

JOURNAL OF THE HOUSE

VETO SESSION

First Regular Session, 91st GENERAL ASSEMBLY

FIRST DAY, WEDNESDAY, SEPTEMBER 12, 2001

Speaker Kreider in the Chair.

Prayer by Representative Betty Thompson.

I thank God for another day, one that you and I have never seen, but one that can make all of us a little better than the day before.

Our Father God, we ask that You bless this entire country at this dark hour, bless our families and our Governor as well as this state.

You promised that You would put no more on us than we can bare, and it will rain on the just as well as the unjust. So as we prepare for this veto session, we ask that we walk together as children and don't get weary, there is a great day coming in the Promised Land.

The Pledge of Allegiance to the flag was recited.

RESOLUTION

Representative Crump offered **House Resolution No. 1**.

Section 3.145

I hereby veto \$1,049,968 general revenue for inflationary adjustments for community colleges. Inflationary adjustments for public higher education institutions were provided from moneys available on a one-time basis. Also, I hereby veto \$4,640 general revenue for Multimodal Administration expense and equipment. I proposed this reduction after careful review of agency core operations. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

Personal Services by \$19,390 from \$386,605 to \$367,215 General Revenue Fund.

Section 11.310

I hereby veto \$644,000 general revenue for the Juvenile Court Diversion Program. This item was originally part of the Department of Social Service’s Fiscal Year 2002 core reduction plan. Given the large general revenue increase in juvenile courts in recent years a local match is appropriate. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

For the purpose of funding incentive payments to counties for community-based treatment programs for youth.
By \$644,000 from \$6,440,000 to \$5,796,000 from General Revenue Fund.

Similar utilization management approaches to increase medication compliance of Medicaid recipients will be done through the Pharmacy Enhancement Program (PEP) that was recommended this year. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

Expense and Equipment by \$60,000 from \$5,322,677 to \$5,262,677 from General Revenue Fund.
From \$9,524,922 to \$9,464,922 in total from General Revenue Fund.

Section 11.420

I hereby veto \$625,000 to increase payments to the western region for pharmacy services, including \$250,000 general revenue. All managed care plans participating in the Medicaid program will receive trend factor increases for medical services and for increased pharmacy costs in Fiscal Year 2002. In February 2002, the western region will re-bid and a pharmacy inflation factor will be included in the capitation rates. Therefore, these additional funds would be duplicative in nature. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

For pharmacy rate adjustments for managed care plans in the western region. Such adjustments shall occur only until new rates are established by re-bid in 2002.

Section 11.425

I hereby veto \$75,000 to provide reimbursement for provisionally licensed psychologists, including \$35,000 general revenue. The Division of Medical Services has estimated the annual costs for these services to be \$1.2 million; however, the General Assembly only provided a fraction of the estimated costs for these services. Due to the fiscal constraints of the state, no additional provider groups should be added to the Medicaid program at this time. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

By \$35,000 from \$87,019,593 to \$86,984,593 from General Revenue Fund.
By \$40,000 from \$147,217,880 to \$147,177,880 from Federal Funds.
From \$235,485,017 to \$235,10,017 in total for the section.

Section 11.430

I hereby veto \$2,241,607 to increase dental rates in the Medicaid program, including \$873,106 general revenue. This will still provide sufficient funding to bring the dental rates up to 57 percent of the usual, customary and reasonable (UCR) rates. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

In addition, I hereby veto \$200,000 other funds for rural dental services. The state should continue to focus its limited resources on increasing the overall reimbursement structure to dentists that provide services to Medicaid recipients rather than funding additional untested pilot programs. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

By \$873,106 from \$8,012,017 to \$7,138,911 from General Revenue Fund.
By \$1,368,501 from \$12,695,615 to \$11,327,114 from Federal Funds.

For the purpose of funding dental services to Missouri rural counties through the University of Missouri Dental School.
By \$200,000 from \$200,000 to \$0 from Intergovernmental Transfer Funds.
From \$20,978,794 to \$18,537,187 in total for the section.

Section 11.440

I hereby veto \$6,345,758 for increasing in-home services rates, including \$2,471,673 general revenue. There will still be funds to provide a \$.25 rate increase per hour to in-home service providers. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

By \$2,471,673 from \$92,561,381 to \$90,089,708 from General Revenue Fund.
By \$3,874,085 from \$159,678,247 to \$155,804,162 from Federal Funds.

