

SECOND REGULAR SESSION

# HOUSE BILL NO. 1525

## 95TH GENERAL ASSEMBLY

---

INTRODUCED BY REPRESENTATIVES SCHAAF (Sponsor), McCLANAHAN, JONES (63), JONES (89),  
ZERR AND COOPER (Co-sponsors).

4218L.011

D. ADAM CRUMBLISS, Chief Clerk

---

### AN ACT

To repeal section 208.152, RSMo, and to enact in lieu thereof two new sections relating to the standard of care for the treatment of persons with bleeding disorders.

---

*Be it enacted by the General Assembly of the state of Missouri, as follows:*

Section A. Section 208.152, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 208.152 and 338.400, to read as follows:

208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

17 Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. 301, et seq.), but the  
18 MO HealthNet division may evaluate outpatient hospital services rendered under this section and  
19 deny payment for services which are determined by the MO HealthNet division not to be  
20 medically necessary, in accordance with federal law and regulations;

21 (3) Laboratory and X-ray services;

22 (4) Nursing home services for participants, except to persons with more than five  
23 hundred thousand dollars equity in their home or except for persons in an institution for mental  
24 diseases who are under the age of sixty-five years, when residing in a hospital licensed by the  
25 department of health and senior services or a nursing home licensed by the department of health  
26 and senior services or appropriate licensing authority of other states or government-owned and  
27 -operated institutions which are determined to conform to standards equivalent to licensing  
28 requirements in Title XIX of the federal Social Security Act (42 U.S.C. 301, et seq.), as  
29 amended, for nursing facilities. The MO HealthNet division may recognize through its payment  
30 methodology for nursing facilities those nursing facilities which serve a high volume of MO  
31 HealthNet patients. The MO HealthNet division when determining the amount of the benefit  
32 payments to be made on behalf of persons under the age of twenty-one in a nursing facility may  
33 consider nursing facilities furnishing care to persons under the age of twenty-one as a  
34 classification separate from other nursing facilities;

35 (5) Nursing home costs for participants receiving benefit payments under subdivision  
36 (4) of this subsection for those days, which shall not exceed twelve per any period of six  
37 consecutive months, during which the participant is on a temporary leave of absence from the  
38 hospital or nursing home, provided that no such participant shall be allowed a temporary leave  
39 of absence unless it is specifically provided for in his plan of care. As used in this subdivision,  
40 the term "temporary leave of absence" shall include all periods of time during which a participant  
41 is away from the hospital or nursing home overnight because he is visiting a friend or relative;

42 (6) Physicians' services, whether furnished in the office, home, hospital, nursing home,  
43 or elsewhere;

44 (7) Drugs and medicines when prescribed by a licensed physician, dentist, or podiatrist;  
45 except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a  
46 licensed physician, dentist, or podiatrist may be made on behalf of any person who qualifies for  
47 prescription drug coverage under the provisions of P.L. 108-173;

48 (8) Emergency ambulance services and, effective January 1, 1990, medically necessary  
49 transportation to scheduled, physician-prescribed nonelective treatments;

50 (9) Early and periodic screening and diagnosis of individuals who are under the age of  
51 twenty-one to ascertain their physical or mental defects, and health care, treatment, and other  
52 measures to correct or ameliorate defects and chronic conditions discovered thereby. Such

53 services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and  
54 federal regulations promulgated thereunder;

55 (10) Home health care services;

56 (11) Family planning as defined by federal rules and regulations; provided, however, that  
57 such family planning services shall not include abortions unless such abortions are certified in  
58 writing by a physician to the MO HealthNet agency that, in his professional judgment, the life  
59 of the mother would be endangered if the fetus were carried to term;

60 (12) Inpatient psychiatric hospital services for individuals under age twenty-one as  
61 defined in Title XIX of the federal Social Security Act (42 U.S.C. 1396d, et seq.);

62 (13) Outpatient surgical procedures, including presurgical diagnostic services performed  
63 in ambulatory surgical facilities which are licensed by the department of health and senior  
64 services of the state of Missouri; except, that such outpatient surgical services shall not include  
65 persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965  
66 amendments to the federal Social Security Act, as amended, if exclusion of such persons is  
67 permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security  
68 Act, as amended;

