalties, and reimbursements are also deposited into the fund. These revenues support the operation of the Gaming Commission and the transfers authorized by Section 313.835, RSMo.

Up to one cent of the state's \$1 portion of the boarding fee is transferred to the Compulsive Gamblers Fund. The first \$500,000 of net Gaming Commission Fund proceeds (net of Commission expenses) is available to cities and counties, if matched dollar for dollar, for community neighborhood organization programs for the homeless and to deter gang-related violence and crimes. The remaining net proceeds are then transferred in the following order: (1) \$5,000,000 to the Access Missouri Financial Assistance Fund, (2) \$3,000,000 to the Veterans' Commission Capital Improvement Trust Fund, (3) \$4,000,000 increase should the General Assembly so choose, (4) all remaining proceeds are transferred to the Veterans' Commission Capital Improvement Trust Fund.

The following chart provides a historic summary of the transfers from the Gaming Commission Fund.

#### STATE OF MISSOURI - BUDGET PROCESS

#### Department Budget Preparation (Jun.-Sept.)

- From June through September, state agencies prepare budget requests.
- Departments submit budget requests to Budget and Planning and the General Assembly by October 1 (33.220 RSMo).

#### Revenue Estimates (Nov.-Dec.)

- Budget and Planning, House Appropriations, and Senate Appropriations staff meet to form Consensus Revenue (GR) Estimate recommendation.
- Governor, House Budget Committee Chairman, and Senate Appropriations Committee Chairman approve revenue estimate.

#### Governor Recommends the Missouri Budget (Oct.-Jan.)

- Budget and Planning staff review budget requests and assists governor with recommendations.
- Governor gives State of the State Address and Budget Message to a Joint Session of the General Assembly in mid-January and releases recommendations.
- Budget and Planning staff draft appropriations bills with governor's recommendations and then forward them to the Chair of the House Budget Committee.

# House Appropriations Committees Review Operating Budgets (Jan.-Feb.)

- Budget Committee Chairman introduces operating budget bills.
- Bills are referred to Budget Committee.
- Appropriations Committees send recommendations to Budget Committee.

# House Acts on Emergency Bills (Jan.-Feb.)

- In February, Budget Committee conducts hearings and "marks-up" emergency, or supplemental, appropriation bill(s) by making amendments to the bills.
- House committee substitutes are debated and perfected by the entire House.
- House committee substitute bills as perfected by amendment are sent to the Senate after being passed by House.

# House Acts on Operating Budget (Feb.-Mar.)

- House Appropriation Committee Chairs present appropriations bills with recommendations to Budget Committee which then "marks-up" bills.
- Typically, the Budget Chairman offers his/her own substitutes for all operating appropriations bills
- Staff prepares House committee substitute bills based on Budget Committee amendments to the introduced bills/Chairman's substitutes.

#### STATE OF MISSOURI - BUDGET PROCESS, contd.

- House committee substitutes are debated and perfected by the entire House.
- House committee substitute bills as perfected by amendment are sent to the Senate in mid-March after being passed by the House.

### House Budget Committee Acts on Capital Budget (Mar.-Apr.)

- Mid-March to early April, House Budget Committee conducts hearings and "marks-up" capital budget.
- House passes perfected House committee substitute bills as amended by floor action and sends to Senate.

#### Senate Action (Jan.-Apr.)

- Senate Appropriations Committee holds initial hearings on emergency, operating, and capital budgets in January and February.
- During mid-March and early April, Senate Appropriations Committee considers governor and House recommendations, "marks-up" budgets and presents Senate committee substitute bills to Senate.
- Senate either adopts Senate committee substitutes, amends Senate committee substitutes, or adopts Senate substitute bills for appropriations on emergency, operating, and capital budgets.
- Senate returns the appropriation bills to the House of Representatives for either acceptance or conference to settle differences.

# Conference Committee Action (Apr.-May)

- Speaker of the House appoints five representatives and President Pro-Tem of Senate appoints five senators to Conference Committee for each appropriation bill.
- In mid-April, Conference Committees meet to resolve differences and adopt conference committee substitute appropriations bills.
- In late-April and early-May, conference committee bills are returned to the
  House and Senate to be truly agreed to and finally passed (TAFP). The
  Constitution prohibits action on appropriation bills after 6:00 p.m. on the
  first Friday following the first Monday in May.

# Governor's Veto Authority (June)

- TAFP appropriation bills are sent to and signed by the governor by July 1.
   Governor signs bills as is, vetoes entire bill, or line-item vetoes appropriations within the bill.
- Governor attaches veto message identifying items vetoed.

# Legislative Override of Governor's Veto (Sept.)

Legislature may override governor veto by a two-thirds majority in both the
House and Senate during either the current session or the following
legislative veto session held in September.
