MISSOURI HOUSE OF REPRESENTATIVES

2023 BUDGET FAST FACTS

Dean Plocher Speaker Cody Smith
Budget Committee Chairman

Fiscal Year 2024
102nd General Assembly, First Regular Session

Prepared by House Appropriations Staff

CAPITOL OFFICE

State Capitol, Room 309 201 West Capitol Avenue Jefferson City, MO 65101-6806

Tele: (573) 751-5458

E-Mail: cody.smith@house.mo.gov

COMMITTEES Chairman: **Budget Committee** Member: Public Assistance

Legislative Research

MISSOURI HOUSE OF REPRESENTATIVES **Cody Smith**

State Representative, District 163

September 13, 2023

Dear House Colleagues,

The state budget is one of the most important aspects of the legislative session and the FY 24 budget was no exception. Applying our record revenue, the General Assembly made historic appropriations with notable investments in infrastructure, education, and workforce. I wish to express my appreciation for your dedication and collaboration in helping me develop the FY 24 budget. I would also like to thank our exceptional Appropriations Staff for their hard work. The budget process would not be possible without their first-rate service.

For your reference, the staff in the House Appropriations Office developed this annual publication entitled Budget Fast Facts. This booklet is designed to give you and your staff an overview of the state budget to help you understand many of the budge etary and policy decisions. If you find you need more details on any specific issue in the state budget, be sure to contact House Appropriations for more information at (573) 751-3972.

I hope you will use their Budget Fast Facts as a valuable reference tool. Additionally, if there is anything I can do to help you understand the state budget, please do not hesitate to contact me at (573) 751-5458.

Best Regards,

C.Sorie

Representative Cody Smith

Missouri House of Representatives

District 163

INTRODUCTION

Budget Fast Facts provides Missouri financial and budgetary information for FY 2024 (July 1, 2023 - June 30, 2024). It includes current year state revenues and after-veto appropriations. The 2023 Budget Fast Facts is divided into four sections:

- Financial Overview
- Department Data by House Bill
- General Information
- Appendix

Budget Fast Facts is intended to provide members of the House of Representatives and their staff with a quick reference for basic budget information. Budget Fast Facts answers many of the most frequently asked questions about Missouri's budget including:

Q: What is the size of the General Revenue Budget?

A: See page 43.

Q: How much does the state spend on the Medicaid program?

A: See page 44.

Q: How many state workers (FTE) are authorized in the FY 2024 budget?

A: See page 15.

Q: How much does the state appropriate in Lottery and Gaming revenues for education?

A: See page 75.

Q: What has been the growth in state revenues over the past decade?

A: See page 61.

Budget Fast Facts is prepared annually by House Appropriations Staff. Information is compiled using a combination of resources including the Governor's Executive Budget, the Office of Administration, the state's budget and accounting systems, and various state executive agencies.

On January 31, 2020, the U.S. Department of Health and Human Services Secretary declared a public health emergency (PHE) for the entire United States due to the coronavirus (COVID-19). The declaration was retroactive to January 27, 2020. The Secretary may extend the declaration for subsequent 90-day periods for as long the emergency continues. The renewal remains in effect for 90 days or until the secretary determines that the emergency no longer exists, whichever occurs first. The renewal effective dates have been as follows:

- April 26, 2020
- July 25, 2020
- October 23, 2020
- January 21, 2021
- April 21, 2021
- July 20, 2021
- October 18, 2021
- January 16, 2022
- April 16, 2022
 - July 15, 2022
- October 13, 2022
- January 11, 2023
- February 11, 2023

The renewal effective February 11, 2023 was the final renewal and expired 90 days after, ending the COVID-19 PHE on May 11, 2023.

To date, the U.S. Congress passed the following federal stimulus packages in response to the pandemic:

- 1) Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (P.L. 116-123) (H.R. 6074), signed into law March 6, 2020.
- 2) Families First Coronavirus Response Act (P.L. 116-127) (H.R. 748), signed into law March 18, 2020.
- 3) Coronavirus Aid, Relief, and Economic Security Act or CARES Act (P.L. 116-136) (H.R. 748), signed into law March 27, 2020.
- 4) Paycheck Protection Program and Health Care Enhancement Act (P.L. 116-139) (H.R. 266), signed into law April 24, 2020.
- 5) Consolidated Appropriations Act, 2021 (Public Law 116-260) (H.R. 133), signed into law October 1, 2020.
- 6) American Rescue Plan Act of 2021 (Public Law 117-2) (H.R.1319), signed into law March 11, 2021.
- 7) Consolidated Appropriations Act, 2023 (Public Law 117-328) (H.R.2617), signed into law December 29, 2022.

