Dear House Members:

I believe you will find this 19th edition of *Budget Fast Facts* a valuable resource for you and your staff. Developed by the House Appropriations Staff, it pulls together basic information and key elements of our state budget to create a comprehensive reference document of Missouri's budget.

Further, it explains certain relevant terms and acronyms, a list of Appropriations staff members and their assigned budget areas, as well as a list of contact numbers for all departments.

I am very grateful for the confidence and support you have given me. Being the House Budget Committee Chairman is a humbling experience, but one that reminds me every day why we are here representing and working for the people of Missouri. Thank you for this opportunity.

I also want to thank the Appropriations staff, who are too often under appreciated, for the countless hours they devote to their jobs and the excellent work product they produce. It is my hope that *Budget Fast Facts* will provide you with the answers to the most commonly asked budget questions.

- (1) The administration transferred \$250.0 million of Federal Budget Stabilization Funds from the Enhanced Medicaid Match to the state General Revenue Fund to cover state income tax refunds for calendar year 2008.
- (2) The administration transferred \$370.0 million of Federal Budget Stabilization Funds from the Enhanced Medicaid Match to the state General Revenue Fund to cover state income tax refunds for calendar year 2009.
- (3) Fiscal Year 2011 appropriations include \$572.4 million of Enhanced Medicaid Federal Budget Stabilization Funds that were transferred into and commingled with the \$7.3 billion of state General Revenue Funds that are appropriated in HB's 2004-2013.
- (4) This amount includes a balance of approximately \$60.0 million more than the existing appropriations of \$859.4. The administration plans to ask for an appropriation of this balance to cover a portion of the anticipated needs in the FY 2011 Supplemental.
- (5) These totals do not include the additional Federal Budget Stabilization Funds (FBS) approved by Congress and the President in August of 2010.
 - (a) \$209.3 million Extended Enhanced Medicaid Match that under an agreement with the Governor and the General Assembly, will be held to help fill the budget gap for FY 2012.
 - (b) \$189.0 million of additional FBS Funds earmarked for K-12 Education. Because the qualifications and requirements to receive and distribute these funds is not clear at this time, we are not certain how and when they will be handled in the state budget.

GENERAL REVENUE RECEIPTS
Actual vs. Estimated

The original FY 2010 GR estimate was created in December 2008. It was then revised in December 2009 based on net collections through the end of November. The following reflects **year-to-date** net growth rates by month:

	<u>FY 2008</u>	<u>FY 2009</u>	<u>FY 2010</u>
July	6.4%	5.2%	(7.5%)
August	2.4%	(0.7%)	(5.6%)
September	3.8%	(0.9%)	(10.0%)
October	4.0%	(1.1%)	(10.8%)
November	4.5%	(3.9%)	(7.7%)
December	4.2%	(0.2%)	(10.6%)
January	4.9%	(0.5%)	(12.5%)
February	5.2%	(1.4%)	(12.7%)
March	4.8%	(0.6%)	(13.2%)
April	2.2%	(0.5%)	(11.7%)
May	3.6%	(5.0%)	(7.9%)
June	3.7%	(6.9%)	(9.1%)

Actual net general revenue receipts for FY 2009 were \$7.451 billion. The revised forecast for FY 2010 was \$6.971 billion, representing a 6.4%, or \$479.9 million, decline from FY 2009. MISSOURI'S TOBACCO SETTLEMENT

In November 1998, Missouri joined with 46 other states, the District of Columbia and U.S. Territories in announcing a national settlement with tobacco companies. The agreement is the largest settlement ever achieved by the State of Missouri. The agreement provides for the settlement of all past, present, and future smoking-related claims for health care costs against the tobacco companies in exchange for payments to the States. The agreement also imposes specific tobacco advertising and marketing restrictions. The agreement requires annual payments in perpetuity. The state will receive an estimated \$4.2 billion from the settlement through FY 2025. TAFP House Bill 14, 91st General Assembly First Regular Session, authorized the initial spending plan for FY 2002.

The following table provides a quick summary of how the tobacco proceeds were spent during FY 2009 and FY 2010 and how they are appropriated for FY 2011.

At the close of FY 2010, the state of Missouri had 64 active tax credit programs. Of those 64 programs, seven were no longer authorizing new credits but were still issuing and/or redeeming valid, previously authorized credits.

The Department of Economic Development administers the majority (35) of the state's tax credit programs. While several departments shown below issue credits, only the Departments of Revenue (DOR) and Insurance, Financial Institutions and Professional Registration (DIFP) redeem credits. Total redemptions in FY 2010 decreased 11%, or \$63.1 million, over FY 2009.

DEPARTMENT DATA

HB 2001 provides funding to repay debt outstanding on the state’s general obligation bonds. The general obligation bonds are secured by a pledge of the full faith, credit and resources of the State. General obligation bonds can only be issued through voter-approved amendments to the state constitution.

