

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SIXTY-SIXTH DAY, WEDNESDAY, MAY 4, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Thou wilt show me the path of life: in Thy presence is fullness of joy. (Psalm 16:11)

O God, Ruler of governments, You have surrounded us with Your mercies, You have guided us with Your wisdom, You have blessed us with Your love. Continue to breathe upon us, breath of God, fill us with life anew, that we may love what You love and do what You would do - so may our lives be more worthy in Your sight and our labor be in accordance with Your Holy will.

Deliver us from pride and prejudice and bless us with the glorious liberty of an open mind and responsive heart. Clothe us with the spirit that never fails to bear the fruit of happiness, integrity and love. Finally, give relief and comfort to all who have suffered from the recent floods and tornadoes in our state. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Travis Sims and Katrina Enlow.

The Journal of the sixty-fifth day was approved as printed by the following vote:

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative McCaherty, **House Amendment No. 2** was adopted.

Representative Schad offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 173, Page 10, Section 249.425, Line 97, by inserting after said line the following:

“302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

- (a) [A business, occupation, or] **Driving to or from the operator’s places of employment;**
- (b) [Seeking medical treatment for such operator;
- (c)] Attending school or other institution of higher education;

[(d)] (c) Attending alcohol or drug treatment programs; or

[(e)] (d) Seeking the required services of a certified ignition interlock device provider; [or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator;] the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of paragraph (a) of subdivision (6) of this subsection on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license denial under paragraph (a) or (b) of subdivision (8) of this subsection, until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege who at the time of application for a limited driving privilege has previously been granted such a privilege within the immediately preceding five years, or whose license has been suspended or revoked for the following reasons:

(a) A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b) A conviction of any felony in the commission of which a motor vehicle was used;

(c) Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), (10) or (11) of section 302.060;

(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060;

(e) Due to a revocation for the first time for failure to submit to a chemical test pursuant to section 577.041 or due to a refusal to submit to a chemical test in any other state, if such person has not completed the first ninety days of such revocation;

(f) Violation more than once of the provisions of section 577.041 or a similar implied consent law of any other state; or

(g) Due to a suspension pursuant to subsection 2 of section 302.525 and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed such revocation.

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, canceled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of section 302.060, to apply for a limited driving privilege pursuant to this subsection if such person has served at least three years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding three years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of involuntary manslaughter while operating a motor vehicle in an intoxicated condition, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of section 302.060, to apply for a limited driving privilege pursuant to this subsection if such person has served at least two years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding two years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision.

(9) A DWI docket or court established under section 478.007 may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law. The DWI docket or court shall not grant a limited driving privilege to a participant during his or her initial forty-five days of participation.

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.”; and

Further amend said bill, Page 11, Section 319.025, Line 38, by inserting after said line the following:

Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the state highways and transportation commission to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

5. Nothing in this section shall be construed as permitting lawful axle loads, tandem axle loads or gross loads in excess of those permitted under the provisions of Section 127 of Title 23 of the United States Code.

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight limitations in an amount not to exceed two thousand pounds. However, total gross weight shall not exceed eighty thousand pounds, except as provided in subsection 9 of this section.

7. Notwithstanding any provision of this section to the contrary, the department of transportation shall issue a single-use special permit, or upon request of the owner of the truck or equipment, shall issue an annual permit, for the transporting of any concrete pump truck or well-drillers' equipment. The department of transportation shall set fees for the issuance of permits pursuant to this subsection. Notwithstanding the provisions of section 301.133, concrete pump trucks or well-drillers' equipment may be operated on state-maintained roads and highways at any time on any day.

