

HB 946 -- School Attire

Sponsor: Cunningham (86)

Currently, a student who is wearing any emblem, insignia, or garment in a nondisruptive manner cannot be asked to remove it. This bill restricts the emblem, insignia, or garment to a religious one and adds a provision that permits the student to be instructed not to wear the garment to school again if the emblem or insignia is placed on a garment that the school has prohibited as contrary to its educational mission.
