The House met pursuant to adjournment.

Speaker Tilley in the Chair.

_In all these things we are more than conquerors through Him who loves us._ (Romans 8:37)

Almighty and Everlasting God, Who is always more ready to hear than we are to pray, and gives more than we desire or deserve, we humbly beseech You to take our lives into Your loving hands and to hold us steady that we may feel Your power underneath us, Your love about us, Your truth above us, and Your spirit within us on this last day of session.

Help us to cast out every fear, strengthen us to walk in all good ways, set our affections upon things above, and give the joy that humble service bestows and the peace of heart that comes to those committed to You and to the coming of Your kingdom.

Bless all assembled here representing our people, especially those whose terms are concluding. Grant unto them the spirit of wisdom, goodness, and truth; and so rule their hearts and bless their endeavors, that law and order, justice, and peace may everywhere prevail to the honor of our state and glory of Your name.

And the House says, “Amen!”

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Corbin Schaffter, Madison Haldiman and Mikayla Haldiman.

The Journal of the seventy-fifth day was approved as printed.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed SS SCS HB 1051, entitled:

With Senate Amendment No. 2, Senate Amendment No. 3 and Senate Amendment No. 4.

Senate Amendment No. 2

AMEND Senate Substitute for Senate Committee Substitute for House Bill No. 1051, Page 1, Section A, Line 4, by inserting immediately after said line the following:

“23.140. 1. Legislation, with the exception of appropriation bills, introduced into either house of the general assembly shall, before being acted upon, be submitted to the oversight division of the committee on legislative research for the preparation of a fiscal note. The staff of the oversight division shall prepare a fiscal note, examining the items contained in subsection 2 and such additional items as may be provided either by joint rule of the house and senate or by resolution adopted by the committee or the oversight subcommittee.

2. The fiscal note shall state:
   (1) The cost of the proposed legislation to the state for the next two fiscal years;
   (2) Whether or not the proposed legislation will establish a program or agency that will duplicate an existing program or agency;
   (3) Whether or not there is a federal mandate for the program or agency;
   (4) Whether or not the proposed program or agency will have significant direct fiscal impact upon any political subdivision of the state;
   (5) Whether or not any new physical facilities will be required; and
   (6) Whether or not the proposed legislation will have an economic impact on small businesses. For the purpose of this subdivision "small business" means a corporation, partnership, sole proprietorship or other business entity, including its affiliates, that:
      (a) Is independently owned and operated; and
      (b) Employs fifty or fewer full-time employees.

3. The fiscal note for a bill shall accompany the bill throughout its course of passage. No member of the general assembly, lobbyist or persons other than oversight division staff members shall participate in the preparation of any fiscal note unless the communication is in writing, with a duplicate to be filed with the fiscal note or unless requested for information by the fiscal analyst preparing the note. Violations of this provision shall be reported to the chairman of the legislative research committee and subject the fiscal note and proposed bill to subcommittee review. Once a fiscal note has been signed and approved by the director of the oversight division, the note shall not be changed or revised without prior approval of the chairman of the legislative research committee, except to reflect changes made in the bill it accompanies, or to correct patent typographical, clerical or drafting errors that do not involve changes of substance, nor shall substitution be made therefor. Appeals to revise, change or to substitute a fiscal note shall be made in writing by a member of the general assembly to the chairman of the legislative research committee and a hearing before the committee or subcommittee shall be granted as soon as possible. Any member of the general assembly, upon presentation of new or additional material, may, within three legislative days after the hearing on the request to revise, change or substitute a fiscal note, request one rehearing before the full committee to further consider the requested change. The subcommittee, if satisfied that new or additional material has been presented, may recommend such rehearing to the full committee, and the rehearing shall be held as soon as possible thereafter.
4. The director of the division, hereinafter provided for, or the director's designees, shall seek information and advice from the affected department, division or agency of state government and shall call upon the research staffs of the house of representatives and of the senate, and upon the staffs of the house and senate appropriations committees for assistance in carrying out fiscal notes and [auditing functions and duties] evaluations of programs selected by the committee, during the interim, and each staff shall supply such information or advice as it [may possess] deems appropriate in response to the inquiry. The state auditor shall, upon request, cooperate and provide assistance in the conduct of audits and the preparation of reports made in connection therewith.

