

HB 730 -- School Days Missed for Inclement Weather

Sponsor: Nolte

In the 2005-2006 school year, schools were allowed to reduce the number of required school days because of inclement weather and waive the requirement to schedule two-thirds of the missed days into the next year's calendar. This bill allows the same provisions for this school year for school districts that have missed days on or after January 12, 2007.

The bill contains an emergency clause.