The principal and interest amounts are transferred one year in advance from the General Revenue Fund to the debt service funds from which principal and interest payments are made. Four types of general obligation bonds are currently authorized and outstanding.

Water Pollution Control Bonds proceeds help local governments construct wastewater and stormwater control facilities and improve drinking water systems. Debt service payments scheduled for FY 11 for currently outstanding bond issues total \$36.9 million.

Third State Building Bonds provide funds to improve State facilities and for local economic development projects. All \$600 million of bonds authorized were issued. Debt service payments scheduled for FY 11 total \$33.4 million.

Fourth State Building Bonds proceeds provide funding to expand prison capacity, and add new residential beds for youth offenders, and higher education construction and renovation. All \$250 million of bonds authorized were issued. Debt service payments scheduled for FY 11 total \$18.4 million.

Stormwater Control Bonds are issued to protect the environment through the control of stormwaters. Missouri voters have authorized \$200 million in stormwater control bonds. Debt service payments scheduled for FY 11 total \$3.3 million.

HB 2002 - DEPARTMENT OF ELEMENTARY & SECONDARY EDUCATION

Desegregation Costs

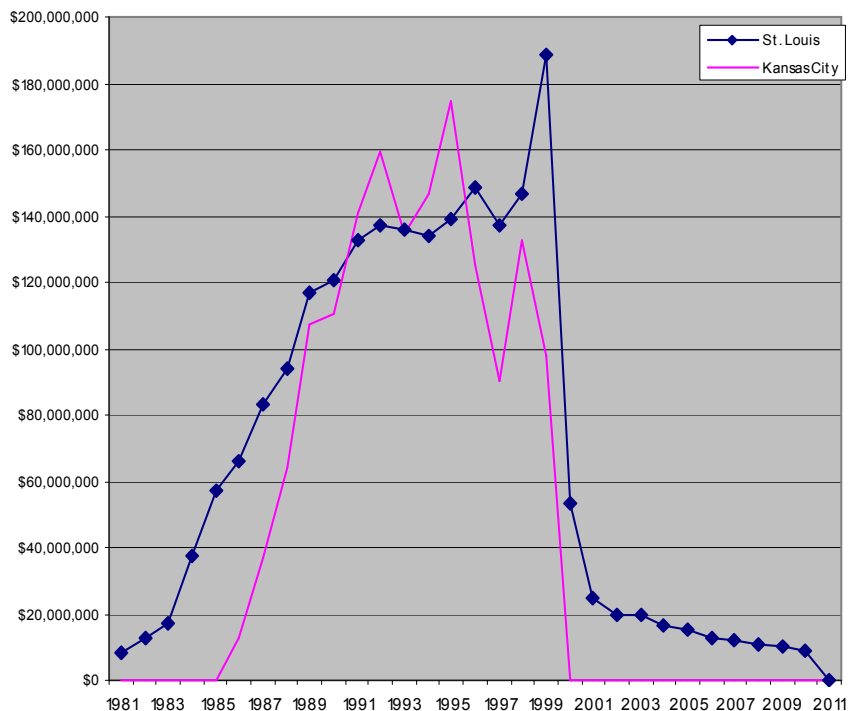

Court supervision of the St. Louis and Kansas City School Districts ended in 1999. State desegregation payments in the Kansas City case ended in FY 1999 pursuant to a settlement in 1997. With passage of SB 781 (1998), local voter approval of matching funds in February 1999, and court approval in March 1999, St. Louis desegregation operating budget payments were ended in FY 1999 while transfer costs and capital improvement payments are to be phased out.

The FY 2010 budget included \$9,000,000 in payments for capital outlays in St. Louis. This amount represents the final desegregation outlay, the FY 2011 budget does not include a desegregation payment.

The following graph and table show the annual expenditures for St. Louis and Kansas City since FY 1981:

House Bill 2005 provides appropriation authority to pay for debt authorized by the Board of Public Buildings. The Board's authority is established in Chapter 8 RSMo. Its governing body is made up of the Governor, the Lieutenant Governor, and the Attorney General. The Commissioner of Administration provides staff support to the Board.

The Board of Public Buildings, upon the approval of the General Assembly, issues revenue bonds for building projects. The total statutorily authorized issuance amount of the Board is \$945 million. While House Bill 2001 provides funding to repay debt outstanding on the state's general obligation bonds, House Bill 2005 provides authority to repay the state's revenue bonds.

The final maturity date for these revenue bonds is in FY 2032. Debt service requirements through FY 2020 are as follows (millions of dollars):

Missouri State Parks

Missouri has a total of 85 State Parks and Historic Sites and the Roger Pryor Pioneer Backcountry. The State Parks and Historic Sites cover approximately 145,000 acres and the Roger Pryor Pioneer Backcountry covers approximately 61,000 acres. Missouri State Parks hosted an estimated 15,890,785 visitors last year.