23.150. 1. The committee on legislative research shall organize an oversight division to prepare fiscal notes and to conduct [management audits and] program [audits] evaluations of state agencies, including program evaluations involving budget transparency and accountability. The committee may form a subcommittee of not less than six members to provide direct supervision of the personnel and practices of the division. The subcommittee shall consist of one-half of the members appointed by the [chairman] chair from the house which he or she represents and one-half of the members appointed by the vice [chairman] chair from the house which he or she represents.

2. Within the limits of the appropriations made for this division, the committee shall employ a director of the oversight division and other personnel as it deems necessary. The director shall be qualified by training and experience to conduct such [audits] evaluations, and he or she shall be directly responsible for those activities. The director of the oversight division, with the consent of the joint committee, may employ personnel necessary to carry out the duties prescribed in this chapter. Persons employed to work in the oversight division shall be professional persons possessing a wide knowledge and demonstrated expertise in governmental programming and financial planning, in conducting program review evaluations and analytic studies, and of federal, state, and local government budgetary processes, laws and regulations of the state of Missouri. [Office space, furniture and equipment formerly assigned to the committee on state fiscal affairs, and appropriations made therefor, shall be transferred to the committee on legislative research.]

23.160. 1. [As used in this chapter, the term "management audit" means a postaudit which determines, with regard to the purpose, functions, and duties of an audited agency:

(1) Whether the agency is managing and utilizing its resources in an economical and efficient manner; and
(2) Which identifies causes of inefficiencies or uneconomical practices including inadequacies in the use and management of information systems, internal and administrative procedures, organizational structure, use of resources, allocation of personnel, and purchasing policies.

2. As used in this chapter, the term "program [audit] evaluation" means a [postaudit] study which determines and evaluates program performance according to program objectives, responsibilities, and duties as set forth by statute or regulation. Program [audits] evaluations, in accordance with generally accepted program evaluation standards, shall determine:

(1) Whether the program is being performed and administered as authorized or required by law, and whether this action conforms with statutory intent;
(2) Whether the objectives and intended benefits are being achieved, and whether [efficiently and effectively] the absence of such achievements suggest the need for correction or additional legislation;
(3) Benefits derived from any program in relation to the expenditures made therefor; and
(4) Whether the program duplicates, overlaps, or conflicts with any other state program. [A program audit may include determinations within the scope of a management audit to the extent necessary or appropriate to the conduct of a particular program audit.

3.] 2. As used in this chapter, the term "resources" includes appropriated funds, federal funds, grants, and personnel, and also includes equipment and space, whether assigned, owned or leased.

4.] 3. As used in this chapter, the term "agency" includes each department and office within the executive branch of government and each identifiable unit thereof, including institutions of higher learning, and each identifiable unit of the legislative and judicial branches of government.

23.170. 1. The oversight division of the committee on legislative research shall, pursuant to a duly adopted concurrent resolution of the general assembly, or pursuant to a resolution adopted by the committee on legislative research, conduct [management audits and] program [audits] evaluations of agencies as directed by any such resolution.

2. The staff of any agency subject to a [management or] program [audit] evaluation shall fully cooperate with the staff of the oversight division and shall provide all necessary information and assistance for such an [audit] evaluation. All records of an agency, unless otherwise expressly declared by law to be confidential, may be inspected by the oversight division staff while conducting the [audit] evaluation, and the agency subject to the [audit] evaluation shall afford the oversight division staff with ample opportunity to observe agency operations.
3. All [audits] evaluations shall be completed within one year unless an extension is authorized by the committee, but progress reports shall be made to the committee at least [monthly] quarterly. [The subcommittee supervising the oversight division shall meet monthly to review progress reports, hear requests for changes in fiscal notes, and provide supervision for the oversight division staff.]

4. Any member of the general assembly and any committee of either house of the general assembly may submit requests for [audits] program evaluations to the committee on legislative research, and any agency may request an [audit] evaluation of its operations. The director of the division shall present program evaluations completed during the previous legislative interim period to appropriate committees of each chamber during early hearings of those committees at the next regular session.

23.180. The committee may:

(1) Subpoena and examine witnesses by subpoena issued under the hand of the speaker of the house or the president pro tem of the senate and may require the appearance of any person and the production of any paper or document in the same manner;

(2) Cause witnesses appearing before the committee or [the] its staff [of the division] to give testimony under oath;

(3) Require that testimony given or a record of the proceedings of any hearing be recorded by an official court reporter or other competent person, under oath, in writing or by electronic, magnetic, or mechanical sound or video recording devices. Any such transcript or record, when certified by the reporter or recorder, shall be prima facie a correct statement of the testimony or proceedings.

