

HB 1289 -- Controlled Substances

Sponsor: Onder

This bill adds depressants to the list of Schedule V controlled substances and allows the sale of packages of less than 60 milligrams of pseudoephedrine without limitations. The bill prohibits the selling, dispensing, purchasing, or receiving of ephedrine, phenylpropanolamine, or pseudoephedrine by mail order or from a mobile retail vendor in any amount greater than 7.5 grams within any 30-day period or 3.6 grams within a 24-hour period.
