137 **an appropriate measure, as determined by the department;**

620.1881. 1. The department of economic development shall respond within thirty days
2 to a company who provides a notice of intent with either [a proposal] **an approval** or a rejection
3 of the notice of intent. Failure to respond on behalf of the department of economic development
4 shall result in the notice of intent being deemed [a proposal] **an approval** for the purposes of this
5 section. A qualified company who is provided [a proposal] **an approval** for a project shall be
6 allowed a benefit as provided in this program in the amount and duration provided in this
7 section. A qualified company may receive additional periods for subsequent new jobs at the
8 same facility after the full initial period if the minimum thresholds are met as set forth in sections
9 620.1875 to 620.1890. There is no limit on the number of periods a qualified company may
10 participate in the program, as long as the minimum thresholds are achieved and the qualified
11 company provides the department with the required reporting and is in proper compliance for this
12 program or other state programs. A qualified company may elect to file a notice of intent to start
13 a new project period concurrent with an existing project period if the minimum thresholds are
14 achieved and the qualified company provides the department with the required reporting and is
15 in proper compliance for this program and other state programs; however, the qualified company
16 may not receive any further benefit under the original [proposal] **approval** for jobs created after
17 the date of the new notice of intent, and any jobs created before the new notice of intent may not
18 be included as new jobs for the purpose of benefit calculation in relation to the new [proposal]
19 **approval**.

20 2. Notwithstanding any provision of law to the contrary, any qualified company that is
21 awarded benefits under this program may not [also] **simultaneously** receive tax credits or
22 exemptions under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535,
23 or sections 135.900 to 135.906, RSMo[, for the same new jobs] at the **same** project facility. The
24 benefits available to the company under any other state programs for which the company is
25 eligible and which utilize withholding tax from the new jobs of the company must first be
26 credited to the other state program before the withholding retention level applicable under the
27 Missouri quality jobs act will begin to accrue. These other state programs include, but are not
28 limited to, the new jobs training program under sections 178.892 to 178.896, RSMo, the job
29 retention program under sections 178.760 to 178.764, RSMo, the real property tax increment
30 allocation redevelopment act, sections 99.800 to 99.865, RSMo, or the Missouri downtown and
31 rural economic stimulus act under sections 99.915 to 99.980, RSMo. If any qualified company
32 also participates in the new jobs training program in sections 178.892 to 178.896, RSMo, the
33 company shall retain no withholding tax, but the department shall issue a refundable tax credit
34 for the full amount of benefit allowed under this subdivision. **The calendar year annual**
35 **maximum amount of tax credits that may be issued to a qualifying company that also**
36 **participates in the new job training program shall be increased by an amount equivalent**

37 **to the withholding tax retained by that company under the new jobs training program.**
38 **However, if the combined benefits of the quality jobs training program and the new jobs**
39 **training program exceed the projected state benefit of the project, as determined by the**
40 **department of economic development through a cost-benefit analysis, the increase in the**
41 **maximum tax credits shall be limited to the amount that would not cause the combined**
42 **benefits to exceed the projected state benefit.**

43 3. The types of projects and the amount of benefits to be provided are:

44 (1) Small and expanding business projects: in exchange for the consideration provided
45 by the new tax revenues and other economic [stimulus] **stimuli** that will be generated by the new
46 jobs created by the program, a qualified company may retain an amount equal to the withholding
47 tax, **as calculated under subdivision (32) of section 620.1878**, from the new jobs that would
48 otherwise be withheld and remitted by the qualified company under the provisions of sections
49 143.191 to 143.265, RSMo, for a period of three years from the date the required number of new
50 jobs were created if the average wage of the new payroll equals or exceeds the county average
51 wage or for a period of five years from the date the required number of new jobs were created
52 if the average wage of the new payroll equals or exceeds one hundred twenty percent of the
53 county average wage;

