

HB 1299 -- Private Investigations for Farm Commodities

Sponsor: Shoemyer

This bill requires any private entity entering private property to determine or verify the origin or source of a farm commodity or enforce any trade agreement or contract associated with the use of a genetically modified organism agricultural product to notify the landowner and the appropriate law enforcement agency prior to entry onto the landowner's property.

An entity in violation of the provisions of the bill will be guilty of trespassing and subject to a fine of \$10,000.
