

HB 1010 -- Mini-Trucks

Sponsor: Guest

This bill allows mini-trucks to be operated on all Missouri roadways except interstate highways. These trucks must comply with all traffic, titling, registration, and license plate regulations.

A "mini-truck" is defined as an imported vehicle with a passenger cab that is approximately 10.5 feet long and 4.5 feet wide, with a 660 cc engine or smaller and capable of speeds around 55 miles per hour.