69 (14) Personal care services which are medically oriented tasks having to do with a  
70 person's physical requirements, as opposed to housekeeping requirements, which enable a person  
71 to be treated by his physician on an outpatient rather than on an inpatient or residential basis in  
72 a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be  
73 rendered by an individual not a member of the participant's family who is qualified to provide  
74 such services where the services are prescribed by a physician in accordance with a plan of  
75 treatment and are supervised by a licensed nurse. Persons eligible to receive personal care  
76 services shall be those persons who would otherwise require placement in a hospital,  
77 intermediate care facility, or skilled nursing facility. Benefits payable for personal care services  
78 shall not exceed for any one participant one hundred percent of the average statewide charge for  
79 care and treatment in an intermediate care facility for a comparable period of time. Such  
80 services, when delivered in a residential care facility or assisted living facility licensed under  
81 chapter 198, RSMo, shall be authorized on a tier level based on the services the resident requires  
82 and the frequency of the services. A resident of such facility who qualifies for assistance under  
83 section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with  
84 the fewest services. The rate paid to providers for each tier of service shall be set subject to  
85 appropriations. Subject to appropriations, each resident of such facility who qualifies for  
86 assistance under section 208.030 and meets the level of care required in this section shall, at a  
87 minimum, if prescribed by a physician, be authorized up to one hour of personal care services  
88 per day. Authorized units of personal care services shall not be reduced or tier level lowered

89 unless an order approving such reduction or lowering is obtained from the resident's personal  
90 physician. Such authorized units of personal care services or tier level shall be transferred with  
91 such resident if her or she transfers to another such facility. Such provision shall terminate upon  
92 receipt of relevant waivers from the federal Department of Health and Human Services. If the  
93 Centers for Medicare and Medicaid Services determines that such provision does not comply  
94 with the state plan, this provision shall be null and void. The MO HealthNet division shall notify  
95 the revisor of statutes as to whether the relevant waivers are approved or a determination of  
96 noncompliance is made;

97 (15) Mental health services. The state plan for providing medical assistance under Title  
98 XIX of the Social Security Act, 42 U.S.C. 301, as amended, shall include the following mental  
99 health services when such services are provided by community mental health facilities operated  
100 by the department of mental health or designated by the department of mental health as a  
101 community mental health facility or as an alcohol and drug abuse facility or as a child-serving  
102 agency within the comprehensive children's mental health service system established in section  
103 630.097, RSMo. The department of mental health shall establish by administrative rule the  
104 definition and criteria for designation as a community mental health facility and for designation  
105 as an alcohol and drug abuse facility. Such mental health services shall include:

106 (a) Outpatient mental health services including preventive, diagnostic, therapeutic,  
107 rehabilitative, and palliative interventions rendered to individuals in an individual or group  
108 setting by a mental health professional in accordance with a plan of treatment appropriately  
109 established, implemented, monitored, and revised under the auspices of a therapeutic team as a  
110 part of client services management;

111 (b) Clinic mental health services including preventive, diagnostic, therapeutic,  
112 rehabilitative, and palliative interventions rendered to individuals in an individual or group  
113 setting by a mental health professional in accordance with a plan of treatment appropriately  
114 established, implemented, monitored, and revised under the auspices of a therapeutic team as a  
115 part of client services management;

116 (c) Rehabilitative mental health and alcohol and drug abuse services including home and  
117 community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions  
118 rendered to individuals in an individual or group setting by a mental health or alcohol and drug  
119 abuse professional in accordance with a plan of treatment appropriately established,  
120 implemented, monitored, and revised under the auspices of a therapeutic team as a part of client  
121 services management. As used in this section, mental health professional and alcohol and drug  
122 abuse professional shall be defined by the department of mental health pursuant to duly  
123 promulgated rules. With respect to services established by this subdivision, the department of  
124 social services, MO HealthNet division, shall enter into an agreement with the department of

125 mental health. Matching funds for outpatient mental health services, clinic mental health  
126 services, and rehabilitation services for mental health and alcohol and drug abuse shall be  
127 certified by the department of mental health to the MO HealthNet division. The agreement shall  
128 establish a mechanism for the joint implementation of the provisions of this subdivision. In  
129 addition, the agreement shall establish a mechanism by which rates for services may be jointly  
130 developed;