8. Notwithstanding the provision of this section to the contrary, the maximum gross vehicle limit and axle weight limit for any vehicle or combination of vehicles equipped with an idle reduction technology may be increased by a quantity necessary to compensate for the additional weight of the idle reduction system as provided for in 23 U.S.C. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than four hundred pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

9. Notwithstanding subsection 3 of this section or any other provision of law to the contrary, the total gross weight of any vehicle or combination of vehicles hauling livestock **or agricultural products not including local log truck as defined in section 301.010** may be as much as, but shall not exceed, eighty-five thousand five hundred pounds [while operating on U.S. Highway 36 from St. Joseph to U.S. Highway 65, and on U.S. Highway 65 from the Iowa state line to U.S. Highway 36]. **The provisions of this subsection, however, shall not apply to vehicles operated on the Dwight D. Eisenhower System of Interstate and Defense Highways.**”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Smith (150), **House Amendment No. 5** was adopted.

Representative Hough offered **House Amendment No. 6**.

House Amendment No. 6

AMEND House Committee Substitute for Senate Bill No. 173, Page 10, Section 249.425, Line 97, by inserting after all of said line the following:

“304.120. 1. Municipalities, by ordinance, may establish reasonable speed regulations for motor vehicles within the limits of such municipalities. No person who is not a resident of such municipality and who has not been within the limits thereof for a continuous period of more than forty-eight hours, shall be convicted of a violation of such ordinances, unless it is shown by competent evidence that there was posted at the place where the boundary of such municipality joins or crosses any highway a sign displaying in black letters not less than four inches high and one inch wide on a white background the speed fixed by such municipality so that such sign may be clearly seen by operators and drivers from their vehicles upon entering such municipality.

2. Municipalities, by ordinance, may:

- (1) Make additional rules of the road or traffic regulations to meet their needs and traffic conditions;
- (2) Establish one-way streets and provide for the regulation of vehicles thereon;
- (3) Require vehicles to stop before crossing certain designated streets and boulevards;
- (4) Limit the use of certain designated streets and boulevards to passenger vehicles, **except that each municipality shall allow at least one street, with lawful traffic movement and access from both directions, to be available for use by commercial vehicles to access any roads in the state highway system. Under no circumstances shall the provisions of this subdivision be construed to authorize municipalities to limit the use of all streets in the municipality;**

- (5) Prohibit the use of certain designated streets to vehicles with metal tires, or solid rubber tires;

(6) Regulate the parking of vehicles on streets by the installation of parking meters for limiting the time of parking and exacting a fee therefor or by the adoption of any other regulatory method that is reasonable and practical, and prohibit or control left-hand turns of vehicles;

(7) Require the use of signaling devices on all motor vehicles; and

(8) Prohibit sound producing warning devices, except horns directed forward.

3. No ordinance shall be valid which contains provisions contrary to or in conflict with this chapter, except as herein provided.

4. No ordinance shall impose liability on the owner-lessor of a motor vehicle when the vehicle is being permissively used by a lessee and is illegally parked or operated if the registered owner-lessor of such vehicle furnishes the name, address and operator's license number of the person renting or leasing the vehicle at the time the violation occurred to the proper municipal authority within three working days from the time of receipt of written request for such information. Any registered owner-lessor who fails or refuses to provide such information within the period required by this subsection shall be liable for the imposition of any fine established by municipal ordinance for the violation. Provided, however, if a leased motor vehicle is illegally parked due to a defect in such vehicle, which renders it inoperable, not caused by the fault or neglect of the lessee, then the lessor shall be liable on any violation for illegal parking of such vehicle.

5. No ordinance shall deny the use of commercial vehicles on all streets within the municipality.

537.293. 1. Notwithstanding any other provision of law, the use of vehicles on a public street or highway in a manner which is legal under state and local law shall not constitute a public or private nuisance, and shall not be the basis of a civil action for public or private nuisance.

2. No individual or business entity shall be subject to any civil action in law or equity for a public or private nuisance on the basis of such individual or business entity legally using vehicles on a public street or highway. Any actions by a court in this state to enjoin the use of a public street or highway in violation of this section and any damages awarded or imposed by a court, or assessed by a jury, against an individual or business entity for public or private nuisance in violation of this section shall be null and void.

