FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** and **Missouri Consolidated Health Care Plan** assume the proposal will have no fiscal impact on their organizations.

Officials from the **Missouri Department of Conservation (MDC)** state the proposed legislation would not appear to have a fiscal impact on MDC funds since the MDC insurance plan already requires members to be charged the lower of the typical prescription drug copayment or actual cost of the drug.

Officials from the **Department of Public Safety (DPS) - Directors' Office** state they are unable to determine the fiscal impact of the proposal and defer to the Missouri Consolidated Health Care Plan for response regarding the potential fiscal impact.

Officials from the **DPS - Missouri State Highway Patrol (MHP)** defer to the Missouri Department of Transportation for response regarding the potential fiscal impact of this proposal on their organization.

Officials from the **Missouri Department of Transportation (DOT)** state this proposal will have no fiscal impact on the DOT/Missouri Highway Transportation Commission as it only applies to HMOs and health insurers and not self-insured governmental plans such as the DOT/Patrol Medical Plan.
