

HCS SB 147 -- MISSOURI HEALTHY WORKPLACE RECOGNITION PROGRAM

(Vetoed by the Governor)

This bill requires the Governor's Council on Physical Fitness and Health to establish and develop the Missouri Healthy Workplace Recognition Program to recognize employers with more than 50 employees for excellence in promoting health, wellness, and prevention. The bill specifies the minimum criteria to receive the official state recognition. Each year five employers will be designated as the healthiest places to work in Missouri. The information will be posted on the state's Internet web site, and the employer will receive a plaque for this recognition.

The provisions of the bill will expire six years from the effective date.