23.190. 1. In making [audits] program evaluations the division shall make recommendations and suggestions, in writing, to the personnel of the agency being [audited] evaluated. Such personnel shall be given an opportunity to respond, in writing, to those recommendations and suggestions. Thereafter, as soon as practicable after completion of the [audit] evaluation, the committee shall issue a public report of the [audit] evaluation. The report shall contain recommendations for changes in practices and policies as well as recommendations for changes in statutes and regulations, and shall contain the response of the agency involved. Each report shall be a public record and shall be signed by the committee [chairman] chair. Each report shall be presented to the governor and the agency involved. Copies may be made available to members of the general assembly and to the general public. The committee may charge a fee to recover publication costs for copies made available to the general public.

2. One year after completion of each [audit] evaluation, the oversight division shall review the operations of the agency [audited] evaluated to determine whether or not there has been substantial compliance with the recommendations contained in the report, and if not, a further review shall be conducted at the end of another year. In each instance a further report shall be made and distributed in the same manner as an initial report is made and distributed.

23.265. 1. At the beginning of each regular session of the general assembly, the committee shall present to the general assembly and the governor a report on the programs scheduled to be sunset.

2. In the report, the committee shall include:

(1) Its specific findings regarding each of the criteria prescribed by section 23.268;

(2) Its recommendations based on the matters prescribed by section 23.271; and

(3) Any other information the committee deems necessary for a complete evaluation of the program.

3. The director of the oversight division shall present such reports to the house budget committee and the senate appropriations committee at such time as requested by the chairs of such committees."

Further amend said bill, Page 2, Section 513.653, Line 22, by inserting immediately after said line the following:

"[23.200. The staff of the committee on legislative research shall prepare a transfer-revision bill to be submitted to the ninetieth general assembly to revise the statutes so as to reflect the changes made by or pursuant to this act; except that, the committee on legislative research shall use fully the provisions of section 3.060 where such provisions will suffice. At such time as all statutory revision changes required pursuant to this act have gone into effect the revisor of statutes may prepare legislation to repeal this section.]"; and

Further amend the title and enacting clause accordingly.

"However, in the event an employment relationship exists between the provider and any worker as determined under this chapter, the services performed by such worker shall be deemed to be employment if the provider is an organization described in Section 501(c)(3) of the Internal Revenue Code, any governmental entity, or a federally recognized Indian tribe."

Senate Amendment No. 2

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1854, Page 32, Section 304.028, Line 19 of said page, by inserting after all of said line the following:

"660.315. 1. After an investigation and a determination has been made to place a person's name on the employee disqualification list, that person shall be notified in writing mailed to his or her last known address that:
(1) An allegation has been made against the person, the substance of the allegation and that an investigation has been conducted which tends to substantiate the allegation;

(2) The person's name will be included in the employee disqualification list of the department;

(3) The consequences of being so listed including the length of time to be listed; and

(4) The person's rights and the procedure to challenge the allegation.

2. If no reply has been received within thirty days of mailing the notice, the department may include the name of such person on its list. The length of time the person's name shall appear on the employee disqualification list shall be determined by the director or the director's designee, based upon the criteria contained in subsection 9 of this section.

3. If the person so notified wishes to challenge the allegation, such person may file an application for a hearing with the department. The department shall grant the application within thirty days after receipt by the department and set the matter for hearing, or the department shall notify the applicant that, after review, the allegation has been held to be unfounded and the applicant's name will not be listed.

4. If a person's name is included on the employee disqualification list without the department providing notice as required under subsection 1 of this section, such person may file a request with the department for removal of the name or for a hearing. Within thirty days after receipt of the request, the department shall either remove the name from the list or grant a hearing and set a date therefor.

5. Any hearing shall be conducted in the county of the person's residence by the director of the department or the director's designee. The provisions of chapter 536 for a contested case except those provisions or amendments which are in conflict with this section shall apply to and govern the proceedings contained in this section and the rights and duties of the parties involved. The person appealing such an action shall be entitled to present evidence, pursuant to the provisions of chapter 536, relevant to the allegations.

