

SCS SB 575 & 714 -- Donation of Prescription Drugs

Sponsor: Scott

This substitute allows drugs donated to the Prescription Drug Repository Program in the Department of Health and Senior Services that are not used or accepted by any pharmacy, hospital, or nonprofit clinic in this state to be distributed to out-of-state charitable repositories for use outside of the state.

The department is required to develop a program through which unused prescription drugs may be transferred from long-term care facilities to city or county health departments for disbursement to low-income residents living in this state.
