

HB 1141 -- Employment Covenants

Sponsor: McNeil

This bill specifies that any provision of an employment, partnership, or corporate agreement between physicians containing a covenant not to compete to the extent it restricts the right of a physician to practice medicine upon termination of the agreement will be void, unenforceable, and against the public policy of the state. Any noncompetition provision is deemed severable from the agreement and does not affect the enforceability of any other provision of the agreement under state law.