6. Upon the record made at the hearing, the director of the department or the director's designee shall determine all questions presented and shall determine whether the person shall be listed on the employee disqualification list. The director of the department or the director's designee shall clearly state the reasons for his or her decision and shall include a statement of findings of fact and conclusions of law pertinent to the questions in issue.

7. A person aggrieved by the decision following the hearing shall be informed of his or her right to seek judicial review as provided under chapter 536. If the person fails to appeal the director's findings, those findings shall constitute a final determination that the person shall be placed on the employee disqualification list.

8. A decision by the director shall be inadmissible in any civil action brought against a facility or the in-home services provider agency and arising out of the facts and circumstances which brought about the employment disqualification proceeding, unless the civil action is brought against the facility or the in-home services provider agency by the department of health and senior services or one of its divisions.

9. The length of time the person's name shall appear on the employee disqualification list shall be determined by the director of the department of health and senior services or the director's designee, based upon the following:

   (1) Whether the person acted recklessly or knowingly, as defined in chapter 562;

   (2) The degree of the physical, sexual, or emotional injury or harm; or the degree of the imminent danger to the health, safety or welfare of a resident or in-home services client;

   (3) The degree of misappropriation of the property or funds, or falsification of any documents for service delivery of an in-home services client;

   (4) Whether the person has previously been listed on the employee disqualification list;

   (5) Any mitigating circumstances;

   (6) Any aggravating circumstances; and

   (7) Whether alternative sanctions resulting in conditions of continued employment are appropriate in lieu of placing a person's name on the employee disqualification list. Such conditions of employment may include, but are not limited to, additional training and employee counseling. Conditional employment shall terminate upon the expiration of the designated length of time and the person's submitting documentation which fulfills the department of health and senior services' requirements.

10. The removal of any person's name from the list under this section shall not prevent the director from keeping records of all acts finally determined to have occurred under this section.

11. The department shall provide the list maintained pursuant to this section to other state departments upon request and to any person, corporation, organization, or association who:

   (1) Is licensed as an operator under chapter 198;

   (2) Provides in-home services under contract with the department;

   (3) Employs nurses and nursing assistants for temporary or intermittent placement in health care facilities;

   (4) Is approved by the department to issue certificates for nursing assistants training;

   (5) Is an entity licensed under chapter 197; or
(6) Is a recognized school of nursing, medicine, or other health profession for the purpose of determining whether students scheduled to participate in clinical rotations with entities described in subdivision (1), (2), or (5) of this subsection are included in the employee disqualification list. The department shall inform any person listed above who inquires of the department whether or not a particular name is on the list. The department may require that the request be made in writing.

12. No person, corporation, organization, or association who received the employee disqualification list under subdivisions (1) to (5) of subsection 11 of this section shall knowingly employ any person who is on the employee disqualification list. Any person, corporation, organization, or association who received the employee disqualification list under subdivisions (1) to (5) of subsection 11 of this section, or any person responsible for providing health care service, who declines to employ or terminates a person whose name is listed in this section shall be immune from suit by that person or anyone else acting for or in behalf of that person for the failure to employ or for the termination of the person whose name is listed on the employee disqualification list.

13. (1) Any employer [who is] required to [discharge an employee because the employee was placed on a disqualification list maintained by the department of health and senior services after the date of hire] deny employment to an applicant or discharge an employee, provisional or otherwise, as a result of information obtained through any portion of the background screening and employment eligibility determination process under section 210.903, or subsequent, periodic screenings, shall not be liable in any action brought by the applicant or employee relating to discharge where the employer is required by law to terminate the employee, provisional or otherwise, and shall not be charged for unemployment insurance benefits based on wages paid to the employee for work prior to the date of discharge, pursuant to section 288.100.

(2) Notwithstanding subsections 3 and 5 of section 288.090, an employer shall not be charged for unemployment insurance benefits based on wages paid to the employee or an employer making payments in lieu of contributions for work prior to the date of discharge, pursuant to section 288.100, if the employer terminated the employee because the employee:

(a) Has been found guilty of, pled guilty or nolo contendere in this state or any other state of a crime as listed in subsection 6 of section 660.317;

(b) Was placed on the employee disqualification list under this section, after the date of hire;

(c) Was placed on the employee disqualification registry maintained by the department of mental health, after the date of hire;

(d) Has a disqualifying finding under this section, section 660.317, or is on any of the background check lists in the family care safety registry under sections 210.900 to 210.936; or

(e) Was denied a good cause waiver as provided for in subsection 10 of section 660.317.

