

HB 1934 -- Compensation of School Administrators

Sponsor: Bearden

This bill requires a report of the total compensation package of each school administrator to be posted on the school district's web site by September 1 of each year. Each district will also annually furnish the total compensation package of the highest paid teacher and the superintendent to the Department of Elementary and Secondary Education for publication in the annual school report card. The information must be provided to parents, community members, media, and legislators by the deadlines or as soon as it becomes available.
