FISCAL ANALYSIS

ASSUMPTION

In response to a similar proposal from 2008 (SB 1089), officials from the **City of Grandview (Grandview)** estimated the proposal will have no fiscal impact in the first year; \$100,000 in the second year; and \$100,000 in the third year. Grandview has never had a hotel/motel tax before and officials state they are seeing an increase in traffic now that the Triangle project is complete. They estimate there are now 70,000 to 75,000 cars a day along Highway 71. This will increase with the opening of the National Nuclear Security Administration complex in 2010 and the intermodal facility at the former Richards-Gebaur Airport starting in the spring of 2008. Grandview has no funding for marketing, public relations, tourism, or infrastructure related to completing the Downtown Corridor Plan.

Costs associated with this proposal would relate to an election and voters have to authorize the tax. Grandview officials were not aware of any revenue losses associated with this proposal.

Oversight assumes this proposal allows Grandview to charge guest of hotels, motels and other business that offer sleeping rooms a five percent tax on lodging for transient guests. Oversight assumes the tax could not be implemented without voter approval; therefore, Oversight assumes the proposal is permissive and would not fiscally impact the state or local governments.

<u>FISCAL IMPACT - State Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

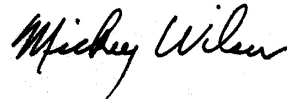

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