54 (2) Technology business projects: in exchange for the consideration provided by the new
55 tax revenues and other economic stimulus that will be generated by the new jobs created by the
56 program, a qualified company may retain an amount equal to a maximum of five percent of new
57 payroll for a period of five years from the date the required number of jobs were created from
58 the withholding tax of the new jobs that would otherwise be withheld and remitted by the
59 qualified company under the provisions of sections 143.191 to 143.265, RSMo, if the average
60 wage of the new payroll equals or exceeds the county average wage. An additional one-half
61 percent of new payroll may be added to the five percent maximum if the average wage of the
62 new payroll in any year exceeds one hundred twenty percent of the county average wage in the
63 county in which the project facility is located, plus an additional one-half percent of new payroll
64 may be added if the average wage of the new payroll in any year exceeds one hundred forty
65 percent of the average wage in the county in which the project facility is located. The department
66 shall issue a refundable tax credit for any difference between the amount of benefit allowed
67 under this subdivision and the amount of withholding tax retained by the company, in the event
68 the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified
69 company under this subdivision. The calendar year annual maximum amount of tax credits that
70 may be issued to any qualified company for a project or combination of projects is five hundred
71 thousand dollars;

72 (3) High impact projects: in exchange for the consideration provided by the new tax
73 revenues and other economic [stimulus] **stimuli** that will be generated by the new jobs created
74 by the program, a qualified company may retain an amount from the withholding tax of the new
75 jobs that would otherwise be withheld and remitted by the qualified company under the
76 provisions of sections 143.191 to 143.265, RSMo, equal to three percent of new payroll for a
77 period of five years from the date the required number of jobs were created if the average wage
78 of the new payroll equals or exceeds the county average wage of the county in which the project
79 facility is located. The percentage of payroll allowed under this subdivision shall be three and
80 one-half percent of new payroll if the average wage of the new payroll in any year exceeds one
81 hundred twenty percent of the county average wage in the county in which the project facility is
82 located. The percentage of payroll allowed under this subdivision shall be four percent of new
83 payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of
84 the county average wage in the county in which the project facility is located. An additional one
85 percent of new payroll may be added to these percentages if local incentives equal between ten
86 percent and twenty-four percent of the new direct local revenue; an additional two percent of new
87 payroll is added to these percentages if the local incentives equal between twenty-five percent
88 and forty-nine percent of the new direct local revenue; or an additional three percent of payroll
89 is added to these percentages if the local incentives equal fifty percent or more of the new direct
90 local revenue. The department shall issue a refundable tax credit for any difference between the
91 amount of benefit allowed under this subdivision and the amount of withholding tax retained by
92 the company, in the event the withholding tax is not sufficient to provide the entire amount of
93 benefit due to the qualified company under this subdivision. The calendar year annual maximum
94 amount of tax credits that may be issued to any qualified company for a project or combination
95 of projects is seven hundred fifty thousand dollars. The calendar year annual maximum amount
96 of tax credit that may be issued to any qualified company for a project or combination of projects
97 may be increased up to one million dollars **if the number of new jobs will exceed five hundred**
98 **and** if such action is proposed by the department and approved by the quality jobs advisory task
99 force established in section 620.1887; provided, however, until such time as the initial at-large
100 members of the quality jobs advisory task force are appointed, this determination shall be made
101 by the director of the department of economic development. In considering such a request, the
102 task force shall rely on economic modeling and other information supplied by the department
103 when requesting the increased limit on behalf of the project;

104 (4) Job retention projects: a qualified company may receive a tax credit for the retention
105 of jobs in this state, provided the qualified company and the project meets all of the following
106 conditions:

107 (a) For each of the twenty-four months preceding the year in which application for the
108 program is made the qualified company must have maintained at least one thousand full-time[,
109 year-round] employees at the employer's site in the state at which the jobs are based, and the
110 average wage of such employees must meet or exceed the county average wage;

111 (b) The qualified company retained at the project facility the level of full-time[,
112 year-round] employees that existed in the taxable year immediately preceding the year in which
113 application for the program is made;

114 (c) The qualified company is considered to have a significant statewide effect on the
115 economy, and has been determined to represent a substantial risk of relocation from the state by
116 the quality jobs advisory task force established in section 620.1887; provided, however, until
117 such time as the initial at-large members of the quality jobs advisory task force are appointed,
118 this determination shall be made by the director of the department of economic development;

119 (d) The qualified company in the project facility will cause to be invested a minimum
120 of seventy million dollars in new investment prior to the end of two years or will cause to be
121 invested a minimum of thirty million dollars in new investment prior to the end of two years and
122 maintain an annual payroll of at least seventy million dollars during each of the years for which
123 a credit is claimed; and

124 (e) The local taxing entities shall provide local incentives of at least fifty percent of the
125 new direct local revenues created by the project over a ten-year period.