3. Notwithstanding any other provision of law, nothing in this section shall be construed to limit civil liability for compensatory damages arising from physical injury to another human being.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Hough, **House Amendment No. 6** was adopted.

Representative Torpey offered **House Amendment No. 7.**

shall also include the operation of a street car or other rail-based or fixed guideway public mass transportation system, and the revenue of such district may be used to pay for the design, construction, ownership and operation of such a street car or other rail-based or fixed guideway public mass transportation system by such district or such municipality, or by a local transportation authority having jurisdiction within such municipality.

(6) "Public mass transportation system", a transportation system owned or operated by a governmental or quasi-governmental entity, employing motor buses, rails, or any other means of conveyance, by whatsoever type of power, operated for public use in the conveyance of persons, mainly providing local transportation service within a municipality or a single metropolitan statistical area.

2. For the purposes of sections 11(c), 16 and 22 of article X of the Constitution of Missouri, section 137.073, and as used in sections 238.200 to 238.275, the following terms shall have the meanings given:

(1) "Approval of the required majority" or "direct voter approval", a simple majority;

(3) "Registered voters", persons qualified and registered to vote pursuant to chapter 115.

238.225. 1. Before construction or funding of any project the district shall submit the proposed project to the commission for its prior approval. If the commission by minute finds that the project will improve or is a necessary or desirable extension of the state highways and transportation system, the commission may preliminarily approve the project subject to the district providing plans and specifications for the proposed project and making any revisions in the plans and specifications required by the commission and the district and commission entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After such preliminary approval, the district may impose and collect such taxes and assessments as may be included in the commission's preliminary approval. After the commission approves the final construction plans and specifications, the district shall obtain prior commission approval of any modification of such plans or specifications.

2. If the proposed project is not intended to be merged into the state highways and transportation system under the commission's jurisdiction, the district shall also submit the proposed project and proposed plans and specifications to the local transportation authority that will become the owner of the project for its prior approval.

3. In those instances where a local transportation authority is required to approve a project and the commission determines that it has no direct interest in that project, the commission may decline to consider the project.

Approval of the project shall then vest exclusively with the local transportation authority subject to the district making any revisions in the plans and specifications required by the local transportation authority and the district and the local transportation authority entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After the local transportation authority approves the final construction plans and specifications, the district shall obtain prior approval of the local transportation authority before modifying such plans or specifications.

4. Notwithstanding any provision of this section to the contrary, this section shall not apply to any district whose project is a public mass transportation system.

238.235. 1. (1) Any transportation development district may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to all sales of electricity or electrical current, water and gas, natural or artificial, nor to sales of service to telephone subscribers, either local or long distance. Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless:

(a) The board of directors of the transportation development district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of this section; or

(b) The voters approved the question certified by the petition filed pursuant to subsection 5 of section 238.207.

(2) If the transportation district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of paragraph (a) of subdivision (1) of this subsection, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the transportation development district of (transportation development district's name) impose a transportation development district-wide sales tax at the rate of (insert amount) for a period of (insert number) years from the date on which such tax is first imposed for the purpose of (insert transportation development purpose)?

YES NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the department of revenue receives notification of the tax.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, governing the state sales tax, sections 32.085 and 32.087 and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes received by the transportation development district shall be deposited by the director of revenue in a special fund to be expended for the purposes authorized in this section. The director of revenue shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

7. House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 145, Page 5, Section 67.319, Line 53, by inserting after all of said line the following:

"447.708. 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220 and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225 are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245 for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The

director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, related taxpayer has the same meaning as defined in subdivision (9) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100 which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, **environmental insurance premiums, backfill of areas where contaminated soil excavation occurs**, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the

remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148.