Enhanced Federal Medical Assistance Percentage (EFMAP)

The FMAP is the percentage of a Medicaid claim that the federal government will reimburse the state. The Families First Coronavirus Response Act (FFCRA) authorized a temporary increase of 6.2% in the FMAP effective January 1, 2020, and extending through the last day of the calendar quarter in which the public health emergency declared by the Secretary of Health and Human Services for COVID-19, including any extensions, terminates. The increased FMAP does not apply to some Medicaid expenditures. To qualify for the increased FMAP, states must, through the end of the month when the public emergency ends:

- Maintain eligibility standards, methodologies, or procedures that are no more restrictive than what the state had in place as of January 1, 2020 (maintenance of effort requirement).
- Not charge premiums that exceed those that were in place as of January 1, 2020.
- Cover, without impositions of any cost sharing: testing, services and treatments—including vaccines, specialized equipment, and therapies related to COVID-19.
- Not terminate an individual from Medicaid if such individual was enrolled in the program as of the date of the beginning of the emergency
 period, or becomes enrolled during the emergency period, unless the
 individual voluntarily terminates eligibility or is no longer a resident of
 the state (continuous coverage requirement).

These requirements became effective on March 18, 2020.

The Consolidated Appropriations Act, 2023 (CAA 2023) delinked the Medicaid continuous coverage requirement from the COVID-19 PHE, effective March 31, 2023. The CAA 2023 phased out the EFMAP matching rate increase starting April 1, 2023 and ending December 31, 2023:

Period of Time	Medicaid EFMAP
January 1, 2020 - March 31, 2023	6.2%
April 1, 2023 - June 30, 2023	5.0%
July 1, 2023 - September 30, 2023	2.5%
October 1, 2023 - December 31, 2023	1.5%
January 1, 2024 and forward	0.0%

Missouri resumed checking eligibility of all MO HealthNet participants as of April 1, 2023 and will be completed by April 2024. These annual renewals will be completed on the anniversary month of when the participant's coverage began.

Enhanced Federal Medical Assistance Percentage (EFMAP) (continued)

Missouri's EFMAP of 6.2% actual earnings, deposited into Fund 0181-FMAP Enhancement Fund, are as follows. This includes Medicaid Title XIX assistance plus other enhanced earnings for other grants, including Title XXI-CHIP, as a result of the base FMAP rate calculation change.

SFY 2020	\$324,391,170.00
SFY 2021	\$718,555,925.46
SFY 2022	\$743,657,142.36
SFY 2023	\$760,436,437.44
	\$2,547,040,675.26

Medicaid Expansion EFMAP

The American Rescue Plan Act of 2021 (ARPA) provides a 5% EFMAP to states that have not yet expanded Medicaid, for a period of 8 quarters (2 years), upon implementation. The 5% EFMAP does not apply to expenditures for the expansion population, CHIP, or DSH. Missouri's 5% EFMAP began October 1, 2021 and actual earnings, deposited into Fund 2466 - FMAP Enhancement — Expansion Fund, are as follows:

SFY 2022	\$260,765,861.00	
SFY 2023	\$716,609,815.84	*
	\$977.375.676.84	*

Home and Community-based Services (HCBS) EFMAP

The American Rescue Plan Act of 2021 (ARPA) Section 9817 provides qualifying states with a temporary 10% increase to the FMAP for certain Medicaid expenditures for HCBS. States must use the federal funds attributable to the increased FMAP to supplement, not supplant, existing state funds expended for Medicaid HCBS in effect as of April 1, 2021, and states must use state funds equivalent to the amount of federal funds attributable to the increased FMAP to implement or supplement the implementation of one or more activities to enhance, expand, or strengthen HCBS under the Medicaid program. States may claim increased HCBS FMAP on expenditures occurring between April 1, 2021, and March 31, 2022. States have until March 31, 2025, to expend these funds. Missouri's 10% EFMAP actual earnings, deposited into Fund 2444 - HCBS FMAP Enhancement Fund, thus far are as follows:

SFY 2022	\$233,132,834
SFY 2023	\$42,132,098
	\$275 264 932

^{*} Excludes \$103.90 in refunds. No other fund on this page had refunds.

