

HB 845 -- Voter Registration

Sponsor: Dixon

This bill allows applicants for hunting and fishing licenses to register to vote by completing a voter registration form at the store selling the license or mailing it to the appropriate election authority. The same rules for verifying a person's identity will apply, and the Secretary of State may establish rules to govern the application process. The Department of Conservation's web site is to provide a link to the web site of the applicant's election authority if available. Information collected by those registering to vote will be used only for the purpose of voter registration.
