FISCAL ANALYSIS

ASSUMPTION

Officials with the **Department of Higher Education** assume this proposal would have no fiscal impact on their agency.

In response to a previous version of this proposal (FN #1412-07/SCS for HCS for HB 437), officials with the **Department of Public Safety – Office of the Adjutant General and the State Treasurer’s Office** assumed the proposal would have no fiscal impact on their agencies.

Officials of the **Office of Administration, Division of Budget and Planning (BAP)** assume this proposal would have no impact on BAP. BAP assumes the following: In each tax year beginning January 1, 2005, a taxpayer entitled to a tax refund may designate a portion of that refund go to the newly created Missouri Military Family Relief Fund. The proposal would increase total state revenues. BAP has no basis for estimating the amount of contributions to this fund. BAP further assumes the proposal amends the National Guard Tuition Assistance Grant Program. This section would not impact state revenues.

Officials of the **Department of Revenue (DOR)** assume that, as a result of this proposal, their Division of Taxation would have to modify the MINITS and COINS systems to allow for the check-off to be added to the tax returns and for the accountability of the contributions. DOR assumes it will take 1,384 hours of programming on the MINITS system and 519 hours of **ASSUMPTION** (continued)

programming on the COINS system, at a cost of \$60,561. However, DOR assumes it can manage those costs at current appropriation levels unless there is a material change in the division's other responsibilities.

Officials with the **Department of Public Safety – Missouri Veterans Commission** assume that as much as \$100,000 in additional postage would be required for service officers to assist veterans in preparing applications for Missouri Military Family Relief Fund grants. **Oversight** assumes that such assistance could be handled with existing or planned appropriations.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This legislation creates a one dollar check-off on the Missouri income tax return. The money designated by the check-off will be deposited into the Missouri Military Family Relief Fund, which is created in this proposal. The money shall be distributed to the families of Missouri residents who are members of the National Guard or the reserves and have been called to duty between September 11, 2001 and December 31, 2010. The check-off of one dollar is primarily for taxpayers who are to receive a refund. However, taxpayers who owe taxes may also contribute to the fund and any taxpayer may elect to contribute more than one dollar.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