Coronavirus Relief Fund (CRF)

The CARES Act created a Coronavirus Relief Fund (CRF), from which every state received allocations. State funding allocations were based on relative population using census data. Local governments with populations of at least 500,000 received a direct payment from the federal government. State payments were reduced by the local payment. CRF funds must be used for costs that:

- Are necessary expenditures incurred due to COVID-19;
- Were not accounted for in the budget most recently approved as of the date of enactment of the CARES Act; and
- Were incurred during the period from March 1, 2020, to December 31, 2021*.

(*Section 1001 of Division N of the Consolidated Appropriations Act, 2021 amended section 601(d)(3) of the Social Security Act by extending the end of the covered period for CRF expenditures from December 30, 2020 to December 31, 2021.)

Section 14.435 of HB 2014 from the 2020 legislative session mandated that at least 25% of Missouri's CRF allocation be remitted to local units of government within ten days of deposit into the state treasury.

Missouri Total CRF Allocation	\$2,379,853,017
Direct Payment - St. Louis County	(\$173,481,106)
Direct Payment - Jackson County	(\$122,669,998)
State Share	\$2,083,701,913
HB Section 14.435 25% Distribution	(\$520,925,478)
Remaining MO CRF Allocation	\$1,562,776,435

Section 15.005 of HB 2015 from the 2020 legislative session authorized a transfer up to \$750 million in CRF from the SEMA Federal Stimulus Fund to GR for cash management needs. Any transferred funds must be repaid, plus any interest the state earns, to the SEMA Federal Stimulus Fund prior to June 30, 2021. In May 2020, the Office of Administration transferred \$250 million. In December 2020, this amount was repaid along with \$200,111 in earned interest.

Education Stabilization Fund (ESF)

The CARES Act established the Education Stabilization Fund (ESF) for the purpose of providing local educational agencies (LEAs), institutions of higher education (IHEs), and other related entities with emergency assistance as a result of COVID-19. The ESF is composed of three primary emergency relief funds and include the allowable uses provisions:

- 1) Governor's Emergency Education Relief (GEER) Fund
 - Supports activities authorized under the Elementary and Secondary Education Act (ESEA) and Higher Education Act (HEA), child care and early childhood education, social and emotional support, and the protection of education-related jobs.

GEER I	<u>Allocation</u> \$54,643,115
GEER II - Flexible GEER II - Private Schools	\$24,141,078 \$67,550,224
Total GEER II	\$91,691,302
EANS	\$68,641,868

- 2) Elementary and Secondary School Emergency Relief (ESSER) Fund
 - Activities authorized by several federal education programs;
 - COVID-19 response coordination;
 - Resources for school leaders:
 - Activities targeting low-income children, children with disabilities, English learners, ethnic minorities, students experiencing homelessness, and foster care youth;
 - Systems and procedures to improve preparedness and response of school districts, including but not limited to LEA staff training on sanitation and minimizing spread of infectious diseases;
 - Sanitation and cleaning supplies;
 - Planning and coordinating long-term closures, including how to provide meals, technology, and guidance on the Individuals with Disabilities Education Act (IDEA);
 - Purchase of technology for students;
 - Mental health services;
 - Activities related to summer learning and supplemental after-school programs;
 - Learning loss mitigation;
 - Facility repairs and improvements; and

• Projects to improve indoor air quality in schools.

	<u>Allocation</u>
ESSER I	\$208,443,300
ESSER II	\$871,172,291
ESSER III	\$1,957,916,288
ESSER III - Homeless Children & Youth	\$12,822,529

3) Higher Education Emergency Relief (HEER) Fund

Allocation distributed directly to institutions of higher education. Expenses associated with COVID-19, including lost revenue and reimbursement for incurred expenses, technology, staff training and payroll, student support activities, financial aid grants for students. However, not permitted are payments to contractors for pre-enrollment recruitment, marketing or recruitment, endowments, capital outlays for athletic facilities, sectarian instruction or religious worship, or senior executive salaries and benefits.