131 (16) Such additional services as defined by the MO HealthNet division to be furnished  
132 under waivers of federal statutory requirements as provided for and authorized by the federal  
133 Social Security Act (42 U.S.C. 301, et seq.) subject to appropriation by the general assembly;

134 (17) Beginning July 1, 1990, the services of a certified pediatric or family nursing  
135 practitioner with a collaborative practice agreement to the extent that such services are provided  
136 in accordance with chapters 334 and 335, RSMo, and regulations promulgated thereunder;

137 (18) Nursing home costs for participants receiving benefit payments under subdivision  
138 (4) of this subsection to reserve a bed for the participant in the nursing home during the time that  
139 the participant is absent due to admission to a hospital for services which cannot be performed  
140 on an outpatient basis, subject to the provisions of this subdivision:

141 (a) The provisions of this subdivision shall apply only if:

142 a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO  
143 HealthNet certified licensed beds, according to the most recent quarterly census provided to the  
144 department of health and senior services which was taken prior to when the participant is  
145 admitted to the hospital; and

146 b. The patient is admitted to a hospital for a medical condition with an anticipated stay  
147 of three days or less;

148 (b) The payment to be made under this subdivision shall be provided for a maximum of  
149 three days per hospital stay;

150 (c) For each day that nursing home costs are paid on behalf of a participant under this  
151 subdivision during any period of six consecutive months such participant shall, during the same  
152 period of six consecutive months, be ineligible for payment of nursing home costs of two  
153 otherwise available temporary leave of absence days provided under subdivision (5) of this  
154 subsection; and

155 (d) The provisions of this subdivision shall not apply unless the nursing home receives  
156 notice from the participant or the participant's responsible party that the participant intends to  
157 return to the nursing home following the hospital stay. If the nursing home receives such  
158 notification and all other provisions of this subsection have been satisfied, the nursing home shall  
159 provide notice to the participant or the participant's responsible party prior to release of the  
160 reserved bed;

161 (19) Prescribed medically necessary durable medical equipment. An electronic  
162 web-based prior authorization system using best medical evidence and care and treatment  
163 guidelines consistent with national standards shall be used to verify medical need;

164 (20) Hospice care. As used in this [subsection] **subdivision**, the term "hospice care"  
165 means a coordinated program of active professional medical attention within a home, outpatient  
166 and inpatient care which treats the terminally ill patient and family as a unit, employing a  
167 medically directed interdisciplinary team. The program provides relief of severe pain or other  
168 physical symptoms and supportive care to meet the special needs arising out of physical,  
169 psychological, spiritual, social, and economic stresses which are experienced during the final  
170 stages of illness, and during dying and bereavement and meets the Medicare requirements for  
171 participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid  
172 by the MO HealthNet division to the hospice provider for room and board furnished by a nursing  
173 home to an eligible hospice patient shall not be less than ninety-five percent of the rate of  
174 reimbursement which would have been paid for facility services in that nursing home facility for  
175 that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget  
176 Reconciliation Act of 1989);

177 (21) Prescribed medically necessary dental services. Such services shall be subject to  
178 appropriations. An electronic web-based prior authorization system using best medical evidence  
179 and care and treatment guidelines consistent with national standards shall be used to verify  
180 medical need;

181 (22) Prescribed medically necessary optometric services. Such services shall be subject  
182 to appropriations. An electronic web-based prior authorization system using best medical  
183 evidence and care and treatment guidelines consistent with national standards shall be used to  
184 verify medical need;

185 (23) **Blood clotting products-related services. For persons diagnosed with a**  
186 **bleeding disorder, as defined in section 338.400, RSMo, reliant on blood clotting products,**  
187 **as defined in section 338.400, RSMo, such services include:**

188 (a) **Home delivery of blood clotting products and ancillary infusion equipment and**  
189 **supplies, including the emergency deliveries of the product when medically necessary;**

190 (b) **Medically necessary ancillary infusion equipment and supplies required to**  
191 **administer the blood clotting products; and**

192 (c) **In-home assessments conducted by a pharmacist, nurse, or local home health**  
193 **care agency trained in bleeding disorders when deemed necessary by the participant's**  
194 **treating physician;**

195 (24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter,  
196 report the status of MO HealthNet provider reimbursement rates as compared to one hundred

197 percent of the Medicare reimbursement rates and compared to the average dental reimbursement  
198 rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July  
199 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare  
200 reimbursement rates and for third-party payor average dental reimbursement rates. Such plan  
201 shall be subject to appropriation and the division shall include in its annual budget request to the  
202 governor the necessary funding needed to complete the four-year plan developed under this  
203 subdivision.