Parks Sales Tax

The people of Missouri passed in 1984, 1988, 1996 and 2006 a one tenth (1/10) of one percent sales tax to be used for parks and soil conservation. The revenue raised from this sales tax is to be divided evenly between parks and soil conservation. In FY 2010, Missouri State Parks received approximately \$37.5 million from this sales tax for Missouri State Parks and Historic Sites.

Missouri Division of Tourism

The Division's source of funding is through a GR transfer to the Tourism Supplemental Revenue Fund. In statute, the Division is funded through the use of a formula whereby an amount equal to one half of the state sales tax generated above a 3% growth in retail sales tax revenue of tourism-oriented goods and services is added to the prior year's transfer. This increase is capped by statute at \$3 million annually. Those items that fall into this category are drawn from 17 Standard Industrial Classification (SIC) codes representing restaurants, lodging, tourist attractions and activities. According to statute, the growth in sales between the third and fourth years preceding the budget year is used in the funding formula to determine what, if any, additional transfer the fund should receive.

In Fiscal Year 2009, there were 36.6 million visitors to Missouri, 16.3 million of which were from Missouri. For Fiscal Year 2009, taxable sales from the specific SIC codes amounted to \$10.1 billion.

REAL ESTATE COSTS

General Assembly members recommended consolidating all real estate costs into one House Bill for FY 2007. Prior to FY 2007, appropriations for state owned facilities were included in the Office of Administration’s operating budget. The janitorial costs and utilities for leased space were included in the operating budgets of the individual agencies. The consolidation in FY 2007 combined all costs into House Bill 13. In FY 2008 further consolidation occurred within House Bill 13 to include the maintenance costs, fuel and utilities for most institutional facilities such as prisons, hospitals and state schools.

In FY 2011 the state leases more than 500 facilities including offices, warehouses, parking, schools and labs totaling approximately 3.5 million square feet. The state also operates 45 state owned facilities totaling 3.7 million square feet of office, lab and storage space, as well as 18 million square feet of institutional space.

The Division of Facilities Management in the Office of Administration is the state agency responsible for centralized leasing functions. The initiative to centralize leasing functions evolved from recommendations by the General Assembly. These recommendations included centralization of the procurement, budgeting, appropriation and payment processes of real property leases.

The State of Missouri uses a competitive public bid and negotiations process to acquire leased space.

The totals for state wide real estate (HB 2013) included in the budget for FY 2011 are as follows:

FY 2011 After Veto

General Revenue	\$112,267,504
Federal Funds	23,195,547
Other Funds	<u>12,931,904</u>

GENERAL INFO

CAPITAL IMPROVEMENTS

The Missouri budget normally uses a biennial appropriations process for capital improvement projects. This permits the state to more efficiently and economically complete projects, improves capital planning, and recognizes that most capital improvements take two or more years to complete. During the second year of the biennium, an appropriations bill is authorized to provide funding for critical projects unforeseen at the time of the adoption of the biennial budget, projects required by legislation, and for use of one-time resources that become available during the second year of the biennium. The following is a summary of the FY 2010-2011 Capital Improvements budget:

GENERAL INFO

GAMING COMMISSION FUND REVENUES

The primary funding source of the Gaming Commission Fund is \$1 of the \$2 boarding fee each casino remits to the Commission for every patron on its premises counted every two hours. The other \$1 of the boarding fee is distributed to the casino's home dock community. Revenues generated from licensing fees, administrative fees, penalties, and reimbursements are also deposited into the fund. These revenues support the operation of the Gaming Commission and the transfers authorized by Section 313.835, RSMo.

The first \$500,000 of net Gaming Commission Fund proceeds (net of Commission expenses) is available to cities and counties, if matched dollar for dollar, for community neighborhood organization programs for the homeless and to deter gang-related violence and crimes. If the remaining net proceeds are equal to or less than \$28 million, then the following transfers are authorized in this order: \$4.5 million to the Access Missouri Financial Assistance Fund (AMFA), \$3 million to the Veterans' Commission Capital Improvement Trust Fund (VCCIT), \$3 million to the Missouri National Guard Trust Fund (MNGT), and the remaining to the Early Childhood Development, Education and Care Fund (ECDEC). If net proceeds are greater than \$28 million, additional transfers to the AMFA Fund (\$500,000), VCCIT Fund (\$3 million), and MNGT Fund (\$1 million) are allowed by statute. Any remaining net proceeds are transferred to the ECDEC Fund until the transfer total to the ECDEC Fund reaches \$29,898,622 at which point HB 1893 (2010) requires the next \$1.2 million of net proceeds be equally divided between the ECDEC and VCCIT Funds. Any net proceeds remaining after that would be transferred to the ECDEC Fund.

The following chart provides a historic summary of the transfers from the Gaming Commission Fund.

In addition, Associate Circuit Judges received a one-time increase of \$2,000 to reduce differential between that position and position of Circuit Judge.