	<u>Allocation</u>
HEER I - General	\$205,995,071
HEER I - HBCUs/MSIs	\$11,789,314
HEER I - Unmet Needs	\$13,836,766
Total HEER I	\$231,621,151
HEER II - Proprietary Institutions	\$5,667,500
HEER II - Public & Nonprofit IHE	\$258,793,604
HEER II - Public & Nonprofit Student Aid	\$98,384,478
Total HEER II	\$362,845,582
HEER III - Public & Nonprofit IHE	\$626,967,493
HEER III - Proprietary IHE	\$3,436,249
HEER III - HBCUs	\$22,588,447
HEER III - Strengthening IHE	\$14,972,130
Total HEER III	\$667,964,319

Coronavirus State and Local Fiscal Recovery Funds

The ARPA established the Coronavirus State Fiscal Recovery Fund and the Coronavirus Local Fiscal Recovery Fund to provide emergency pandemic funding for eligible state, territorial, metropolitan city, county, and tribal governments. Recipients may use funds to:

- Support public health expenditures, by funding COVID-19 mitigation efforts, medical expenses, behavioral healthcare, and certain public health and safety staff;
- Address negative economic impacts caused by the public health emergency, including economic harms to workers, households, small businesses, impacted industries, and the public sector;
- Replace lost public sector revenue, using this funding to provide government services, to the extent of the reduction in revenue experienced due to the pandemic;
- Provide premium pay for essential workers, offering additional support to those
 who have borne and will bear the greatest health risks because of their service in
 critical infrastructure sectors; and,
- Invest in water, sewer, and broadband infrastructure, making necessary investments to improve access to clean drinking water, support vital wastewater and storm water infrastructure, and to expand access to broadband internet.

Coronavirus State Fiscal Recovery Fund (CSFRF) (Fund 2427 - Coronavirus State Fiscal Recovery Fund):

The U.S. Department of the Treasury distributed these funds (\$195.3B) directly to state governments using the following allocation methodology:

- 1) \$25.5 billion allocated equally to the 50 states and the District of Columbia;
- 2) \$754.9 million to be paid to the District of Columbia; and
- 3) \$169 billion allocated to states and the District of Columbia "...in an amount which bears the same proportion to such remainder as the average estimated number of seasonally adjusted unemployed individuals (as measured by the Bureau of Labor Statistics Local Area Unemployment Statistics program) in the State or District of Columbia over the 3-month period ending with December 2020 bears to the average estimated number of seasonally adjusted unemployed individuals in all of the 50 States and the District of Columbia over the same period."

Missouri CSFRF Allocation:

\$ 2,685,296,130.80

- 1st tranche payment received August 5, 2021 = \$1,342,648,065.40 (SFY 2022).
- 2nd tranche payment received May 19, 2022 = \$1,342,648,065.40 (SFY 2022).

Coronavirus State and Local Fiscal Recovery Funds (continued)

Coronavirus Local Fiscal Recovery Fund (CLFRF) (Fund 2404 - Coronavirus Local Government Fiscal Recovery Fund):

Local governments that are classified as non-entitlement units (NEU's) received this funding (\$19.53B) through their applicable state government for distribution within each state. NEUs are local governments typically serving populations of less than 50,000. NEUs include cities, villages, towns, townships, or other types of local governments. All other local units of government received their allocations directly from the U.S. Department of the Treasury.

Each state received "an amount which bears the same proportion to such reserved amount as the total population of all areas that are non-metropolitan cities in the State bears to the total population of all areas that are non-metropolitan cities in all such States." To calculate the amount to be paid to a state for distribution to its NEUs, Treasury subtracted the population of metropolitan cities in a state from the total population in the state, using 2019 U.S. Census Bureau data for each state and metropolitan city population.

Missouri CLFRF Allocation for NEU's: \$450,143,657

- 1st tranche payment received August 5, 2021 = \$225,071,828.50 (SFY 2022).
- 2nd tranche payment received August 11, 2022 = \$225,071,828.50 (SFY 2023).

- 1) HB 2014 (FY 2020 Operating Supplemental) established various department-specific stimulus funds for the purpose of taking deposit of and spending COVID-19 stimulus funds from the federal government. Subsequent operating budget appropriations bills followed suit. Because no dedicated fund was created for Coronavirus Relief Fund (CRF) deposits, those deposits must be tracked across the several funds to which they were made.
- a) FY2020 Includes \$3,143,552 in miscellaneous revenues. FY2021 Includes: 1) Deposit from U.S. Treasury for Emergency Rental Assistance Program of \$323,694,749 because no dedicated fund existed at time of deposit. 2) \$100,013,174 in FEMA reimbursement. 3) \$4,845,859 in interest and other miscellaneous revenues.
- b) Includes: 1) \$66,151,330 in FEMA reimbursement. 2) \$1,825,744 in interest and other miscellaneous revenues.

e. The Governor and General Assembly did not reach a consensus revenue agreement for FY20 revised or FY21.

