

HB 378 -- Out-of-District School Tuition

Sponsor: Cooper (120)

This bill changes the options for a K-8 school district student's out-of-district tuition. Currently, the K-8 district is responsible for paying the out-of-district tuition to any of the neighboring school districts that a student selects. The bill makes the K-8 district responsible for paying the lowest out-of-district rate and the parent or guardian responsible for paying the difference for a district with a higher rate.
