Sponsor: Ruestman

This bill prohibits an employer from bidding for or performing work on a public works construction project in which the bid or work performance includes any wage subsidies or rebate from employees, labor organizations, or any third party to subsidize the employer's labor costs on the project.

The employer is required to certify to the Department of Labor and Industrial Relations that wages paid comply with the prevailing wage specified for the project and that he or she is not receiving any prohibited rebate or subsidy.
