FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Transportation, Department of Public Safety – Missouri State Highway Patrol**, and the – **Director’s Office** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Office of Prosecution Services** assume the proposal would not have a significant direct fiscal impact on county prosecutors or the Office of Prosecution Services.

Officials from the **Department of Corrections (DOC)** state this proposal revises assault of a law enforcement officer, emergency personnel, or probation and parole officer in the first, second, and third degrees by adding transit operators and metro vehicle operators. Existing penalty provisions, the component of the bill to have potential fiscal impact for DOC, is for up to a class A felony.

DOC officials assume offenders charged with any of the crimes outlined in this proposal could already be charged and prosecuted pursuant to current statutes for assault.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase of direct offender costs either through incarceration (FY08 average of \$15.64 per offender, per day or an annual cost of \$5,709 per inmate) or through supervision provided by the Board of Probation and Parole (FY08 average of \$2.47 per offender, per day or an annual cost of \$902 per offender).

The following factors contribute to DOC’s minimal assumption:

- DOC assumes the narrow scope of the crime will not encompass a large number of offenders; and

ASSUMPTION (continued)

- The probability exists that offenders would be charged with a similar offense or that sentences may run concurrent to one another.

In summary, supervision by the DOC through probation or incarceration would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

Officials from the **Office of the State Public Defender (SPD)** assume increasing penalties on existing crimes, or creating new crimes, will require more SPD resources. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional appropriations for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases.

Oversight assumes the Office of the State Public Defender (SPD) could absorb the costs of the proposed legislation within existing resources. Oversight assumes any significant increase in the workload of the SPD would be reflected in future budget requests.