The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 [to 6] and 5 of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer

operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

- (1) The shareholders of the corporation described in section 143.471;
- (2) The partners of the partnership. The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period."; and

“67.1303. 1. The governing body of any home rule city with more than one hundred fifty-one thousand five hundred but less than one hundred fifty-one thousand six hundred inhabitants, any home rule city with more than forty-five thousand five hundred but less than forty-five thousand nine hundred inhabitants and the governing body of any city within any county of the first classification with more than one hundred four thousand six hundred but less than one hundred four thousand seven hundred inhabitants and the governing body of any county of the third classification without a township form of government and with more than forty thousand eight hundred but less than forty thousand nine hundred inhabitants or any city within such county may impose, by order or ordinance, a sales tax on all retail sales made in the city or county which are subject to sales tax under chapter 144. In addition, the governing body of any county of the first classification with more than eighty-five thousand nine hundred but less than eighty-six thousand inhabitants or the governing body of any home rule city with more than seventy-three thousand but less than seventy-five thousand inhabitants may impose, by order or ordinance, a sales tax on all retail sales made in the city or county which are subject to sales tax under chapter 144. The tax authorized in this section shall not be more than one-half of one

percent. The order or ordinance imposing the tax shall not become effective unless the governing body of the city or county submits to the voters of the city or county at a state general or primary election a proposal to authorize the governing body to impose a tax under this section. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall (insert the name of the city or county) impose a sales tax at a rate of (insert rate of percent) percent for economic development purposes?

YES NO

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter following the calendar quarter in which the election was held. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question, provided that no proposal shall be resubmitted to the voters sooner than twelve months from the date of the submission of the last proposal.

3. No revenue generated by the tax authorized in this section shall be used for any retail development project. At least twenty percent of the revenue generated by the tax authorized in this section shall be used solely for projects directly related to long-term economic development preparation, including, but not limited to, the following:

- (1) Acquisition of land;
- (2) Installation of infrastructure for industrial or business parks;
- (3) Improvement of water and wastewater treatment capacity;
- (4) Extension of streets;
- (5) Providing matching dollars for state or federal grants;
- (6) Marketing;
- (7) **Construction and operation of job training and educational facilities;**

(8) Providing grants and low-interest loans to companies for job training, equipment acquisition, site development, and infrastructure. Not more than twenty-five percent of the revenue generated may be used annually for administrative purposes, including staff and facility costs.

4. All revenue generated by the tax shall be deposited in a special trust fund and shall be used solely for the designated purposes. If the tax is repealed, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes. Any funds in the special trust fund which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other city or county funds.

5. Any city or county imposing the tax authorized in this section shall establish an economic development tax board. The board shall consist of eleven members, to be appointed as follows:

(1) Two members shall be appointed by the school boards whose districts are included within any economic development plan or area funded by the sales tax authorized in this section. Such members shall be appointed in any manner agreed upon by the affected districts;

(2) One member shall be appointed, in any manner agreed upon by the affected districts, to represent all other districts levying ad valorem taxes within the area selected for an economic development project or area funded by the sales tax authorized in this section, excluding representatives of the governing body of the city or county;

(3) One member shall be appointed by the largest public school district in the city or county;

(4) In each city or county, five members shall be appointed by the chief elected officer of the city or county with the consent of the majority of the governing body of the city or county;

(5) In each city, two members shall be appointed by the governing body of the county in which the city is located. In each county, two members shall be appointed by the governing body of the county. At the option of the members appointed by a city or county the members who are appointed by the school boards and other taxing districts may serve on the board for a term to coincide with the length of time an economic development project, plan, or designation of an economic development area is considered for approval by the board, or for the definite terms as provided in this subsection. If the members representing school districts and other taxing districts are appointed for a term coinciding with the length of time an economic development project, plan, or area is approved, such term shall terminate upon final approval of the project, plan, or designation of the area by the governing body of the city or county. If any school district or other taxing jurisdiction fails to appoint members of the board within thirty days of receipt of written notice of a proposed economic development plan, economic development project, or designation of an economic development area, the remaining members may proceed to exercise the power of the board. Of the members first appointed by the city or county, three shall be designated to serve for terms of two years, three shall be designated to

serve for a term of three years, and the remaining members shall be designated to serve for a term of four years from the date of such initial appointments. Thereafter, the members appointed by the city or county shall serve for a term of four years, except that all vacancies shall be filled for unexpired terms in the same manner as were the original appointments.

