AN ACT

To amend chapter 407, RSMo, by adding thereto one new section relating to the dispensing of motor vehicle fuels for persons with a disability.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Chapter 407, RSMo, is amended by adding thereto one new section, to be known as section 407.509, to read as follows:

407.509. 1. Every dealer engaged in the retail sale of motor vehicle fuels at any service station providing facilities for both self-service and full-service sales shall require any attendant whose duties include the dispensing of motor vehicle fuels at full-service facilities to dispense motor vehicle fuels into any motor vehicle parked at a self-service facility which displays a license plate issued to a disabled veteran or a license plate or placard issued to a person with a disability, provided such disabled veteran or person with a disability operating such motor vehicle is not accompanied by a person capable of dispensing motor vehicle fuels. The price charged for such motor vehicle fuel shall be the price charged the general public for motor vehicle fuels dispensed at such self-service facility. Such service shall be provided only during hours in which full-service sales are offered to the general public, and such attendant shall not be required to perform other services which are offered only at full-service facilities.

2. The governor's council on disability established in section 286.200, RSMo, shall post on its Internet web site all full-service stations selling motor vehicle fuels in the state of Missouri.