The benefits paid to the employee shall not be attributable to service in the employ of the employer required to discharge an employee under the provisions of this subdivision and shall be deemed as such under the unemployment compensation laws of this state.

14. Any person who has been listed on the employee disqualification list may request that the director remove his or her name from the employee disqualification list. The request shall be written and may not be made more than once every twelve months. The request will be granted by the director upon a clear showing, by written submission only, that the person will not commit additional acts of abuse, neglect, misappropriation of the property or funds, or the falsification of any documents of service delivery to an in-home services client. The director may make conditional the removal of a person's name from the list on any terms that the director deems appropriate, and failure to comply with such terms may result in the person's name being relisted. The director's determination of whether to remove the person's name from the list is not subject to appeal."; and

Further amend the title and enacting clause accordingly.

Emergency clause adopted.

In which the concurrence of the House is respectfully requested.

HCS SB 557, relating to weapons, was taken up by Representative Franz.

Representative Pollock offered House Amendment No. 1.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 557, Page 1, In the Title, Lines 3 and 4, by deleting all of said lines and inserting in lieu thereof the words, "relating to motor vehicles"; and

Further amend said bill, Page 7, Section 301.193, Line 68, by inserting after all of said line the following:

"301.4040. 1. Notwithstanding any other provision of law to the contrary, any person after an annual payment of an emblem-use fee to the American Red Cross Trust Fund, may receive specialty personalized license plates for any vehicle the member owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of eighteen thousand pounds gross weight. The Missouri Chapter of the American Red Cross hereby authorizes the use of its official emblem to be affixed on specialty license plates within the plate area prescribed by the director of revenue and as provided in this section. Any contribution to the American Red Cross derived from this section, except reasonable administrative costs, shall be used solely for the purposes of the American Red Cross. Any person may annually apply for the use of the emblem.

2. Upon annual application and payment of a twenty-five dollar emblem-use contribution to the American Red Cross Trust Fund, the Missouri Chapter of the American Red Cross shall issue to the vehicle owner, without further charge, an emblem-use authorization statement, which shall be presented by the vehicle owner to the director of revenue at the time of registration. Upon presentation of the annual emblem-use authorization statement and payment of a twenty-five dollar fee in addition to the regular registration fees, and presentation of any documents which may be required by law, the director of revenue shall issue to the vehicle owner a specialty personalized license plate which shall bear the emblem of the Missouri Chapter of the American Red Cross, and the words "PROUD SUPPORTER" at the bottom of the plate, in a manner prescribed by the director of revenue. Such license plates shall be made with fully reflective material with a common color scheme and design of the standard license plate, shall be clearly visible at night, shall have a reflective white background in the area of the plate configuration, and shall be aesthetically attractive, as prescribed by section 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates issued under this section.

3. A vehicle owner who was previously issued a plate with the Missouri Chapter of the American Red Cross' emblem authorized by this section, but who does not provide an emblem-use authorization statement at a subsequent time of registration, shall be issued a new plate which does not bear the Missouri Chapter of the American Red Cross' emblem, as otherwise provided by law. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms required by this section.

4. Prior to the issuance of a Missouri Chapter of the American Red Cross specialty personalized plate authorized under this section, the department of revenue must be in receipt of an application, as prescribed by the director, which shall be accompanied by a list of at least two hundred potential applicants who plan to purchase the specialty personalized plate, the proposed art design for the specialty license plate, and an application fee, not to exceed five thousand dollars, to defray the department's cost for issuing, developing, and programming the implementation of the specialty plate. Once the plate design is approved, the director of revenue shall not authorize the manufacture of the material to produce such specialized license plates with the individual seal, logo, or emblem until such time as the director has received two hundred applications, the fifteen dollar specialty plate fee per application, and emblem-use statements, if applicable, and other required documents or fees for such plates.

5. The specialty personalized plate shall not be redesigned unless the organization pays the director in advance for all redesigned plate fees for the plate established in this section. If a member chooses to replace the specialty personalized plate for the new design the member must pay the replacement fees prescribed in section 301.300 for the replacement of the existing specialty personalized plate. All other applicable license plate fees in accordance with this chapter shall be required.