6. The board, subject to approval of the governing body of the city or county, shall develop economic development plans, economic development projects, or designations of an economic development area, and shall hold public hearings and provide notice of any such hearings. The board shall vote on all proposed economic development plans, economic development projects, or designations of an economic development area, and amendments thereto, within thirty days following completion of the hearing on any such plan, project, or designation, and shall make recommendations to the governing body within ninety days of the hearing concerning the adoption of or amendment to economic development plans, economic development projects, or designations of an economic development area.

7. The board shall report at least annually to the governing body of the city or county on the use of the funds provided under this section and on the progress of any plan, project, or designation adopted under this section.

8. The governing body of any city or county that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city or county. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the city or county) repeal the sales tax imposed at a rate of (insert rate of percent) percent for economic development purposes?

YES NO

If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters of the city or county, and the repeal is approved by a majority of the qualified voters voting on the question.

9. Whenever the governing body of any city or county that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the city or county voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.”; and

An act to repeal section 311.297, RSMo, and to enact in lieu thereof two new sections relating to liquor control.

With Senate Amendment No. 1 and Senate Amendment No. 2.

Senate Amendment No. 1

AMEND Senate Committee Substitute for House Bill No. 101, Page 2, Section 311.297, Line 36, by inserting after all of said line the following:

"311.482. 1. Notwithstanding any other provision of this chapter, a permit for the sale of **all kinds of intoxicating liquor** [as defined in section 311.020], **including intoxicating liquor in the original package, at retail by the drink** for consumption on **the premises** [where sold] **of the licensee** may be issued to any church, school, civic, service, fraternal, veteran, political, or charitable club or organization for the sale of such intoxicating liquor at a picnic, bazaar, fair, or similar gathering. The permit shall be issued only for the day or days named therein and it shall not authorize the sale of intoxicating liquor for more than seven days by any such club or organization.

2. To secure the permit, the applicant shall complete a form provided by the supervisor, but no applicant shall be required to furnish a personal photograph as part of the application. The applicant shall pay a fee of twenty-five dollars for such permit.

3. If the event will be held on a Sunday, the permit shall authorize the sale of intoxicating liquor on that day beginning at 11:00 a.m.

4. At the same time that an applicant applies for a permit under the provisions of this section, the applicant shall notify the director of revenue of the holding of the event and by such notification, by certified mail, shall accept responsibility for the collection and payment of any applicable sales tax. Any sales tax due shall be paid to the director of revenue within fifteen days after the close of the event, and failure to do so shall result in a liability of triple the amount of the tax due plus payment of the tax, and denial of any other permit for a period of three years. Under no circumstances shall a bond be required from the applicant.

5. No provision of law or rule or regulation of the supervisor shall be interpreted as preventing any wholesaler or distributor from providing customary storage, cooling or dispensing equipment for use by the permit holder at such picnic, bazaar, fair or similar gathering.

311.485. 1. The supervisor of liquor control may issue a temporary permit to caterers and other persons holding licenses to sell intoxicating liquor, **including intoxicating liquor in the original package**, by the drink at retail for consumption on the premises pursuant to the provisions of this chapter who furnish provisions and service for use at a particular function, occasion or event at a particular location other than the licensed premises, but not including a festival as defined in chapter 316. The temporary permit shall be effective for a period not to exceed one hundred sixty-eight consecutive hours, and shall authorize the service of alcoholic beverages at such function, occasion or event during the hours at which alcoholic beverages may lawfully be sold or served upon premises licensed to sell alcoholic beverages for on-premises consumption. For every permit issued pursuant to the provisions of this section, the permittee shall pay to the director of revenue the sum of ten dollars for each calendar day, or fraction thereof, for which the permit is issued.

