

SCS HCS HB 1440 -- INCOME TAX

This bill authorizes a checkoff on the Missouri individual and corporate income tax forms for donations for cervical cancer awareness and treatment. Moneys collected will be used by the Department of Health and Senior Services to provide information on cervical cancer, early detection, testing and prevention; to collect statistical information on cervical cancer; and to provide services and funding for early detection, testing, and prevention.

The bill also changes the way individual net operating losses are calculated and removes the restriction for specific depreciation deductions.