Section 1. 1. The department of transportation shall designate 1078 South Jefferson Street in Lebanon recognizing the “Independent Stave Company” as a centennial business.
2. Costs associated with the erection and maintenance of such recognition shall be paid by private donations.

MESSAGE FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed HCS HB 1900, entitled:

With Senate Amendment No. 1, Senate Amendment No. 2, Senate Amendment No. 3, Senate Amendment No. 4 and Senate Amendment No. 5.

Senate Amendment No. 1

AMEND House Committee Substitute for House Bill No. 1900, Pages 33-34, Section 210.1014, by striking all of said section from the bill; and

Further amend said bill, Pages 39-40, Section 301.4040, by striking all of said section from the bill; and

Further amend said bill, Page 43, Section 311.730, by striking all of said section from the bill; and

Further amend said bill, Pages 43-44, Section 311.735, by striking all of said section from the bill; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 2

AMEND House Committee Substitute for House Bill No. 1900, Page 20, Section 37.110, Line 5, by inserting immediately after said line the following:

"71.012. 1. Notwithstanding the provisions of sections 71.015 and 71.860 to 71.920, the governing body of any city, town or village may annex unincorporated areas which are contiguous and compact to the existing corporate limits of the city, town or village pursuant to this section. The term "contiguous and compact" does not include a
situation whereby the unincorporated area proposed to be annexed is contiguous to the annexing city, town or village only by a railroad line, trail, pipeline or other strip of real property less than one-quarter mile in width within the city, town or village so that the boundaries of the city, town or village after annexation would leave unincorporated areas between the annexed area and the prior boundaries of the city, town or village connected only by such railroad line, trail, pipeline or other such strip of real property. The term "contiguous and compact" does not prohibit voluntary annexations pursuant to this section merely because such voluntary annexation would create an island of unincorporated area within the city, town or village, so long as the owners of the unincorporated island were also given the opportunity to voluntarily annex into the city, town or village. Notwithstanding the provisions of this section, the governing body of any city, town or village in any county of the third classification which borders a county of the fourth classification, a county of the second classification and the Mississippi River may annex areas along a road or highway up to two miles from existing boundaries of the city, town or village or the governing body in any city, town or village in any county of the third classification without a township form of government with a population of at least twenty-four thousand inhabitants but not more than thirty thousand inhabitants and such county contains a state correctional center may voluntarily annex such correctional center pursuant to the provisions of this section if the correctional center is along a road or highway within two miles from the existing boundaries of the city, town or village.

2. (1) When a [verified] notarized petition, requesting annexation and signed by the owners of all fee interests of record in all tracts of real property located within the area proposed to be annexed, or a request for annexation signed under the authority of the governing body of any common interest community and approved by a majority vote of unit owners located within the area proposed to be annexed is presented to the governing body of the city, town or village, the governing body shall hold a public hearing concerning the matter not less than fourteen nor more than sixty days after the petition is received, and the hearing shall be held not less than seven days after notice of the hearing is published in a newspaper of general circulation qualified to publish legal matters and located within the boundary of the petitioned city, town or village. If no such newspaper exists within the boundary of such city, town or village, then the notice shall be published in the qualified newspaper nearest the petitioned city, town or village. For the purposes of this subdivision, the term "common-interest community" shall mean a condominium as said term is used in chapter 448, or a common-interest community, a cooperative, or a planned community.

(a) A "common-interest community" shall be defined as real property with respect to which a person, by virtue of such person's ownership of a unit, is obliged to pay for real property taxes, insurance premiums, maintenance or improvement of other real property described in a declaration. "Ownership of a unit" does not include a leasehold interest of less than twenty years in a unit, including renewal options;

(b) A "cooperative" shall be defined as a common-interest community in which the real property is owned by an association, each of whose members is entitled by virtue of such member's ownership interest in the association to exclusive possession of a unit;

(c) A "planned community" shall be defined as a common-interest community that is not a condominium or a cooperative. A condominium or cooperative may be part of a planned community.

(2) At the public hearing any interested person, corporation or political subdivision may present evidence regarding the proposed annexation.

If, after holding the hearing, the governing body of the city, town or village determines that the annexation is reasonable and necessary to the proper development of the city, town or village, and the city, town or village has the ability to furnish normal municipal services to the area to be annexed within a reasonable time, it may, subject to the provisions of subdivision (3) of this subsection, annex the territory by ordinance without further action.