MISSOURI'S TOBACCO SETTLEMENT

In November 1998, Missouri joined with 46 other states, the District of Columbia, and U.S. Territories in announcing a master settlement agreement (MSA) with tobacco companies. The agreement is the largest settlement ever achieved by the state of Missouri. The agreement provides for the settlement of all past, present, and future smoking-related claims for health care costs against the tobacco companies in exchange for payments to the states. The agreement also imposes specific tobacco advertising and marketing restrictions. The agreement requires annual payments in perpetuity. TAFP House Bill 14, 91st General Assembly First Regular Session, authorized the initial spending plan for FY 2002.

Statute requires at least \$35M of the master settlement receipts be deposited into the Early Childhood Development, Education and Care Fund (161.215 RSMo) and that 25% of said receipts be deposited into the Life Sciences Research Trust Fund (196.1100 RSMo). Any remaining settlement proceeds are deposited into the Healthy Families Trust Fund.

TOTAL	\$3,494,029,028

Actual receipts through FY 2023. Lower bound of estimate shown for FY 2024.

^{*}Approximately \$70 million was withheld from Missouri's 2014 MSA payment due to an arbitration panel's ruling against the state regarding the 2003 MSA payment. Under the MSA, states that do not fulfill their obligations (non-diligent states) may be assessed penalties based on the amount of market share that the signatory tobacco companies (PMs) lost in that state. Non-diligent states may also be assessed an additional penalty based on the amount of market share the PMs lose in diligent states. These penalties are known as the Non-Participating Manufacturer (NPM) adjustment. This NPM adjustment is designed to encourage states to meet their obligations under the MSA. Missouri appealed approximately \$50 million of the \$70 million NPM adjustment assessed by the arbitration panel to St. Louis Circuit Court. The \$50 million adjustment represented Missouri's pro rata share of the diligent states' NPM adjustment, which Missouri argued was calculated incorrectly. The case ultimately was decided in the Missouri Supreme Court, which sided with Missouri and awarded the \$50 million payment to Missouri in 2017.

TAX CREDITS

The Department of Economic Development administers the majority of the state's tax credit programs. While several departments shown below issue credits, only the Departments of Revenue (DOR) and Commerce and Insurance (DCI) redeem credits. Total redemptions in FY 2023 increased 15.59%, or \$90.3 million, from FY 2022. In FY 2023, the five largest tax credit programs accounted for 78.78% of all redemptions.

Total Tax Credit Redemptions by Issuing Department in FY 2023

Department of Economic Development	\$424,137,564
Department of Revenue	206,062,055

House Bill 1 provides funding for constitutionally issued public debt including the following:

Fourth State Building Bonds Water Pollution Control Bonds Stormwater Control Bonds

Major core changes between FY 2023 and FY 2024 include:

(\$9,553,000)* Reduction of all remaining Water Pollution Control Bonds spending authority (Other)

(\$1,778,375)* Reduction of all remaining Stormwater Control Bonds spending authority (Other)

(\$1,060,875)* Reduction of all remaining Fourth State Building Bonds spending authority (Other)

(\$9,000) Reduction to Annual Fees, Arbitrage Rebate, Refunding, and Related Expenses (GR)

Major new decision items include:

\$143,000*	Water Pollution Control Bonds accrued interest or
	proceeds transferred to GR (Other)
\$63,000*	Fourth State Building Bonds accrued interest on
	proceeds transferred to GR (Other)
\$14,000*	Stormwater Control Bonds accrued interest on
	proceeds transferred to GR (Other)

^{*}non-count appropriation

General	Obligation	Bond	Principal	(millions	of dollars)

	Amount <u>Issued*</u>	Amount <u>Repaid</u>	Amount <u>Refunded</u>	Outstanding 7/1/23
Water Pollution	\$1,316.4	\$592.6	\$723.8	\$0
Fourth State	559.6	240.1	319.5	0
Stormwater	77.3	41.2	36.2	0
TOTALS	\$1,953.4	\$873.9	\$1,079.4	\$0

Note: The sum of individual items may not equal totals due to rounding.

HB 1 provides funding to repay debt outstanding on the state's general obligation bonds. The general obligation bonds are secured by a pledge of the full faith, credit, and resources of the state. General obligation bonds can only be issued through voter-approved amendments to the state constitution.

