FISCAL ANALYSIS

ASSUMPTION

Officials at the **Kansas City Board of Election Commission, Platte County Board of Election Commission, Office of the State Courts Administrator, Cass County** and the **Office of the State Public Defender** assume that there is no fiscal impact from this proposal.

Officials at the **Office of the Attorney General** assume that any potential costs arising from this proposal can be absorbed with existing resources.

Officials from the **Department of Corrections (DOC)** stated that they could not predict the number of new commitments which could result from the creation of the offense(s) outlined in the proposal. An increase in commitments would depend on the utilization of prosecutors and the actual sentences imposed by the courts. If additional persons were sentenced to the custody of the DOC due to the provisions of this legislation, the DOC would incur a corresponding increase in operational costs either through incarceration (FY 2008 average \$15.64 per inmate, per day or an annual cost of \$5,709) or through supervision provided by the Board of Probation and Parole (FY 2008 average \$2.47 per offender, per day or an annual cost of \$902).

In summary, supervision by the DOC through probation would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

ASSUMPTION (continued)

No other Board of Election Commission or Local Election Authority responded to Oversight's request for fiscal impact.
