

HB 1174 -- Beef Research and Teaching Farm

Sponsor: Schlottach

This bill requires the Board of Curators of the University of Missouri to retain the experimental farm and research facility south of the Columbia campus, known as the Beef Research and Teaching Farm, for its current purpose of investigations, research, experiments, teachings, demonstrations, and outreach programs relating to the beef industry in Missouri. The board is authorized to purchase the necessary land and accept donated land for the purpose, as well as acquire options on land adjoining purchased or donated lands.