The principal and interest amounts are transferred one year in advance from the General Revenue Fund, and in the case of Water Pollution—the Water and Wastewater Loan Revolving Fund, to the debt service funds from which principal and interest payments are made. Three types of general obligation bonds are currently authorized and outstanding:

Water Pollution Control Bonds proceeds help local governments construct wastewater and stormwater control facilities and improve drinking water systems. The Constitution authorizes \$725 million in bonds for this purpose. As of 7/1/23, approximately \$594.5 million has been issued. The final debt service payment on outstanding bonds occurred in FY 2023.

Fourth State Building Bonds proceeds provide funding for expanding prison capacity, adding new residential beds for youth offenders, and constructing and renovating higher education facilities. The Constitution authorizes \$250 million in bonds for this purpose, and the full amount has been issued. The final debt service payment on outstanding bonds occurred in FY 2023.

Stormwater Control Bonds are issued to protect the environment through the control of stormwaters. The Constitution authorizes \$200 million in bonds for this purpose. As of 7/1/23, \$45 million has been issued. The final debt service payment on outstanding bonds occurred in FY 2023.

^{*}Amount issued includes original issues and refunding issues; refunding issues do not count against Constitutional cap.

Note: The sum of individual items may not equal the total due to rounding.

House Bill 5 provides appropriation authority to pay for debt authorized by the Board of Public Buildings. The Board's authority is established in Chapter 8, RSMo. Its governing body is made up of the Governor, the Lieutenant Governor, and the Attorney General. The Speaker of the House of Representatives and the President Pro-Tempore of the Senate serve as ex-officio members of the Board but do not have the power to vote. The Commissioner of Administration provides staff support to the Board.

The Board of Public Buildings, upon the approval of the General Assembly, issues revenue bonds for building projects. Certain statutes restrict the authorization to specific purposes, such as repair, renovations, or education. The total statutorily authorized issuance amount of the Board is \$1.545 billion. Of the total authorized, \$600 million can be used only for repair or renovations of existing state buildings and facilities. \$370 million of the \$1.545 billion is restricted for higher education, of which \$200 million can be used only for repair or renovations of existing higher education buildings and facilities.

While House Bill 1 provides funding to repay debt outstanding on the state's general obligation bonds, House Bill 5 provides authority to repay the state's revenue bonds. Revenue bonds, unlike the state's general obligation bonds, do not require voter approval.

HB 5 - BOARD OF PUBLIC BUILDINGS DEBT (millions of dollars)

Summary of Board of Public Buildings Debt Service

The final maturity date for these revenue bonds is in FY 2041. Outstanding debt service requirements are as follows:

	Outstanding Amount As of
Fiscal Year	7/1/2023
2024	\$76.8
2025	\$76.8
2026	\$75.8

HB 6 - DEPARTMENT OF NATURAL RESOURCES

Missouri State Parks

Missouri State Parks operates and/or maintains 93 state parks and historic sites plus the trails of Roger Pryor Pioneer Backcountry. The state parks and historic sites cover approximately 162,672 acres. The park system offers more than 2,000 structures, 3,667 campsites, 198 cabins, approximately 2,000 picnic sites, and more than 1,100 miles of trails. In 2022, approximately 19.7 million people visited the system to hike, camp, fish, discover, and explore.

Parks Sales Tax

The people of Missouri passed in 1984, 1988, 1996, 2006 and 2016 a one-tenth (1/10) of one percent sales tax to be used for parks and soil conservation. The revenue raised from this sales tax is to be divided evenly between parks and soil conservation. In FY 2023, Missouri State Parks received approximately \$63.9 million from this sales tax for Missouri state parks and historic sites.

Ten Most Popular State Parks and Historic Sites Calendar Year 2022

Missouri Division of Tourism

The Division's source of funding is through a GR transfer to the Tourism Supplemental Revenue Fund. Per Section 620.467, RSMo. the Division is funded through the use of a formula whereby an amount equal to one half of the state sales tax generated above 3% growth in retail sales tax revenue of tourism-oriented goods and services is added to the prior year's transfer. This increase is capped by statute at \$3 million annually. Those items that fall into this category are drawn from 17 Standard Industrial Classification (SIC) codes representing restaurants, lodging, and tourist attractions and activities. According to statute, the growth in sales between the third and fourth years preceding the budget year is used in the funding formula to determine what, if any, additional transfer the fund should receive.

