

HB 2115 -- Personal Information on Emergency Registries

Sponsor: Hobbs

This bill specifies that any personal identifying information that is utilized in a voluntary registry of persons with health-related ailments created by a governmental body to assist these individuals during a disaster is not to be considered a public record under the Open Meetings and Records Law, commonly known as the Sunshine Law. However, a governmental body cannot deny a lawful request for the identifying information from any law enforcement agency or public governmental body providing emergency services.
