### AN ACT

To amend chapters 160, 304, and 488, RSMo, by adding thereto three new sections relating to school bus safety belts.

---

*Be it enacted by the General Assembly of the state of Missouri, as follows:*

Section A. Chapters 160, 304, and 488, RSMo, are amended by adding thereto three new sections, to be known as sections 160.1040, 304.052, and 488.030, to read as follows:

- 2       **160.1040. 1. Each school district of this state with insufficient funds to equip every**  
3 **school bus with seat belts as required under section 304.052, RSMo, may apply to the**  
4 **department of elementary and secondary education for allocation of moneys from the**  
5 **school bus seat belt fund. The department of elementary and secondary education shall**  
6 **decide how such funds will be allocated, provided that school districts with lower quotients**  
7 **resulting from the division of the assessed valuation of each school district by the weighted**  
8 **average daily attendance of the most recently completed school year for which data is**  
9 **available in such school district shall be allocated more moneys from the fund than school**  
10 **districts with higher quotients.**
- 11       **2. There is hereby created a "School Bus Safety Assistance Fund", which shall**  
12 **consist of moneys collected pursuant to section 488.030, RSMo. The department of**  
13 **elementary and secondary education shall be the custodian of the fund. Money in the fund**  
14 **shall be used solely for assisting school districts in equipping new school buses in this state**  
**with lap-shoulder passenger seat belts. Notwithstanding the provision of section 33.080,**

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

15 RSMo, to the contrary, any moneys remaining in the fund at the end of the biennium shall  
16 not revert to the credit of the general revenue fund.

304.052. 1. As used in this section, "school bus" means a commercial motor vehicle,  
2 either publicly or privately owned, used to transport preprimary, primary, or secondary  
3 school students from home to school, from school to home, or to and from school-sponsored  
4 events for educational purposes. The term "school bus" shall not include any:

5 (1) Bus operated by a public utility, municipal corporation, or common carrier  
6 authorized to conduct local or interstate transportation of passengers when such bus is not  
7 traveling a specific school bus route but is:

8 (a) On a regularly scheduled route for the transportation of fare-paying  
9 passengers; or

10 (b) Furnishing charter service for the transportation of persons enrolled as students  
11 on field trips or other special trips or in connection with other special events;

12 (2) Passenger cars, multipurpose passenger vehicles, and trucks as defined in 49  
13 CFR part 571, as amended.

14 2. Each seat on each school bus that is purchased new on or after January 1, 2007,  
15 or that is purchased with a manufacture date after January 1, 2007, shall be equipped with  
16 lap-shoulder safety belts on each passenger seat or with any other restraint system  
17 approved by the federal government, sufficient to allow each student who is being  
18 transported to use a separate safety belt or restraint system. These safety belts shall meet  
19 the standards required for lap and shoulder belt protection systems under 49 CFR 571.208,  
20 as amended.

21 3. Each passenger on a school bus that is equipped with safety belts or restraint  
22 system shall be transported only in designated seating positions and shall wear a properly  
23 adjusted and fastened safety belt at all times while the bus is in operation. The state, the  
24 county, a school district, school bus operator under contract with a school district, or an  
25 agent or employee of a school district or operator, including a teacher or volunteer serving  
26 as a chaperone, is not liable in an action for personal injury by a school bus passenger or  
27 other party solely because the injured party was not wearing a safety belt, misused the  
28 safety belt, or for an injury caused solely by another passenger's use or nonuse of a safety  
29 belt or restraint system in a dangerous or unsafe manner.

30 4. In implementing the provisions of this section, each school district shall prioritize  
31 the allocation of buses equipped with safety belts or restraint systems to ensure that  
32 elementary schools within the district receive first priority. A school district may enter into  
33 agreements to provide transportation under this section only if the point of origin or  
34 termination of the trip is within the district's boundaries.

**488.030. A surcharge of fifteen dollars for each motor vehicle moving violation, as  
2 defined in section 302.010, RSMo, shall be assessed and collected. The surcharge collected  
3 under this section shall be credited to the school bus seat belt fund established in section  
4 160.1040, RSMo.**