(3) If a written objection to the proposed annexation is filed with the governing body of the city, town or village not later than fourteen days after the public hearing by at least five percent of the qualified voters of the city, town or village, or two qualified voters of the area sought to be annexed if the same contains two qualified voters, the provisions of sections 71.015 and 71.860 to 71.920, shall be followed.

3. If no objection is filed, the city, town or village shall extend its limits by ordinance to include such territory, specifying with accuracy the new boundary lines to which the city's, town's or village's limits are extended. Upon duly enacting such annexation ordinance, the city, town or village shall cause three certified copies of the same to be filed with the county assessor and the clerk of the county wherein the city, town or village is located, and one certified copy to be filed with the election authority, if different from the clerk of the county which has jurisdiction over the area being annexed, whereupon the annexation shall be complete and final and thereafter all courts of this state shall take judicial notice of the limits of that city, town or village as so extended.

4. Any action of any kind seeking to deannex from any city, town, or village any area annexed under this section or seeking, in any way, to reverse, invalidate, set aside, or otherwise challenge such annexation oroust
such city, town, or village from jurisdiction over such annexed area shall be brought within three years of the date of adoption of the annexation ordinance.

71.014. 1. Notwithstanding the provisions of section 71.015, the governing body of any city, town, or village which is located within a county which borders a county of the first classification with a charter form of government with a population in excess of six hundred fifty thousand, proceeding as otherwise authorized by law or charter, may annex unincorporated areas which are contiguous and compact to the existing corporate limits upon [verified] notarized petition requesting such annexation signed by the owners of all fee interests of record in all tracts located within the area to be annexed.

2. Any action of any kind seeking to deannex from any city, town, or village any area annexed under this section or seeking, in any way, to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within three years of the date of adoption of the annexation ordinance.

71.015. 1. Should any city, town, or village, not located in any county of the first classification which has adopted a constitutional charter for its own local government, seek to annex an area to which objection is made, the following shall be satisfied:

1. Before the governing body of any city, town, or village has adopted a resolution to annex any unincorporated area of land, such city, town, or village shall first as a condition precedent determine that the land to be annexed is contiguous to the existing city, town, or village limits and that the length of the contiguous boundary common to the existing city, town, or village limit and the proposed area to be annexed is at least fifteen percent of the length of the perimeter of the area proposed for annexation.

2. The governing body of any city, town, or village shall propose an ordinance setting forth the following:
   a. The area to be annexed and affirmatively stating that the boundaries comply with the condition precedent referred to in subdivision (1) above;
   b. That such annexation is reasonable and necessary to the proper development of the city, town, or village;
   c. That the city has developed a plan of intent to provide services to the area proposed for annexation;
   d. That a public hearing shall be held prior to the adoption of the ordinance;
   e. When the annexation is proposed to be effective, the effective date being up to thirty-six months from the date of any election held in conjunction thereto.

3. The city, town, or village shall fix a date for a public hearing on the ordinance and make a good faith effort to notify all fee owners of record within the area proposed to be annexed by certified mail, not less than thirty nor more than sixty days before the hearing, and notify all residents of the area by publication of notice in a newspaper of general circulation qualified to publish legal matters in the county or counties where the proposed area is located, at least once a week for three consecutive weeks prior to the hearing, with at least one such notice being not more than twenty days and not less than ten days before the hearing.

4. At the hearing referred to in subdivision (3), the city, town, or village shall present the plan of intent and evidence in support thereof to include:
   a. A list of major services presently provided by the city, town, or village including, but not limited to, police and fire protection, water and sewer systems, street maintenance, parks and recreation, and refuse collection,
   b. A proposed time schedule whereby the city, town, or village plans to provide such services to the residents of the proposed area to be annexed within three years from the date the annexation is to become effective;
   c. The level at which the city, town, or village assesses property and the rate at which it taxes that property;
   d. How the city, town, or village proposes to zone the area to be annexed;
   e. When the proposed annexation shall become effective.

