FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Corrections, Department of Public Safety – Missouri State Highway Patrol, – Director’s Office, Office of the State Public Defender, and the Jefferson City Police Department** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Department of Revenue (DOR)** assume the provisions in Section 571.101.2 propose a change to the minimum age requirement for a certificate of qualification for a concealed carry endorsement. The MEDL system would have to be modified to change the age edit for a concealed carry endorsement from twenty-three to twenty-one.

The DOR will need to update their website information regarding concealed carry endorsement issuance.

The DOR will need to coordinate information and changes to all law enforcement. A more detailed effort will be coordinated with the Missouri Sheriff’s Association, because Sheriffs actually issue the CCW certification.

DOR estimates the following impact:

Driver License Bureau (DLB)

The proposed changes will require:

- Drafting of updates to website information on CCW.
- Updating office procedures.
- Work with Sheriff’s Association to ensure all Sheriffs are notified of changes. Cost unknown.
- Development of Missouri Electronic Driver License system change requirements documents to define changes to minimum age and issuance periods for a concealed carry endorsement and completion of end-user testing by our internal staff. This will require overtime from existing staff in order to perform the testing:

ASSUMPTION (continued)

FY 11

Administrative Analyst –	120 hrs @ \$24 (1 ½) per hr = \$2,880.00
Management Analyst Specialist II –	130 hrs @ \$23 per hr = \$2,990.00
Revenue Band Manager –	10 hrs @ \$30 per hr = \$300.00
	Total = \$6,170.00

Cost for Personnel Services Bureau to update website and related forms for CCW information changes:

FY 11

Administrative Analyst III –	10 hours @ \$22 per hour = \$220.00
2 Management Analysis Specialist I –	80 hours @ \$21 per hour = \$1,680.00
	Total = \$1,900.00

OA– Information Technology

This legislation will require programming changes to the Missouri Electronic Driver License (MEDL also referred to as Over the Counter-OTC) software and supporting applications to change the minimum age and term of a concealed carry endorsement.

MEDL Contractor Cost for Programming:

FY11

20 Estimated hrs for project completion (requirements/programming/testing) x \$100 per hour (Hourly rate for an OTC contractor) = **\$2,000**.

DOR notes the change in the minimum age requirement from 23 to 21 may increase the volume of CCW endorsements which will increase revenue for the duplicate license fee; however, the number of applicants is unknown, but expected to be minimal.

Oversight assumes the Department of Revenue's (DOR) costs of updating the DOR's website and related forms for CCW information changes could be absorbed within existing resources.

ASSUMPTION (continued)

Officials from the **Boone County Sheriff's Department** assume an increase in revenues can be expected by reducing the eligibility age relative to the increased number of eligible applicants. Officials assume the amount of any expected increase is indeterminate. Officials also assume revenues will be gained via the additional fees for change of address (estimate approximately \$1,000 annually) and corrected certificates (estimate only about \$100.00 annually).

Oversight assumes county sheriff departments could experience increased revenues and increased costs due to the increased number of applications. For fiscal note purposes, Oversight assumes the revenues generated will equal the costs for processing the applications. Oversight also assumes county sheriff departments could experience increased revenues from the fees for change of address and corrected certificates. For fiscal note purposes, Oversight assumes these revenues will be minimal, and has not reflected these minimal costs.

Officials from the Office of Prosecution Services, Buchanan County Sheriff's Department, Clark County Sheriff's Department, Columbia Police Department, Independence Police Department, Jackson County Sheriff's Department, Kansas City Police Department, Platte County Sheriff's Department, Springfield Police Department, St. Charles Police Department, St. Joseph Police Department, St. Louis County Police Department, and the St. Louis Metropolitan Police Department did not respond to Oversight's request for fiscal impact.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation specifies that an individual who owns or leases private property may use deadly force against a person who unlawfully enters, remains after unlawfully entering, or attempts to unlawfully enter the property. The owner or lessor of the private property does not have a duty to retreat from the property. Sections 563.011 & 563.031.

The proposal exempts all prosecuting attorneys, assistant prosecuting attorneys, circuit attorneys, and assistant circuit attorneys who have completed the firearms safety training course required under Section 571.111, RSMo, from the general prohibition on carrying concealed firearms and from certain other restrictions in Section 571.030. An intoxicated individual will not be charged with the unlawful use of a weapon while keeping a firearm or projectile weapon in his or her own residence unless he or she has the firearm on or about his or her person or has threatened to retrieve a firearm from an area under his or her control for the purpose of doing bodily harm. Section 571.030.

FISCAL DESCRIPTION (continued)

The proposal repeals the provisions which specify that a Missouri resident is only allowed to purchase rifles and shotguns in states contiguous to Missouri and a resident of a contiguous state is allowed to purchase these items in Missouri if he or she conforms to the Federal Gun Control Act of 1968, the laws regarding these purchases in Missouri, and the laws of the state in which the purchase was made and allows a Missouri resident or the resident of any state to make these purchases if he or she conforms to the federal act and the laws of both states. Repeals Sections 407.500 and 407.505; enacts Sections 571.085 and 571.087.

The minimum age requirement for obtaining a concealed carry endorsement is lowered from 23 to 21 years of age. Conviction of a misdemeanor offense of domestic violence will be grounds to disqualify a person from receiving a concealed carry endorsement. Section 571.101.

To process a change of address for a concealed carry endorsement, the sheriff of the new jurisdiction may charge a fee of up to \$10; and a sheriff may charge a fee of up to \$10 to change the name on an endorsement. Section 571.104.

This legislation is not federally mandated, would not duplicate any other program, and would not require additional capital improvements or rental space.
