2 [144.048. Notwithstanding provisions of the law to the contrary, the  
 director of revenue shall not assess state and local sales or use taxes, penalties or

3 interest on any sales of nondomestic game birds sold for the purpose of sport

 3 unconstitutional, the director of revenue may withhold from future distributions  
 4 due political subdivisions an amount equal to such political subdivision's share,  
 5 including interest, of the distribution from the local use tax fund since its  
 6 inception. The phrase "future distributions" as used in this section means any and  
 7 all present or future taxes collected and administered by the director on behalf of  
 the political subdivision.]

EXPLANATION: This section is ineffective; there are no moneys remaining in the fund.

2 [152.032. 1. Fifty percent of all taxes collected by the director of revenue  
 3 under the provisions of this chapter shall be deposited in the state treasury to the  
 4 credit of a fund to be known as the "Grade Crossing Fund", which is hereby  
 5 created and established for the purpose of providing revenues to protect the  
 6 public against hazards existing at the crossings of public roads, streets, and  
 7 highways with railroad tracks. Whenever the motor carrier and railroad safety  
 8 division of the department of economic development, pursuant to section  
 9 389.640, RSMo, orders the installation, construction or reconstruction of  
 10 automatic signals or other safety devices or other safety improvements at  
 11 crossings at grade of railroads and public roads, highways or streets, the cost  
 12 thereof, which the division apportions against the state, county, municipality or  
 13 other public authority in interest, shall be paid out of the grade crossing fund;  
 14 provided, however, that when any part of such cost can be paid from funds  
 15 available under any federal or federal aid highway act such part shall not be paid  
 16 from the grade crossing fund; and provided, further, that no more than ninety  
 17 percent of the cost of protecting any grade crossing shall be paid out of the grade  
 crossing fund. The motor carrier and railroad safety division of the department

18 of economic development shall, in cooperation with other governmental agencies  
 19 of the state, determine if any such cost can be paid from funds available under  
 20 any federal or federal aid highway act. An order of the motor carrier and railroad  
 21 safety division of the department of economic development for the payment of  
 22 any such cost from the grade crossing fund shall be authority for the state  
 23 treasurer to pay out of that fund to the person, firm, or corporation entitled thereto  
 24 under the division's order the amount so determined to be paid from said fund.  
 25 However, such payments annually shall not exceed in any one county an amount  
 26 equal to the distribution as set forth in section 152.050, unless the motor carrier  
 27 and railroad safety division of the department of economic development makes  
 28 a specific finding of facts and conclusions of law that a situation highly  
 29 dangerous to the public does exist.

30 2. The unexpended balance in the grade crossing fund at the end of each  
 31 fiscal year shall not revert to the general revenue fund as provided in section  
 32 33.080, RSMo, but shall accumulate from year to year.]

 3 submit an application for loan funds to the department for the purpose of  
 4 financing all or a portion of the costs incurred in implementing an energy  
 5 conservation project in a district owned and operated building or facility. The  
 6 application shall be accompanied by a technical assistance report. The  
 7 application and the technical assistance report shall be in such form and contain  
 8 such information as prescribed by the department.
- 9 2. All applications shall be assigned a "payback score" derived from the  
 10 application review performed by the department. Applications shall be selected  
 11 for loans beginning with the lowest payback score and continuing in ascending  
 12 numeric order to the highest payback score until all available loan funds have  
 13 been obligated within any given application cycle. In no case shall a loan be  
 made to finance an energy project with a payback score of less than six months

14 or more than five years. Applications may be approved for loans only in those  
 15 instances where the school district has furnished the department information  
 16 satisfactory to assure that the project cost will be recovered through energy cost  
 17 savings during the repayment period of the loan.

18 In no case shall a loan be made to a district unless two-thirds of the members of  
 19 the school board vote to approve the loan agreement.

20 3. The department of elementary and secondary education shall be  
 21 provided a summary of all proposed school district projects for review within  
 22 fifteen days from the application deadline. Once projects have been reviewed  
 23 and selected for loans by the department of natural resources, the department of  
 24 elementary and secondary education shall have thirty days to certify that those  
 25 projects selected for loans are consistent with related state programs for  
 26 educational facilities. No loan shall be provided to a school district until and  
 27 unless the department of elementary and secondary education has issued such  
 28 certification in writing to the department of natural resources.]

 3 school district which has received a loan pursuant to the provisions of sections  
 4 160.300 to 160.328 shall compute the actual energy cost savings resulting from  
 5 the implementation of the energy conservation project financed by the loan.  
 6 Energy cost savings shall be calculated in the manner prescribed by the  
 department.]

EXPLANATION: This section expired 01-01-01.

2 [160.306. 1. Each school district to which a loan has been made under  
 3 sections 160.300 to 160.328 shall repay such loan, with interest, in semiannual

10 3. The district shall not raise the funds needed to make the semiannual  
 11 loan payment by the levy of additional taxes and shall not provide for such  
 12 payment by a charge against any established district fund or account. The  
 13 semiannual loan payments shall be derived solely from energy cost savings

2 [400.9-629. (1) If it is established that the secured party is not  
3 proceeding in accordance with the provisions of this part disposition may be  
4 ordered or restrained on appropriate terms and conditions. If the disposition has  
5 occurred the debtor or any person entitled to notification or whose security  
6 interest has been made known to the secured party prior to the disposition has a  
7 right to recover from the secured party any loss caused by a failure to comply  
8 with the provisions of this part. If the collateral is consumer goods, the debtor  
9 has a right to recover in any event an amount not less than the credit service  
10 charge plus ten percent of the principal amount of the debt or the time price  
11 differential plus ten percent of the cash price.

