

HB 1417 -- Student Curators on Governing Boards

Sponsor: Baker

This bill gives voting rights to a student curator or governing board member for the University of Missouri, Southwest Missouri State University, and Truman State University. Student curators at the University of Missouri may not vote on personnel matters or break ties. Currently, the boards have nonvoting student members. The bill will not change the status of the nonvoting member but requires that the next appointment of a voting member be a full-time student, who will serve for two years or as long as the person maintains full-time student status.
