

SCS SB 1062 -- LIQUOR LICENSES FOR CATERERS

This bill allows caterers to be issued a special license to sell liquor at certain functions. A license valid for a maximum of 50 days during any year costs \$500, with a license for an unlimited number of functions and valid for one year costing \$1,000.

Caterers issued these licenses must report the location of each function at least three days in advance to the Supervisor of the Division of Alcohol and Tobacco Control.