5. Following the hearing, and either before or after the election held in subdivision (6) of this subsection, should the governing body of the city, town, or village vote favorably by ordinance to annex the area, the governing body of the city, town or village shall file an action in the circuit court of the county in which such unincorporated area is situated, under the provisions of chapter 527, praying for a declaratory judgment authorizing such annexation. The petition in such action shall state facts showing:
   a. The area to be annexed and its conformity with the condition precedent referred to in subdivision (1) of this subsection;
   b. That such annexation is reasonable and necessary to the proper development of the city, town, or village;
   and
   c. The ability of the city, town, or village to furnish normal municipal services of the city, town, or village to the unincorporated area within a reasonable time not to exceed three years after the annexation is to become effective.
Such action shall be a class action against the inhabitants of such unincorporated area under the provisions of section 507.070.

(6) Except as provided in subsection 3 of this section, if the court authorizes the city, town, or village to make an annexation, the legislative body of such city, town, or village shall not have the power to extend the limits of the city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in the city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed. However, should less than a majority of the total votes cast in the area proposed to be annexed vote in favor of the proposal, but at least a majority of the total votes cast in the city, town, or village vote in favor of the proposal, then the proposal shall again be voted upon in not more than one hundred twenty days by both the registered voters of the city, town, or village and the registered voters of the area proposed to be annexed. If at least two-thirds of the qualified electors voting thereon are in favor of the annexation, then the city, town, or village may proceed to annex the territory. If the proposal fails to receive the necessary majority, no part of the area sought to be annexed may be the subject of another proposal to annex for a period of two years from the date of the election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012. The elections shall be held, as herein otherwise provided, in accordance with the general state law governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory.

(7) Failure to comply in providing services to the said area or to zone in compliance with the plan of intent within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident of the area who was residing in the area at the time the annexation became effective.

(8) No city, town, or village which has filed an action under this section as this section read prior to May 13, 1980, which action is part of an annexation proceeding pending on May 13, 1980, shall be required to comply with subdivision (5) of this subsection in regard to such annexation proceeding.

(9) If the area proposed for annexation includes a public road or highway but does not include all of the land adjoining such road or highway, then such fee owners of record, of the lands adjoining said highway shall be permitted to intervene in the declaratory judgment action described in subdivision (5) of this subsection.

2. Notwithstanding any provision of subsection 1 of this section, for any annexation by any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county that becomes effective after August 28, 1994, if such city has not provided water and sewer service to such annexed area within three years of the effective date of the annexation, a cause of action shall lie for deannexation, unless the failure to provide such water and sewer service to the annexed area is made unreasonable by an act of God. The cause of action for deannexation may be filed in the circuit court by any resident of the annexed area who is presently residing in the area at the time of the filing of the suit and was a resident of the annexed area at the time the annexation became effective. If the suit for deannexation is successful, the city shall be liable for all court costs and attorney fees.

3. Notwithstanding the provisions of subdivision (6) of subsection 1 of this section, all cities, towns, and villages located in any county of the first classification with a charter form of government with a population of two hundred thousand or more inhabitants which adjoins a county with a population of nine hundred thousand or more inhabitants shall comply with the provisions of this subsection. Except for a cause of action for deannexation under this subdivision (2) of this subsection, any action of any kind seeking to deannex from any city, town, or village any area annexed under this section or seeking, in any way, to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within three years of the date of adoption of the annexation ordinance."; and

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains
in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

4. Beginning January 1, 1998, for redevelopment plans and projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of
economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;
(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars;
(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee
begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

Further amend the title and enacting clause accordingly.

Emergency clause adopted.

In which the concurrence of the House is respectfully requested.

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed HB 1172.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed HCS HB 1661.

The Benediction was given by Msgr. Kurwicki.

The fear of the Lord is the beginning of wisdom: a good understanding have all they that do His commandments. (Psalm: 111:10)

O God, Creator and Sustainer, without Whose benediction all our labor is in vain. The end of this legislative session has arrived. We now ask Your blessing on all that has been accomplished through Your graces and the work of our minds and hearts. Bless all here who have given their best in this House Chamber this year. May those members whose terms of office are concluding know they will never be forgotten. May those former members who died this past year rest in peace. May all staff, clerks, aides and doormen now be granted a period of rest and renewal. Ever Ancient God, all our hope is in You. Be our refuge now and bless the work of our hands!

And the House says, “Amen!”
ADJOURNMENT

On motion of Representative Jones (89), the House adjourned until 10:00 a.m., Wednesday, May 30, 2012.