2. Except as provided in subsection 3 of this section, all provisions of the liquor control law and the ordinances, rules and regulations of the incorporated city, or the unincorporated area of any county, in which is located the premises in which such function, occasion or event is held shall extend to such premises and shall be in force and enforceable during all the time that the permittee, its agents, servants, employees, or stock are in such premises. [Except for Missouri-produced wines in the original package, the provisions of this section shall not include the sale of packaged goods covered by this temporary permit.]

3. Notwithstanding any other law to the contrary, any caterer who possesses a valid state and valid local liquor license may deliver alcoholic beverages in the course of his or her catering business. A caterer who possesses a valid state and valid local liquor license need not obtain a separate license for each city the caterer delivers in, so long as such city permits any caterer to deliver alcoholic beverages within the city.

4. To assure and control product quality, wholesalers may, but shall not be required to, give a retailer credit for intoxicating liquor with an alcohol content of less than five percent by weight delivered and invoiced under the catering permit number, but not used, if the wholesaler removes the product within seventy-two hours of the expiration of the catering permit issued pursuant to this section.

311.486. 1. The supervisor of alcohol and tobacco control may issue a special license to caterers and other persons holding licenses to sell intoxicating liquor, **including intoxicating liquor in the original package**, by the drink at retail for consumption on the premises pursuant to the provisions of this chapter who furnish provisions and service for use at a particular function, occasion, or event at a particular location other than the licensed premises, but not including a festival as defined in chapter 316. The special license shall be effective for a maximum of fifty days during

any year, and shall authorize the service of alcoholic beverages at such function, occasion, or event during the hours at which alcoholic beverages may lawfully be sold or served upon premises licensed to sell alcoholic beverages for on-premises consumption. For every special license issued pursuant to the provisions of this subsection, the licensee shall pay to the director of revenue the sum of five hundred dollars a year payable at the same time and in the same manner as its other license fees.

2. The supervisor of alcohol and tobacco control may issue a special license to caterers and other persons holding licenses to sell intoxicating liquor by the drink at retail for consumption on the premises pursuant to the provisions of this chapter who furnish provisions and service for use at a particular function, occasion, or event at a particular location other than the licensed premises, but not including a festival as defined in chapter 316. The special license shall be effective for an unlimited number of functions during the year, and shall authorize the service of alcoholic beverages at such function, occasion, or event during the hours at which alcoholic beverages may lawfully be sold or served upon premises licensed to sell alcoholic beverages for on-premises consumption. For every special license issued pursuant to the provisions of this subsection, the licensee shall pay to the director of revenue the sum of one thousand dollars a year payable at the same time and in the same manner as its other license fees.

3. Caterers issued a special license pursuant to subsections 1 and 2 of this section shall report to the supervisor of alcohol and tobacco control the location of each function three business days in advance. The report of each function shall include permission from the property owner and city, description of the premises, and the date or dates the function will be held.

4. Except as provided in subsection 5 of this section, all provisions of the liquor control law and the ordinances, rules and regulations of the incorporated city, or the unincorporated area of any county, in which is located the premises in which such function, occasion, or event is held shall extend to such premises and shall be in force and enforceable during all the time that the licensee, its agents, servants, employees, or stock are in such premises. [Except for wines in the original package, the provisions of this section shall not include the sale of packaged goods covered by this special license.]

5. Notwithstanding any other law to the contrary, any caterer who possesses a valid state and valid local liquor license may deliver alcoholic beverages, in the course of his or her catering business. A caterer who possesses a valid state and valid local liquor license need not obtain a separate license for each city the caterer delivers in, so long as such city permits any caterer to deliver alcoholic beverages within the city.

6. To assure and control product quality, wholesalers may, but shall not be required to, give a retailer credit for intoxicating liquor with an alcohol content of less than five percent by weight delivered and invoiced under the catering license number, but not used, if the wholesaler removes the product within seventy-two hours of the expiration of the catering function."; and

Further amend the title and enacting clause accordingly.