12 (2) The fact that a better price could have been obtained by a sale at a  
13 different time or in a different method from that selected by the secured party is  
14 not of itself sufficient to establish that the sale was not made in a commercially  
15 reasonable manner. If the secured party either sells the collateral in the usual  
16 manner in any recognized market therefor or if he sells at the price current in  
17 such market at the time of his sale or if he has otherwise sold in conformity with  
18 reasonable commercial practices among dealers in the type of property sold he  
19 has sold in a commercially reasonable manner. The principles stated in the two  
20 preceding sentences with respect to sales also apply as may be appropriate to  
21 other types of disposition. A disposition which has been approved in any judicial  
22 proceeding or by any bona fide creditors' committee or representative of creditors  
23 shall conclusively be deemed to be commercially reasonable, but this sentence  
24 does not indicate that any such approval must be obtained in any case nor does  
25 it indicate that any disposition not so approved is not commercially reasonable.

3 dower in the real estate or relinquish her dower in the real estate of her husband,

6 the department of economic development. Subject to appropriation, the fund  
7 shall be used solely for the administration of and the purposes described in this  
8 section. Notwithstanding the provisions of section 33.080, RSMo, to the  
9 contrary, moneys in the fund shall not be transferred to the general revenue fund  
10 at the end of the biennium; provided, however, that all moneys in the fund on  
11 August 28, 2006, shall be transferred to the general revenue fund and the fund  
12 shall be abolished as of that date. All interest and moneys earned on investments

24 thousand may apply to the department of economic development for a grant from  
25 the contiguous property redevelopment fund. The department of economic  
26 development may promulgate the form for such applications in a manner  
27 consistent with this section. Grants from the fund may be made to the governing  
28 body to assist the body both acquiring multiple contiguous properties within such

31 include all allowable costs, as that term is defined in section 447.700, and any  
32 other costs involving the improvement of the property to a state in which its  
33 redevelopment will be more economically feasible than such property would have  
34 been if such improvements had not been made.

EXPLANATION: This section is ineffective; the conditions set forth in this section to delay the effective date for SB 590 enacted in 1994 were not met (see Attorney General's explanation dated 4/3/96).

2                   [643.360. This act shall not take effect until a cause of action is filed by  
3                   the attorney general on behalf of the state of Missouri and other appropriate  
4                   parties in a federal court of appropriate jurisdiction requesting injunctive relief  
5                   and to test the constitutionality and legality of sanctions threatened by the  
6                   Environmental Protection Agency pursuant to the federal Clean Air Act, as  
7                   amended, 42 U.S.C. 7401, et seq., and shall not take effect so long as a temporary  
8                   restraining order or injunction relating to such sanctions shall be in effect. Such  
9                   action may allege, among others, that the standards which determine that the St.  
10                  Louis metropolitan statistical area is a nonattainment area are unreasonable in  
11                  relation to the sanctions sought to be imposed by the Environmental Protection  
12                  Agency by virtue of the following:

12                  (1) That there is not sufficient substantial evidence to demonstrate a  
13                  rational relationship between the ambient air conditions in the St. Louis  
14                  metropolitan statistical area and the penalties sought to be imposed by the  
15                  Environmental Protection Agency;

16                  (2) That the standards which determine that the St. Louis metropolitan  
17                  statistical area is a nonattainment area and the penalties threatened by the  
18                  Environmental Protection Agency are arbitrary and lack a rational relationship  
19                  to the overall purpose of the federal Clean Air Act, as amended, 42 U.S.C. 7401,  
20                  et seq. in that;

21                  (a) That at only one of the seventeen monitoring sites in the St. Louis  
22                  metropolitan statistical area have there been more than the allowed number of  
23                  exceedances during the past three years; and

24                  (b) That for the exceedances at that single monitoring site, there exist  
25                  purely local causes which do not reflect nor bear a true relationship to the  
26                  ambient air quality of the St. Louis metropolitan statistical area; and

27                  (3) That the penalties available to be imposed by the Environmental  
28                  Protection Agency are unreasonable and arbitrary and bear no rational  
29                  relationship to the ambient air quality of the St. Louis metropolitan statistical area  
30                  in that:

31                  (a) At the single exceeding monitoring site there exist purely local causes  
32                  for the exceedances which do not bear a true relationship nor reflect the actual  
33                  ambient air quality of the St. Louis metropolitan statistical area;

34 (b) That the state of Missouri should be given a reasonable time to  
 35 correct the exceedances at the single exceeding site and the penalties should not  
 36 be assessed nor accrue prior to such time;

37 (c) That it is unreasonable to impose on the state of Missouri the  
 38 obligation to expend an estimated one hundred twenty-five million dollars to  
 39 reach attainment based upon the single exceeding site and the existing local  
 40 causes for the exceedances where those do not reflect nor bear a true relationship  
 41 to the ambient air quality of the St. Louis metropolitan statistical area;

42 (d) That the fifteen percent reduction in volatile organic compound  
 43 requirement in the federal Clean Air Act bears no relationship to the actual  
 44 ambient air quality of the St. Louis metropolitan statistical area because the  
 45 reduction is mandated by the Environmental Protection Agency whether or not  
 46 the St. Louis metropolitan statistical area reaches attainment status.]
