FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety – Missouri State Highway Patrol, – Division of Fire Safety, – Missouri State Water Patrol,** and the – **Capitol Police** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Office of Prosecution Services** assume the proposal would not have a significant direct fiscal impact on county prosecutors.

Officials from the **Department of Corrections (DOC)** state in current statute, disarming a police officer is minimally a class C felony. This proposal expands that definition by adding peace officer or correctional officer, thus increasing the possibility of conviction. The potential also exists that passage of this more specific proposal could serve as a deterrent for the criminal act.

ASSUMPTION (continued)

Currently, the DOC cannot predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost either through incarceration (FY05 average of \$39.13 per inmate, per day or an annual cost of \$14,282 per inmate) or through supervision provided by the Board of Probation and Parole (FY03 average of \$3.15 per offender, per day or an annual cost of \$1,150 per offender).

At this time, the DOC is unable to determine the number of people who would be convicted under the provisions of this bill and, therefore, the number of additional inmate beds that may be required as a consequence of passage of this proposal. Estimated construction cost for one new medium to maximum-security inmate bed is \$55,000. Utilizing this per-bed cost provides for a conservative estimate by the DOC, as facility start-up costs are not included and entire facilities and/or housing units would have to be constructed to cover the cost of housing new commitments resulting from the cumulative effect of various new legislation, if adopted as statute.

In summary, supervision by the DOC through probation or incarceration would result in additional unknown costs to the department. Eight (8) persons would have to be incarcerated per fiscal year to exceed \$100,000 annually. Due to the narrow scope of this new crime, it is assumed the impact would be less than \$100,000 per year for the DOC.

Officials from the Office of the State Public Defender did not respond to Oversight's request for fiscal impact.

Oversight assumes the Office of the State Public Defender (SPD) could absorb any costs of the proposed legislation within existing resources. Oversight assumes any significant increase in the workload of the SPD would be reflected in future budget requests.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

The proposed legislation creates the crime of disarming a peace or correctional officer if a person intentionally removes from the peace or correctional officer or deprives the peace or correctional officer the use of his or her firearm or other deadly weapon while the officer is acting within the scope of his or her official duties. The crime, a class C felony, does not include situations in which the person does not know or could not reasonably have known that the person was a peace or correctional officer or if the officer was engaged in felonious conduct at the time of the disarmament.

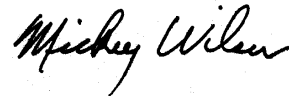

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