204 2. Additional benefit payments for medical assistance shall be made on behalf of those  
205 eligible needy children, pregnant women and blind persons with any payments to be made on the  
206 basis of the reasonable cost of the care or reasonable charge for the services as defined and  
207 determined by the division of medical services, unless otherwise hereinafter provided, for the  
208 following:

209 (1) Dental services;

210 (2) Services of podiatrists as defined in section 330.010, RSMo;

211 (3) Optometric services as defined in section 336.010, RSMo;

212 (4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids,  
213 and wheelchairs;

214 (5) Hospice care. As used in this subsection, the term "hospice care" means a  
215 coordinated program of active professional medical attention within a home, outpatient and  
216 inpatient care which treats the terminally ill patient and family as a unit, employing a medically  
217 directed interdisciplinary team. The program provides relief of severe pain or other physical  
218 symptoms and supportive care to meet the special needs arising out of physical, psychological,  
219 spiritual, social, and economic stresses which are experienced during the final stages of illness,  
220 and during dying and bereavement and meets the Medicare requirements for participation as a  
221 hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO  
222 HealthNet division to the hospice provider for room and board furnished by a nursing home to  
223 an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement  
224 which would have been paid for facility services in that nursing home facility for that patient,  
225 in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget  
226 Reconciliation Act of 1989);

227 (6) Comprehensive day rehabilitation services beginning early posttrauma as part of a  
228 coordinated system of care for individuals with disabling impairments. Rehabilitation services  
229 must be based on an individualized, goal-oriented, comprehensive and coordinated treatment  
230 plan developed, implemented, and monitored through an interdisciplinary assessment designed  
231 to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO  
232 HealthNet division shall establish by administrative rule the definition and criteria for

233 designation of a comprehensive day rehabilitation service facility, benefit limitations and  
234 payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010,  
235 RSMo, that is created under the authority delegated in this subdivision shall become effective  
236 only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if  
237 applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and  
238 if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review,  
239 to delay the effective date, or to disapprove and annul a rule are subsequently held  
240 unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after  
241 August 28, 2005, shall be invalid and void.

242         3. The MO HealthNet division may require any participant receiving MO HealthNet  
243 benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July  
244 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered  
245 services except for those services covered under subdivisions (14) and (15) of subsection 1 of  
246 this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title  
247 XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.) and regulations thereunder.  
248 When substitution of a generic drug is permitted by the prescriber according to section 338.056,  
249 RSMo, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may  
250 not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX  
251 of the federal Social Security Act. A provider of goods or services described under this section  
252 must collect from all participants the additional payment that may be required by the MO  
253 HealthNet division under authority granted herein, if the division exercises that authority, to  
254 remain eligible as a provider. Any payments made by participants under this section shall be in  
255 addition to and not in lieu of payments made by the state for goods or services described herein  
256 except the participant portion of the pharmacy professional dispensing fee shall be in addition  
257 to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time  
258 a service is provided or at a later date. A provider shall not refuse to provide a service if a  
259 participant is unable to pay a required payment. If it is the routine business practice of a provider  
260 to terminate future services to an individual with an unclaimed debt, the provider may include  
261 uncollected co-payments under this practice. Providers who elect not to undertake the provision  
262 of services based on a history of bad debt shall give participants advance notice and a reasonable  
263 opportunity for payment. A provider, representative, employee, independent contractor, or agent  
264 of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection  
265 shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for  
266 Medicare and Medicaid Services does not approve the Missouri MO HealthNet state plan  
267 amendment submitted by the department of social services that would allow a provider to deny  
268 future services to an individual with uncollected co-payments, the denial of services shall not be

269 allowed. The department of social services shall inform providers regarding the acceptability  
270 of denying services as the result of unpaid co-payments.

271 4. The MO HealthNet division shall have the right to collect medication samples from  
272 participants in order to maintain program integrity.

