**FISCAL ANALYSIS**

ASSUMPTION

Officials from the **Department of Agriculture** assume there will be no fiscal impact to their agency.

Officials from the **Secretary of State's Office (SOS)** assume this proposal designates a new state symbol and may result in revisions to the School/Information Packet (state symbols brochure and coloring book) and the Official Manual (state symbols section) as published by the SOS.

Based on current content and distribution of the School Information Packet as published, the SOS would revise the materials of the packet to include the newly designated state symbol. The estimated cost to revise the packet for the approximately 100,000 packets distributed each fiscal year is \$500.

Based on the current content and layout of the state symbols section of the Official Manual, the SOS would revise this section to include a photo of the symbol and may result in additional page(s) to the book. The estimated cost of revising this section of the Official Manual would be \$0.03 per book. Additionally, the office would incur the cost of payment to an artist for a rendition of the new symbol. Based on historical costs, this is approximately \$100 per symbol.

**Oversight** assumes the SOS could absorb the costs of printing and distributing packets and sections of the State Manual related to this proposal. If multiple bills pass which require the printing and distribution of packets at substantial costs, the SOS could request funding through the appropriation process.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