In Fiscal Year 2022, there were 40.1 million visitors to Missouri, 16.2 million of which were from Missouri. For Fiscal Year 2022, taxable sales from the tourism-specific North American Industry Classification System codes— the successor classification system to the SIC codes— were \$16 billion.

	ter (FED)
\$2,500,000	Mineral Area Community College - Center for Excellence (FED)

General Information General Assembly members recommended consolidating all real estate costs into one House Bill for FY 2006. Prior to FY 2006, appropriations for state owned facilities were included in the Office of Administration's operating budget. The janitorial costs and utilities for leased space were included in the operating budgets of the individual agencies. The consolidation in FY 2006 combined all costs into House Bill 13. In FY 2008, further consolidation occurred within House Bill 13 to include the maintenance costs, fuel and utilities for most institutional facilities such as prisons, hospitals and state schools. The Department of Corrections and the National Guard subsequently deconsolidated in FY 2015.

In FY 2024, the state will lease approximately 600 facilities including offices, warehouses, parking, schools, and labs totaling over 3.3 million square feet. The state also operates buildings at 46 state-owned sites totaling more than 5.1 million square feet of office, lab and storage space, as well as over 6.1 million square feet of institutional space.

The Division of Facilities Management in the Office of Administration is the state agency responsible for centralized leasing functions. The initiative to centralize leasing functions evolved from recommendations by the General Assembly. These recommendations included centralization of the procurement, budgeting, appropriation, and payment processes of real property leases.

The State of Missouri uses a competitive public bid and negotiation process to acquire leased space.

The totals for state-wide real estate (HB 13) included in the budget for FY 2024 are as follows:

FY 2024 After Veto

General Revenue	\$105,364,332
Federal Funds	26,412,430
Other Funds	14,584,373
TOTAL	\$146,361,135

CAPITAL IMPROVEMENTS

The Missouri budget historically used a biennial appropriations process for capital improvement projects. However, beginning in FY 2016 the General Assembly opted for one-year appropriation bills rather than two-year bills. The term capital improvements (CI) is generally defined as projects that involve major maintenance and repair, renovation, or construction, that replaces, expands, adds value, or prolongs the life of property, facilities, or equipment. These projects generally fall into one of the following categories:

<u>Re-Appropriations</u> are projects that have been authorized and funded in a previous fiscal year. These projects generally take multiple fiscal years to complete and have outstanding authority at the end of a fiscal year. The General Assembly authorizes the expenditure of the remaining authority for the following year.

<u>Maintenance and Repair (M&R)</u> are projects that involve work necessary to preserve or re-establish the condition of a state owned facility that are not considered Operational Maintenance and Repair (OPMR). OPMR funding will be found in the agency's operational budgets and may include routine preventative maintenance, minor alterations, painting, carpet repair, etc.

<u>Capital Improvements (CI)</u> are new projects or projects that could include new construction, land or facility acquisition, major additions, extensions, major site improvements, or energy conservation work done on an existing facility.

HB 17 - Re-Appropriations (TAFP After Veto)	
General Revenue	\$15,694,834
Federal Funds	270,482,386
Other Funds	144,476,116
TOTAL	\$430,653,336
HB 18 - Maintenance and Repair (TAFP After Veto)	
General Revenue	\$424,106,601
Federal Funds	81,957,248
Other Funds	271,919,868
TOTAL	\$777,983,717
HB 19 - Capital Improvements (TAFP After Veto)	
General Revenue	\$30,226,945
Federal Funds	223,888,300
Other Funds	<u>54,015,125</u>
TOTAL	

The primary funding source of the Gaming Commission Fund is \$1 of the \$2 boarding fee each casino remits to the Commission for every patron on its premises counted every two hours. The other \$1 of the boarding fee is distributed to the casino's home dock community. Revenues generated from licensing fees, administrative fees, penalties, and reimbursements are also deposited into the fund. These revenues support the operation of the Gaming Commission and the transfers authorized by Section 313.835, RSMo.

Up to one cent of the state's \$1 portion of the boarding fee is transferred to the Compulsive Gamblers Fund. The first \$500,000 of net Gaming Commission Fund proceeds (net of Commission expenses) is available to cities and counties, if matched dollar for dollar, for community neighborhood organization programs for the homeless and to deter gang-related violence and crimes. The remaining net proceeds are then transferred in the following order: (1) \$5,000,000 to the Access Missouri Financial Assistance Fund, (2) \$3,000,000 to the Veterans' Commission Capital Improvement Trust Fund (VCCIT), (3) \$4,000,000 to the Missouri National Guard Trust Fund with an allowance for a \$1,500,000 increase should the General Assembly so choose, (4) subject to appropriation, all remaining proceeds are transferred to the Veterans' Commission Capital Improvement Trust Fund.