126

127 The quality jobs advisory task force may recommend to the department of economic
128 development that appropriate penalties be applied to the company for violating the agreement.
129 The amount of the job retention credit granted may be equal to up to fifty percent of the amount
130 of withholding tax generated by the full-time[, year-round] jobs at the project facility for a period
131 of five years. The calendar year annual maximum amount of tax credit that may be issued to any
132 qualified company for a job retention project or combination of job retention projects shall be
133 seven hundred fifty thousand dollars per year, but the maximum amount may be increased up to
134 one million dollars if such action is proposed by the department and approved by the quality jobs
135 advisory task force established in section 620.1887; provided, however, until such time as the
136 initial at-large members of the quality jobs advisory task force are appointed, this determination
137 shall be made by the director of the department of economic development. In considering such
138 a request, the task force shall rely on economic modeling and other information supplied by the
139 department when requesting the increased limit on behalf of the job retention project. In no
140 event shall the total amount of all tax credits issued for the entire job retention program under
141 this subdivision exceed three million dollars annually. Notwithstanding the above, no tax credits
142 shall be issued for job retention projects approved by the department after August 30, 2007.

143 4. The qualified company shall provide an annual report of the number of jobs and such
144 other information as may be required by the department to document the basis for the benefits
145 of this program. The department may withhold the approval of any benefits until it is satisfied
146 that proper documentation has been provided, and shall reduce the benefits to reflect any
147 reduction in full-time[, year-round] employees **or new payroll. Upon approval by the**
148 **department, the qualified company may begin the retention of the withholding taxes when**
149 **it reaches the minimum number of new jobs and the average wage exceeds the county**
150 **average wage. Tax credits, if any, may be issued upon satisfaction by the department that**
151 **the qualified company has exceeded the county average wage and the minimum number**
152 **of new jobs. In such annual report, if the average wage is below the county average wage,**
153 **the qualified company has not maintained the employee insurance as required, or if the**
154 **number of new jobs is below the minimum, the qualified company shall not receive tax**
155 **credits or retain the withholding tax for the balance of the benefit period. In the case of**
156 **a qualified company that initially filed a notice of intent and received an approval from the**
157 **department for high impact benefits, and the minimum number of new jobs in an annual**
158 **report is below the minimum for high impact projects, the company shall not receive tax**
159 **credits for the balance of the benefit period, but may continue to retain the withholding**
160 **taxes if it otherwise meets the requirements of a small and expanding business under this**
161 **program.**

162 5. The maximum calendar year annual tax credits issued for the entire program shall not
163 exceed [twelve] **twenty-four** million dollars. [Notwithstanding any provision of law to the
164 contrary, the maximum annual tax credits authorized under section 135.535, RSMo, are hereby
165 reduced from ten million dollars to eight million dollars, with the balance of two million dollars
166 transferred to this program.] There shall be no limit on the amount of withholding taxes that may
167 be retained by approved companies under this program.

168 6. The department shall allocate the annual tax credits based on the date of the [proposal]
169 **approval**, reserving such tax credits based on the department's best estimate of new jobs and
170 new payroll of the project, and the other factors in the determination of benefits of this program.
171 However, the annual issuance of tax credits is subject to the annual verification of the actual new
172 payroll. The allocation of tax credits for the period assigned to a project shall expire if, within
173 two years from the date of commencement of operations, or [proposal] **approval** if applicable,
174 the minimum thresholds have not been achieved. The qualified company may retain authorized
175 amounts from the withholding tax under this section once the minimum new jobs thresholds are
176 met for the duration of the project period. No benefits shall be provided under this program until
177 the qualified company meets the minimum new jobs thresholds. In the event the qualified
178 company does not meet the minimum new job threshold, the qualified company may submit a

179 new notice of intent or the department may provide a new [proposal] **approval** for a new project
180 of the qualified company at the project facility or other facilities.

181 7. For a qualified company with flow-through tax treatment to its members, partners, or
182 shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion
183 to their share of ownership on the last day of the qualified company's tax period.

184 8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148,
185 RSMo, and may not be carried forward but shall be claimed within one year of the close of the
186 taxable year for which they were issued.

187 9. Tax credits authorized by this section may be transferred, sold, or assigned by filing
188 a notarized endorsement thereof with the department that names the transferee, the amount of
189 tax credit transferred, and the value received for the credit, as well as any other information
190 reasonably requested by the department.

191 10. **Prior to the issuance of any tax credits, the department shall verify through the**
