

## HB 1743 -- Voter Registration

Sponsor: Hoskins

This bill allows eligible individuals to register to vote on election day if they:

- (1) Appear in person at the correct polling place;
- (2) Present a valid Missouri driver's license, a birth certificate, a Native American tribal document, proof of United States citizenship, or some other form of personal identification; and
- (3) Complete a voter registration form.

Election authorities or election judges will register any new voters. New applications will be kept in a locked box that must be located in plain view at all times until delivered to the proper election authority after the close of voting. The box must be shown to be empty prior to the start of registration. After the close of the election, the proper election authority will add the names of the newly registered voters to the precinct register.
