

FIRST REGULAR SESSION

HOUSE BILL NO. 885

91ST GENERAL ASSEMBLY

INTRODUCED BY REPRESENTATIVE KELLY (36).

Read 1st time February 27, 2001, and 1000 copies ordered printed.

TED WEDEL, Chief Clerk

1994L.011

AN ACT

To repeal section 226.520, RSMo 2000, relating to signs permitted on certain highways, and to enact in lieu thereof one new section relating to the same subject.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Section 226.520, RSMo 2000, is repealed and one new section enacted in lieu thereof, to be known as section 226.520, to read as follows:

226.520. On and after March 30, 1972, no outdoor advertising shall be erected or maintained within six hundred sixty feet of the nearest edge of the right-of-way and visible from the main traveled way of any highway which is part of the federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System in this state except the following:

(1) Directional and other official signs, including, but not limited to, signs pertaining to natural wonders, scenic and historical attractions, which are required or authorized by law, and which comply with regulations which shall be promulgated by the department relative to their lighting, size, number, spacing and such other requirements as may be appropriate to implement sections 226.500 to 226.600, but such regulations shall not be inconsistent with, nor more restrictive than, such national standards as may be promulgated from time to time by the Secretary of the Department of Transportation of the United States, under subsection (c) of Section 131 of Title 23 of the United States Code;

(2) Signs, displays, and devices advertising activities conducted on the property upon which they are located, or services and products therein provided, **except that nonprofit organizations may display signs, displays, and devices advertising activities, services, and products regardless of whether conducted or located on the property;**

19 (3) Outdoor advertising located in areas which are zoned industrial, commercial or the
20 like as provided in sections 226.500 to 226.600 or under other authority of law;

21 (4) Outdoor advertising located in unzoned commercial or industrial areas as defined and
22 determined pursuant to sections 226.500 to 226.600;

23 (5) Outdoor advertising for tourist-oriented businesses, and scoreboards used in sporting
24 events or other electronic signs with changeable messages which are not prohibited by federal
25 regulations or local zoning ordinances. Outdoor advertising which is authorized by this
26 subdivision (5) shall only be allowed to the extent that such outdoor advertising is not prohibited
27 by Title 23, United States Code, Section 131, as now or thereafter amended, and lawful
28 regulations promulgated thereunder. The general assembly finds and declares it to be the policy
29 of the state of Missouri that the tourism industry is of major and critical importance to the
30 economic well-being of the state and that directional signs, displays and devices providing
31 directional information about goods and services in the interest of the traveling public are
32 essential to the economic welfare of the tourism industry. The general assembly further finds
33 and declares that the removal of directional signs advertising tourist-oriented businesses is
34 harmful to the tourism industry in Missouri and that the removal of directional signs within or
35 near areas of the state where there is high concentration of tourist- oriented businesses would
36 have a particularly harmful effect upon the economies within such areas. The state highways and
37 transportation commission is authorized and directed to determine those specific areas of the
38 state of Missouri in which there is high concentration of tourist-oriented businesses, and within
39 such areas, no directional signs, displays and devices which are lawfully erected, which are
40 maintained in good repair, which provide directional information about goods and services in
41 the interest of the traveling public, and which would otherwise be required to be removed
42 because they are not allowed to be maintained under the provisions of sections 226.500 through
43 226.600 shall be required to be removed until such time as such removal has been finally ordered
44 by the United States Secretary of Transportation;

45 (6) The provisions of this section shall not be construed to require removal of signs
46 advertising churches or items of religious significance, items of native arts and crafts,
47 woodworking in native products, or native items of artistic, historical, geologic significance, or
48 hospitals or airports.
