FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration (DIF)** state the bill would require the development of certain uniform application forms for department use.

While the provisions of the proposal would temporarily increase the duties of the DIFP when developing the uniform application forms, the DIFP believes existing appropriation levels can cover this work and no additional staff or expenses will be necessary. Therefore, the proposal has no fiscal impact on the DIFP.

Officials from the **Office of Secretary of State (SOS)** state the fiscal impact for this proposal is less than \$2,500. The SOS realizes this is a small amount and does not expect that additional funding would be required to meet these costs. The SOS recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of that the office can sustain within its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

<u>FISCAL IMPACT - State Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012

<u>FISCAL IMPACT - Local Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012

FISCAL IMPACT - Small Business

The proposal may have a small administrative impact on small business insurers and health care providers.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