I hereby veto \$166,383 for increasing nursing home rates to \$80 per bed day, including \$64,806 general revenue. All Medicaid certified nursing facilities reimbursed less than \$85 per bed day will receive an add-on payment in Fiscal Year 2002 through the appropriations provided in Section 11.445. Therefore, these funds are duplicative in nature. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

By \$64,806 from \$135,493,028 to \$135,428,222 from General Revenue Fund.
By \$101,577 from \$269,376,788 to \$269,275,211 from Federal Funds.
From \$706,215,013 to \$699,702,872 in total for the section.

Section 11.442

I hereby veto \$500,000 federal and other funds for telephone assurance pilot projects. Some area Agencies on Aging are providing the service; therefore, this funding is duplicative in nature. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

Said section is vetoed in its entirety by \$200,000 from \$200,000 to \$0 from Intergovernmental Transfer Fund.
By \$300,000 from \$300,000 to \$0 from Federal Funds.
From \$500,000 to \$0 in total for the section.

Section 11.455

I hereby veto \$1,828,341 to increase dental rates in the Medicaid program, including \$712,139 general revenue. There will be funds appropriated to bring the dental rates up to 57 percent of the usual, customary and reasonable (UCR) rates. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

By \$712,139 from \$97,611,348 to \$96,899,209 from General Revenue Fund.
By \$1,116,202 from \$296,747,226 to \$295,631,024 from Federal funds.
From \$488,088,963 to \$486,260,622 in total for the section.

Section 11.462

I hereby veto \$2,500,000 general revenue for FQHC's to expand dental services. The FQHC's were appropriated \$5 million in additional funds in the Healthy Families Budget to expand both dental and physician services to the uninsured. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

Said section is vetoed in its entirety by \$2,500,000 from \$2,500,000 to \$0 from General Revenue Fund.

Section 11.472

I hereby veto \$72,902 to provide reimbursement for provisionally licensed psychologists, including \$19,873 general revenue. The Division of Medical Services has estimated the annual costs for these services to be \$1.2 million; however, the General Assembly only provided a fraction of the estimated costs for these services. Due to the Fiscal constraints of the state, no additional provider groups should be added to the Medicaid program at this time. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

In addition, I hereby veto \$396,524 to increase dental rates in the Medicaid program, including \$81,448 general revenue. This will still provide sufficient funding to bring the dental rates up to 57 percent of the usual, customary and reasonable (UCR) rates. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

By \$101,321 from \$13,779,806 to \$13,678,485 from General Revenue Fund.
By \$368,105 from \$76,595,626 to \$76,227,521 from Federal Funds.
From \$106,175,755 to \$105,706,329 in total for the section.

Section 11.515

I hereby veto \$230,157 general revenue for increasing in-home services rates. There will still be funds to provide a \$.25 rate increase per hour to in-home service providers. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

By \$230,157 from \$29,558,715 to \$29,328,558 from General Revenue.
From \$29,912,152 to \$29,681,995 in total for the section.

Section 11.610

I hereby veto \$200,000 other funds to contract for quality monitoring and training inspection staff. These were one-time funds and inappropriate for ongoing staff. The Division of Aging has indicated this is a core function that they will perform with existing staff. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

Expenses and Equipment by \$200,000 from \$207,995 to \$7,995 from Intergovernmental Transfer Fund.
From \$16,639,950 to \$16,439,950 in total for the section.

Section 11.615

I hereby veto \$339,470 general revenue for increasing in-home services rates. There will still be funds to provide a \$.25 rate increase per hour to in-home service providers. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

By \$339,470 from \$17,911,729 to \$17,572,259 from General Revenue Fund.
From \$20,749,326 to \$20,409,856 in total for the section.

Section 11.630

I hereby veto \$4,825 general revenue for increasing in-home services rates. There will still be funds to provide a \$.25 rate increase per hour to in-home service providers. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

By \$4,825 from \$259,650 to \$254,825 from General Revenue Fund.

Section 11.635

I hereby veto \$125,000 other funds for kitchen equipment for the Area Agencies on Aging. This item was originally part of the Department of Social Services' Fiscal Year 2002 core reduction plan. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

Said section is vetoed in its entirety by \$125,000 from \$125,000 to \$0 from Intergovernmental Transfer Fund.

Section 11.640

I hereby veto \$125,000 general revenue for adult day care grants. This item was originally part of the Department of Social Services' Fiscal Year 2002 core reduction plan. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

Said section is vetoed in its entirety by \$125,000 from \$125,000 to \$0 from General Revenue Fund.