273 5. Reimbursement for obstetrical and pediatric services under subdivision (6) of  
274 subsection 1 of this section shall be timely and sufficient to enlist enough health care providers  
275 so that care and services are available under the state plan for MO HealthNet benefits at least to  
276 the extent that such care and services are available to the general population in the geographic  
277 area, as required under subparagraph (a)(30)(A) of 42 U.S.C. 1396a and federal regulations  
278 promulgated thereunder.

279 6. Beginning July 1, 1990, reimbursement for services rendered in federally funded  
280 health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404  
281 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations  
282 promulgated thereunder.

283 7. Beginning July 1, 1990, the department of social services shall provide notification  
284 and referral of children below age five, and pregnant, breast-feeding, or postpartum women who  
285 are determined to be eligible for MO HealthNet benefits under section 208.151 to the special  
286 supplemental food programs for women, infants and children administered by the department  
287 of health and senior services. Such notification and referral shall conform to the requirements  
288 of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

289 8. Providers of long-term care services shall be reimbursed for their costs in accordance  
290 with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. 1396a, as  
291 amended, and regulations promulgated thereunder.

292 9. Reimbursement rates to long-term care providers with respect to a total change in  
293 ownership, at arm's length, for any facility previously licensed and certified for participation in  
294 the MO HealthNet program shall not increase payments in excess of the increase that would  
295 result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C.  
296 1396a (a)(13)(C).

297 10. The MO HealthNet division, may enroll qualified residential care facilities and  
298 assisted living facilities, as defined in chapter 198, RSMo, as MO HealthNet personal care  
299 providers.

300 11. Any income earned by individuals eligible for certified extended employment at a  
301 sheltered workshop under chapter 178, RSMo, shall not be considered as income for purposes  
302 of determining eligibility under this section.

**338.400. 1. As used in this section, the following terms shall mean:**

2           (1) "Ancillary infusion equipment and supplies", the equipment and supplies  
3 required to infuse a blood clotting therapy product into a human vein, including syringes,  
4 needles, sterile gauze, field pads, gloves, alcohol swabs, numbing creams, tourniquets,  
5 medical tape, sharps or equivalent biohazard waste containers, and cold compression  
6 packs;

7           (2) "Assay", the amount of a particular constituent of a mixture or of the biological  
8 or pharmacological potency of a drug;

9           (3) "Bleeding disorder", a medical condition characterized by a deficiency or  
10 absence of one or more essential blood-clotting components in the human blood, including  
11 all forms of hemophilia, von Willebrand's disease, and other bleeding disorders that result  
12 in uncontrollable bleeding or abnormal blood clotting;

13           (4) "Blood clotting product", a medicine approved for distribution by the federal  
14 Food and Drug Administration that is used for the treatment and prevention of symptoms  
15 associated with bleeding disorders, including but not limited to recombinant Factor VII,  
16 recombinant-activated Factor VIIa, recombinant Factor VIII, plasma-derived Factor VIII,  
17 recombinant Factor IX, plasma-derived Factor IX, von Willebrand factor products, bypass  
18 products for patients with inhibitors, prothrombin complex concentrates; and activated  
19 prothrombin complex concentrates;

20           (5) "Home nursing services", specialized nursing care provided in the home setting  
21 to assist a patient in the reconstitution and administration of blood clotting products;

22           (6) "Home use", infusion or other use of a blood clotting product in a place other  
23 than a hemophilia treatment center, hospital, emergency room, physician's office,  
24 outpatient facility, or clinic;

25           (7) "Pharmacy", an entity engaged in practice of pharmacy as defined in section  
26 338.010 that provides patients with blood clotting products and ancillary infusion  
27 equipment and supplies.

28           2. The Missouri state board of pharmacy shall promulgate rules governing the  
29 standard of care for individuals needing blood clotting therapies. Such rules shall include,  
30 when feasible, the standards established by the medical advisory committees of the patient  
31 groups representing the hemophilia and von Willebrand diseases, including but not limited  
32 to Recommendation 188 of the National Hemophilia Foundation's Medical and Scientific  
33 Advisory Council. Such rules shall include safeguards to ensure the pharmacy provides:

34           (1) All brands of blood clotting products that are approved by the federal Food and  
35 Drug Administration in all available assays and vial sizes;