In FY 2013, the General Assembly modified the statutory formula for the distribution of net Gaming Fund proceeds to no longer include the Early Childhood Development, Education and Care Fund.

The March 17, 2020, closure of all riverboat gaming casinos due to the COVID-19 pandemic and the resulting loss of revenues necessitated the reduction of the FY 2020 transfer to the Access Missouri Financial Assistance Fund from \$5,000,000 to \$4,000,000. All the casinos were reopened by June 16, 2020.

The following chart provides a historic summary of the transfers from the Gaming Commission Fund. The final transfer to the VCCIT Fund is calculated after the close of the fiscal year and is made in July of the subsequent fiscal year.

September	14	Veto Session

STATE OF MISSOURI - BUDGET PROCESS

Department Budget Preparation (Jun.-Sept.)

- From June through September, state agencies prepare budget requests.
- Departments submit budget requests to Budget and Planning and the General Assembly by October 1 (33.220 RSMo).

Revenue Estimates (Nov.-Dec.)

- Budget and Planning, House Appropriations, and Senate Appropriations staff meet to form Consensus Revenue Estimate recommendation for GR.
- Governor, House Budget Committee Chairman, and Senate Appropriations Committee Chairman approve revenue estimate.

Governor Recommends the Missouri Budget (Oct.-Jan.)

- Budget and Planning staff review dept. budget requests and assists Governor with recommendations.
- Governor gives State of the State Address and Budget Message to a Joint Session of the General Assembly in mid-January and releases recommendations.
- Budget and Planning staff draft appropriations bills with Governor's recommendations and then forward them to the Chair of the House Budget Committee.

House Appropriations Committees Review Operating Budgets (Jan.-Feb.)

- Budget Committee Chairman introduces operating budget bills.
- Bills are referred to Budget Committee.
- Appropriations Committees send recommendations to Budget Committee.

House Acts on Emergency Bills (Jan.-Feb.)

- In February, Budget Committee conducts hearings and "marks-up" emergency, supplemental, or appropriation bill(s) by making amendments to the bills.
- House committee substitutes are debated and perfected by the entire House.
- House committee substitute bills as perfected by amendment are sent to the Senate after being passed by House.

House Acts on Operating Budget (Feb.-Mar.)

- House Appropriation Committee Chairs present appropriations bills with recommendations to Budget Committee which then "marks-up" bills.
- Typically, the Budget Chairman offers his/her own substitutes for all operating appropriations bills
- Staff prepares House committee substitute bills based on Budget Committee amendments to the introduced bills/Chairman's substitutes.

STATE OF MISSOURI - BUDGET PROCESS, continued

- House committee substitutes are debated and perfected by the entire House.
- House committee substitute bills as perfected by amendment are sent to the Senate in mid-March after being passed by the House.

House Budget Committee Acts on Capital Improvements Budget (Mar.-Apr.)

- Mid-March to early April, House Budget Committee conducts hearings and "marks-up" capital improvements budget.
- House passes perfected House committee substitute bills as amended by floor action and sends to Senate.

Senate Action (Jan.-Apr.)

- If the House and Senate do not pass identical versions of a bill, the Senate Appropriations Committee holds initial hearings on emergency, operating, and capital budgets in January and February.
- During mid-March and early April, Senate Appropriations Committee considers governor and House recommendations, "marks-up" budgets and presents Senate committee substitute bills to Senate.
- Senate either adopts Senate committee substitutes, amends Senate committee substitutes, or adopts Senate substitute bills for appropriations on emergency, operating, and capital improvements budgets.
- Senate returns the appropriation bills to the House of Representatives for either acceptance or conference to settle differences.

Conference Committee Action (Apr.-May)

- Speaker of the House appoints five representatives and President Pro-Tem of Senate appoints five senators to Conference Committee for each appropriation bill.
- Conference Committees meet to resolve differences and adopt conference committee substitute appropriations bills.
- In early-May, conference committee bills are returned to the House and Senate to be truly agreed to and finally passed (TAFP). The Constitution prohibits action on appropriation bills after 6:00 p.m. on the first Friday following the first Monday in May.

Governor's Veto Authority (June)

- TAFP appropriation bills are sent to and signed by the governor by July 1. Governor signs bills as is, vetoes entire bill, or line-item vetoes appropriations within the bill.
- Governor attaches veto message identifying items vetoed.

Legislative Override of Governor's Veto (Sept.)

Legislature may override governor veto by a two-thirds majority in both the
House and Senate during either the current session or the following
legislative veto session held in September.