On June 22, 2001, I approved said **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 11**, except for those items specifically vetoed and not approved.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 19** entitled:

“AN ACT”

Section 19.086

I hereby veto \$818,171 general revenue for a lease purchase at the Northwest Missouri Psychiatric Hospital. A study is currently underway to determine the need for additional psychiatric care beds. Additional state funding should not be considered until the study is complete. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

Said section is vetoed in its entirety by \$818,171 from \$818,171 to \$0 in total from General Revenue Fund.
From \$818,171 to \$0 in total for the section.

Section 19.087

I hereby veto \$300,000 general revenue for renovation of the Nevada Regional Medical Center. A study is currently underway to determine the need for additional psychiatric care beds. Additional state funding should not be considered until the study is complete. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

Said section is vetoed in its entirety by \$300,000 from \$300,000 to \$0 in total from General Revenue Fund.
From \$300,000 to \$0 in total for the section.

Section 19.090

I hereby veto \$200,000 for the appropriated transfer of funds from the general revenue reimbursements fund to general

revenue. Funding was eliminated for a specific project and the appropriated transfer from the general revenue reimbursements fund should be decreased accordingly. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

By \$200,000 from \$4,108,597 to \$3,908,597 in total from General Revenue Reimbursements Fund.
From \$4,108,597 to \$3,908,597 in total for the section.

July 11, 2001

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 185** entitled:

“AN ACT”

To repeal sections 64.170, 64.180, and 64.342, RSMo 2000, relating to building codes in certain counties, and to enact in lieu thereof six new sections relating to the same subject.

I disapprove of Senate Substitute for Senate Committee Substitute for House Bill No. 185. My reasons for disapproval are as follows:

This bill contains language that is identical to language found in House Committee Substitute for Senate Bill No. 86, hereinafter referred to as Senate Bill No. 86. Both bills are meant to allow residents of certain areas of the state to protect themselves by adopting local building codes that regulate construction, electrical wiring, plumbing, and other crucial aspects of buildings. My administration has supported this safety measure, as evinced by the signing of Senate Bill No. 86 on July 6, 2001.

Senate Substitute for Senate Committee Substitute for House Bill No. 185 contains one provision that Senate Bill No. 86 lacks, however. This section exempts any device, other than a device located in a public building, that is not used by the general public from state law that concerns elevator safety and inspection. Eliminating safety requirements as they relate to elevators, which are used so often by so many Missouri citizens, is detrimental to the public health and welfare of the citizens of this state.

For all of the above stated reasons for disapproval, I am returning Senate Substitute for Senate Committee Substitute for House Bill No. 185 without my approval.

Respectfully submitted,

/s/ Bob Holden
Governor

July 1, 2001

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Bill No. 725** entitled:

“AN ACT”

To repeal section 165.011, RSMo 2000, relating to transfers of funds in certain school districts, and to enact in lieu thereof one new section relating to the same subject.

I disapprove of House Bill No. 725. My reasons for disapproval are as follows.

The language of this bill conflicts with language found in House Committee Substitute for Senate Bill No. 543, hereinafter referred to as Senate Bill No. 543, which was also approved by the General Assembly during the 2001 session and signed into law on June 27, 2001. Both bills authorize a transfer of operating funds to the capital projects fund under certain circumstances. In addition, Senate Bill No. 543 contains a sunset provision meant to effectuate the intent of the bill, which was to authorize a *one-time* transfer of funds for the Campbell R-II School District. House Bill No. 725, because it does not contain a sunset provision, legislates more broadly than is necessary, especially considering that the nearly-identical Senate Bill No. 543 has obtained my approval.

For all of the above stated reasons for disapproval, I am returning **House Bill No. 725** without my approval.

Respectfully submitted,

/s/ Bob Holden
Governor

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Bill No. 909** entitled:

“AN ACT”

To authorize the exchange of property interest owned by the department of natural resources and the

City of Lexington.

I disapprove of House Bill No. 909. My reasons for disapproval are as follows:

This bill contains an incorrect legal description of the property to be conveyed. The correct legal description is included in Senate Bill No. 568, which was also approved by the General Assembly during the 2001 session and which was signed into law on July 10, 2001.

For all of the above stated reasons for disapproval, I am returning **House Bill No. 909** without my approval.

Respectfully submitted,
