

HB 61 -- Medical Imaging and Radiation Therapy

Sponsor: Schaaf

This bill changes the laws regarding medical imaging and radiation therapy and will be known as the Medical Imaging and Radiation Therapy Quality Assurance Act of 2005. The bill:

(1) Creates the Medical Imaging and Radiation Therapy Board of Examiners within the Division of Professional Registration;

(2) Requires all persons administering medical imaging and radiation therapy procedures to be licensed by the board;

(3) Exempts physicians, dentists, chiropractors, podiatrists, registered nurses, certain qualified persons currently practicing medical imaging and radiation therapy from licensure;

(4) Establishes certain criteria to be met by applicants for licensure as radiographers, radiation therapists, nuclear medicine technologists, and dental radiographers;

(5) Authorizes the board to certify programs for medical imaging and radiation therapy in medical facilities, dental facilities, educational institutions, or other public or private institutions;

(6) Authorizes the board to adopt rules; give examinations; waive examination requirements; establish continuing education; issue temporary permits; and renew, revoke, and suspend licenses; and

(7) Authorizes the board to investigate charges and allegations brought against licensees, issue subpoenas, hold hearings, render judgments, and hear appeals.

The bill contains a penalty provision.
